Dear Katie, Shelby and Friends,

Heartfelt thanks for the incredibly generous donation from your recent event. I am always completely blown away with the outpouring of love and support your event generates each year. We appreciate all your efforts to make this great annual event possible for the benefit of the transplant community.

So many of our favorite transplant families are from your area that it makes your community a special place in our collective hearts. In fact, this week we hosted a Wausau family as they ran through 3 days of very rigorous testing in the hopes of being added to the heart transplant waiting list at the University of Wisconsin Hospital. In an emotional draining and physically exhausting week they found a home that helped to support them through this crucial stage of their transplant journey. What a difference being surrounded by a caring environment full of people going through very similar challenges can make for all families that pass through our doors.

We first opened our doors to transplant families in 2013 and have now hosted transplant families from 39 different states and 8 other countries including one recent family from Germany. They have become like family to us!

We are truly blessed to live in Wisconsin when it comes to transplantation where we are surrounded by some of the best care providers in the world. In support of those efforts there are also many incredible charities worthy of our collective support. To be chosen as one of your causes means more to us than you could possibly imagine!

Forever grateful!

Cindy
