

Speed and space management

Stopping factors

- Perception distance
- Reaction distance
- Brake lag distance
- Braking distance

Speed and road conditions

- Traction is necessary for vehicle control
- Certain road conditions reduce traction and lower speeds are necessary

Speed and road conditions

- Ice, snow, rain
- Shady roads
- Bridges
- Traffic flow
- Curves

Space management

- Ahead
- Behind
- Sides
- Above
- Below

Turning space

- Right turns
- Left turns
