Dear Mrs. & Mr. DuBois

Thank you for the jacket. I will use it for snowy days. I had just a little jacket and for my dad having to pay for my sister's school I don't think my dad could afford a new jacket for me.

Sincerely,

Aaliyah Romero →

Dear Du Bois Family,

I really appreciate you guys using your own money for my jacket. My mom is a single parent with me and my little brother. It's hard for her to buy us things. I had a jacket, but it was one of those thin jackets so that didn't help. These past days when it's been really cold all I had was a thin jacket, so I had to wear 2 thin jackets which don't help much. Now I will be nice and cozy in my new jacket.

My big brother sometimes helps, but he has 3 kids so it's also hard for him. Thank you guys. You guys are really thoughtful and generous.

Sincerely,
Emma Concha

Dear Mr. and Mrs. DuBois and family,

I received a big, fluffy, and warm jacket from the money you donated. I want to thank you guys sooo much for it! I hope that you and your family will have an amazing winter, a very merry Christmas, and a prosperous New Year!

Sincerely,

Candice Lujan

God bless your thoughtfulness 😊

Dear Mr and Mrs. Du Bois,

I received a jacket from you guys. Thank you so so much. I saw the price on the jacket it was really expensive. I think it's pretty cool that you give kids jackets, some people can't afford an expensive warm coat. I already did have a jacket but it was not that warm because it was a light jacket. It was nice to get a bigger warmer one. It was really kind for you two to do this. Many people at my school had received jackets from you two, and they said they liked them. I just wanted to give a big thanks to you guys. god bless you.

Sincerely: Angel Lopez from Taos Day School 8th grade class

Dear Mr. and Mrs. DuBois and family,

I received a nice and warm jacket, a pair of warm gloves, and a nice, warm hat from the money that *you* donated. I am so thankfully grateful, that you did this because my family and I are having huge financial problems, and this will help me and my family out so much. So thank you so much! God bless you for your generous actions. I hope that you and your family have an amazing snowy winter, a very merry Christmas, and a great prosperous New Year!

Dear Laces,

I received a nice pair of snow boots and some nice wool thermal socks. I am so thankful that you sent these boots and socks to me, because right now my family and I are having financial problems that will last for a few more months until about February and this donation will really help. Thank you so much, and have an amazing winter, a very merry Christmas, and a really good New Year!

Thank you for the snow boots. I will use them when there is snow outside so I can stay warm and not get muddy. They will help me not to slip on the ice and snow. I like them because they are green and black with skeleton heads. That's cool!

Dear Mr. and Mrs. DuBois Family,

Thank you for the jacket, I really like that jacket and it feels soft and warm and I like the designs on it. I'm a student at Toas Day School and I am an 8th grader and I think it's cool that you gave us these jackets for free. Plus my dad always says that I always need a new one and the jacket that I still kind of wear is always getting dirty and the cuffs never get clean.

While I'm writing this, I'm not wearing it because it got dirty in two days and also it's very sunny and the color draws in more heat, but it's a very nice jacket, on winter days I will wear it.

Sincerely,
Eli Suazo

Dear Dubois Family,

I would like to thank you for the jacket that you got for me. The jacket has helped keep me warm every day, even the hood has helped cover my ears and head when it did snow here in Taos. It has been very cold but good thing you got me a jacket to stay warm.

I hope that you and your family stay warm with big thick jackets and like you got for me. Have a happy holiday and Merry Christmas and a Happy New Year.

Dear, Mrs. LACES, DuBois DuBois

I like the jacket because
When I go outside for
winter break I will be nice
and warm. Instead of freezing
outside, I can play for hours
and be warm. Now I can take
my new jacket and go snowboarding
