

Animal Emergency Center of the Quad Cities

Other Financial Options

Lily Fund

The Lily Fund was established in 2001 by the staff of Animal Emergency Center of Quad Cities in honor of Lily and exists solely for the purpose of providing needed medical attention and triage to indigenous pets. This fund allows special individuals who grace our doors everyday to show compassion through monetary donations

Shepherd Hope Foundation Fund

The Foundation was established by Norma Jewell in 2003 in honor of Bear. With his amazing, loyal and giving spirit, I felt Bear deserved special recognition for his years of dedication and service. For all the lives Bear played a part in saving, this Foundation will continue the tradition and assist with helping save more.

If you would like more information about these Funds or to determine if your pet would qualify for financial assistance please ask our staff when you visit Animal Emergency Center of Quad Cities
