

TRAINING SEMINARS 2021

Introduction to the latest version of Jonas Software

The latest version of Jonas Software has been released for all clubs. Like all previous versions, this one is full of great enhancements and upgrades to make your club even more efficient. Our full day seminars will review the most important features and teach you how to take advantage of the changes. We will also be presenting a session on Membership Reporting and provide in-depth instructions for cleaning up your Food & Beverage Point of Sale.

Session 1: Accounting, Membership & Membership Reporting

This session will focus on all of the important changes covering system administration, accounting, and membership. This year's afternoon session will review membership reporting related to demographics, spending, and club utilization. Some of the highlights of this session include:

- Accounting upgrades
- Recurring journal entry updates
- New accounts payable features
- New contact tracing reports
- Afternoon Session: Membership Reporting (Beyond the Basics)
- New text messaging options
- New credit card integration options
- Updated demographic reporting
- New system security features

Session 2: F&B Point of Sale Training Seminar

This session will prepare your Food & Beverage staff to take advantage of the new features in Jonas. The second half of the session will focus on cleaning up your system to remove duplicate sales items and menu pages to keep everything running smoothly.

- Major upgrades to chit splitting
- New methods of working with seat numbers
- New features for faster processing
- New options for running POS on a tablet
- Updated product mix reports
- Afternoon Session: Steps to clean up your POS system
- Major updates to kitchen printing options
- New online ordering features
- New features related to preparation options
- Updates to POS menu design
- Updates to terminal settings

2021 Fall Sessions are on-line!

Join us for a full day of training!

Join from your home or office. We will review the exact same material that we would have covered in person!

(Internet Connection Required)

We'll send you the material to print and the Go-to-Meeting invite before the training date.

Time:

9:00 - 3:00

Price:

\$300 per person per day
(sorry, no 1/2 day rates)

These courses have been pre-approved as educational credits toward the renewal requirements of the Certified Hospitality Accountant Executive (CHAE®), and/or the Certified Hospitality Technology Professional (CHTP®). Both the CHAE and CHTP are professional certification programs offered by Hospitality Financial and Technology Professionals (HFTP®).
