

Required Operational Permits

Aerosol products: To manufacture, store or handle

Amusement buildings: To operate

Aviation facilities: Service and repair, or aircraft fueling vehicles.

Carnivals and fairs: To conduct a carnival or fair

Cellulose nitrate film: To store, handle or use in an "A" Occ.

Combustible dust-producing operations: To operate

Combustible fibers: To store or handle >100 cu. ft.

Compressed gases: To store, use or handle. See Table 105.6.8

Covered and open mall buildings: Kiosks, displays or open flame in the mall

Cryogenic fluids: To produce, store or transport on site

Cutting and welding: To conduct cutting or welding

Dry cleaning plants: To engage in the business of

Exhibits and trade shows: To operate

Explosives: To manufacture, storage, handle, sale or use of any quantity

Fire hydrants and valves: To use or operate

Flammable and combustible liquids: To store, handle or use Class I liquids >5 gallons inside a building or >10 gallons outside a building. See conditions

Floor finishing: To finish or surface >350 sq. ft. with Class I or Class II liquids

Fruit and crop ripening: To conduct with ethylene gas

Fumigation and insecticidal fogging: To operate a business of fumigation

Hazardous materials: To store, transport on site, dispense, use or handle or handle hazardous materials in excess of the amounts listed in Table 105.6.20.

HPM materials: To store, handle or use

High-piled storage: To conduct >500 sq. ft.

Hot work operations: Welding, cutting or roofing; or hot work in a wildfire risk area

Industrial ovens: To operate

Lumber yards and woodworking plants: To store >100,000 bd. ft.

Liquid or gas-fueled vehicles: To display or operate in a Group A occupancy

LP-Gas: Storage and use, or operation of cargo tankers that transport

Magnesium: To melt, cast, heat treat or grind >10 lbs.

Misc. combustible storage: To store >2,500 cu. ft.

Mobile food preparation vehicles: Vehicles equipped with appliances that produce smoke or grease-laden vapors.

Motor fuel-dispensing facilities: To operate automotive, marine or fleet motor fuel-dispensing facilities

Open burning: To kindle or maintain an open fire. Exception: Recreational fires

Open flames and torches: Use of torch to remove paint or to use open flame device in a wildfire risk area

Open flames and candles: Use of in connection with assembly areas, dining areas of restaurants or drinking establishments

Organic coating: To produce >1 gallon per day

Outdoor assembly event: Outdoor assembly event where planned attendance > 1,000 persons.

Places of assembly: To operate a place of assembly

Plant extraction systems: To use plant extraction systems.

Private fire hydrants: To use or remove from service

Pyrotechnic special effects material: To use or handle

Pyroxylin plastics: To store or handle > 25 lbs.

Refrigeration equipment: To operate

Repair garages and motor fuel-dispensing facilities: To operate

Rooftop heliports: To operate

Spraying or dipping: To conduct utilizing flammable or combustible liquids or combustible powders

Storage of scrap tires and tire byproducts: >2,500 cu. ft.

Temporary membrane structures and tents: To operate a temporary air-supported membrane structure, temporary stage canopy or tent having an area >400 sq. ft., see exceptions

Tire-rebuilding plants: To operate

Waste handling: To operate a wrecking yard, junkyard, and waste material handling facility

Wood products: To store wood chips, lumber or plywood >200 cu. ft.
