

# McLaughlin Lofts

## De Rauw Sablon-Marcel Aelbrecht Pigeons

McLaughlin Lofts has continued to stay ahead of the sport by owning the finest De Rauw Sablon / Marcel Aelbrecht pigeons in the United States and very possibly the world. Our pigeons are heavily inbred to the foundation pigeons of the family, 'The Marseille', 'Fine Blue', 'Dromer', 'Freddy', 'Blue Ace', 'Patron', 'Goede Blauwen', 'Lucky 77', 'Perpignan', 'Bak 17', 'Limoges', 'Crack', 'Super Breeder 548/91' and most of all the Dream Couple 'Albert and Paola'.

Albert and Paola may be the greatest breeding couple our sport has ever known. The 1st National Ace Pigeons and endless National winners down from this Dream Couple will never be duplicated. Most of our breeders show the 'Dream Couple' in the pedigree from four to nine times. Very strong, super feathered, medium sized, character loaded, predominantly blue stock. McLaughlin Lofts has followed the Dream Couple since 2001.

Best friends, Aelbrecht and Sablon have traded pigeons to create the most famous and successful family of pigeons in the sport. These pristine genes originate from the legendary Dream Couple, Albert and Paola. The blood from the Dream Couple combined with the powerful Aelbrecht super breeders caused this family to explode with endless top National scores and National Ace pigeon results. No family of pigeons, in the history of the sport has achieved what descendants of the Sablon Aelbrecht pigeons have already achieved. The most incredible and unbelievable realization is that the domination has only just begun. History is being written now. Do not be late adding a few of the best Sablon Aelbrecht pigeons to your pigeon arsenal. This family is so very pre-potent that they will continue to rule the sport for many generations to come. They now dominate major one loft races.

The Sablon Aelbrecht family excels from 250 to 500 miles with endless endurance and a will to fly alone and stay in the front. These Sablon Aelbrecht pigeons have the speed to pull away from the other racing pigeons while competing without fatigue.

Piet De Weerd once said: "Only a few families can rule the Nationals, and these are the very best". Seems like Piet was speaking of these pigeons!

McLaughlin Lofts  
is a proud member of the  
America's Master Breeders Group
