OA-HOW SUNDAY PHONE MEETING FORMAT

(712) 770-4160; 754082#; 3:00-5:00 pm Eastern Time

Good afternoon. Welcome to the Sunday phone meeting of Overeaters Anonymous. This meeting adheres to the HOW concepts of recovery. We have found that consistent use of this format keeps our meeting focused on OA recovery, reinforces our program, and encourages unity.

Before we begin, please unmute your phone by pressing *6 on your phone keypad (*pause*). My name is _____. I'm a compulsive overeater and your leader for this meeting. Before we start the meeting, I want to remind everyone that this meeting will be recorded and available for one week. Please stay after the meeting for an unrecorded time if you have any questions or if you would like to leave your name and phone number.

Occasionally there will be unwanted noise on the line. This is not a typical part of our meeting. If noise is coming from your line, the moderator will mute you and you may need to call back in.

Moderator, would you please start the recording?

To open the meeting, let us have a moment of quiet meditation, followed by the Serenity Prayer (*pause*). "God, grant me the serenity to accept the things I cannot change, courage to change the things I can, and the wisdom to know the difference. Thy will, not mine, be

September 2019

done.”

I assume that I’m not alone this afternoon, but for the record, are there any compulsive overeaters here beside myself? *(Pause to allow for group response.)* Please now mute your phone by pressing *6 on your phone keypad. If noise is coming from your line, it will be muted to keep the meeting quiet. This may require you to call back in if you need to unmute your phone. Thank you!

As we extend the heart and hand of fellowship to those who still suffer, let us be mindful of OA’s Unity with Diversity Policy, which respects our differences, yet unites us in the solution to our common problem. Whatever problem you may have with food, you are welcome at this meeting.

If anyone is celebrating an anniversary on today’s meeting, please light your candle now. We encourage you to have paper and pen; you may hear information you will need during the meeting, and information will not be repeated. Please stay on the line following the meeting to get phone numbers and ask any questions you may have. If you do not have internet access, you may call our Meeting Point of Contact, Mattie M. in Nevada, at (612) 309-6740 PT to ask for information, such as the meeting format, that is available on the Sunday page of our website.

A reminder about phone meeting etiquette: Press *6 on your phone keypad to mute your phone. Unless you are the one scheduled to speak, please make sure your phone is muted.

September 2019

You can check this at any time by pressing *6 on your phone keypad. The recorded voice will then say either “muted” or “unmuted.” If you need to leave the meeting for some reason, make sure your phone is muted. If you are going to read or share on a tool, please unmute as you hear the person before you begin to wrap up to maintain a smooth flow for the meeting. Thank you for helping to keep the telephone line clear and quiet.

Phone List: This meeting does not maintain a separate list of phone numbers. Instead, we encourage members to use our HOW Intergroup’s multi-meeting We Care List. If you would like to be included on this list and receive a copy, go to oahowphonemeetings.com and click on the “We Care List” link at the top of the page. Follow the instructions on the page to enter your contact information. Once you’re on the list, you will automatically receive updated versions via email. If you’d like assistance with entering or updating your information on the HVIIG We Care List, please contact Jana C. in Connecticut at (203) 788-3157.

Meeting Format: Information about this meeting, including the meeting format and a copy of the readings, is available on the Sunday 3:00 pm meeting’s page on the HOW Phone Meetings website at oahowphonemeetings.com. The information can be downloaded and printed.

OA Preamble: Overeaters Anonymous is a Fellowship of individuals who, through shared experience, strength, and hope, are recovering from compulsive overeating. We welcome everyone who wants to stop eating compulsively. There are no dues or fees for members; we

September 2019

are self-supporting through our own contributions, neither soliciting nor accepting outside donations. OA is not affiliated with any public or private organization, political movement, ideology, or religious doctrine; we take no position on outside issues. Our primary purpose is to abstain from compulsive eating and compulsive food behaviors and to carry the message of recovery through the Twelve Steps of OA to those who still suffer.

Readings: In deference to the Alcoholics Anonymous World Service Office's wishes that OA not modify AA literature, this meeting reads excerpted passages exactly as written in *Alcoholics Anonymous* (the Big Book) and the *AA 12 Steps and 12 Traditions*. Feel free to privately substitute "food" and "compulsive eater" for "alcohol" and "alcoholic." You do not need to be a sponsor to read the first eight readings.

Would (either the person who signed up or a volunteer) please read What Is HOW?

What Is HOW?

HOW is a movement within Overeaters Anonymous whose basic principle is that abstinence is the only means to freedom from compulsive overeating and the beginning of a spiritual life.

Where and Why Did HOW Begin?

HOW began in Phoenix in 1981 as a means of reviving a group called OA Victorious. Its meeting format is taken from Rozanne's book, *I Put My Hand In Yours*, and centers on the concept of service. Many of the questions used in HOW sponsoring stem from the OA Plus and Westminster groups. The outline of service came from the OA

Suffolk County, New York, sponsor's guide.

The Only Requirement

Overeaters Anonymous respects the autonomy of each OA group. We do suggest, however, that any group that has requirements in addition to the suggested 12 Steps and 12 Traditions inform its members that these requirements are what that particular group has found effective in working the program and do not represent OA as a whole.

The members of this group have found the HOW concept to be effective in working the OA program. The opinions expressed here this afternoon by those who share are their own and not necessarily those of OA. The Board of Trustees states, "We understand the Third Tradition to mean that individual ways of working one's program should not exclude any compulsive overeater from attendance and participation at OA meetings anywhere, anytime. The only requirement for membership is the desire to stop eating compulsively. Anyone who says he/she is a member is a member. We of Overeaters Anonymous welcome all members with open arms."

September 2019

The HOW Concept

The Overeaters Anonymous HOW meetings have been formed to offer the compulsive overeater who accepts the 12 Steps and 12 Traditions as a program of recovery a disciplined and structured approach. HOW groups are formed in the belief that our disease is absolute, and that only absolute acceptance of the OA program will offer any sustained abstinence to those of us whose compulsion has reached a critical level. Therefore, we accept the nine tools of the program and the 12 Steps and 12 Traditions as necessary for our recovery.

Our meetings are dedicated to the concept of remaining honest, open-minded, and willing to listen. This is the HOW of the program. We pray that the collective group conscience and love that these ideals offer us will promote a strong sense of security that will enable us to experience a new unity and wholeness with all those around us, and that the HOW ideals will help us to progress in our program of recovery on a daily basis. To be certain, much of our strength is found in the structure of meetings and in daily adherence to the program as it is written in our literature.

The Sunday afternoon phone meeting also firmly understands that after our recovery has begun through abstinence and taking the first three steps, our further surrender to the additional steps of recovery offers us a promise of happiness, contentment, and achievement in all areas of our lives.

We ensure our continued and sustained abstinence from compulsive overeating by being forever aware that God is doing for us what we have never been able to do for ourselves. May God, as each of us understands Him, open our minds and our hearts to the love that is manifested on this telephone meeting. Amen.

Would (name/volunteer) please read Reflections for the Newcomer?

Reflections for the Newcomer

Welcome to OA-HOW. We are all so glad that you have decided to become a part of our fellowship. You know that the HOW concept is a disciplined program. We believe that the discipline of weighing and measuring, telephoning our sponsor at a particular time, attending meetings, and making phone calls all lead to a life based on the universal discipline, which is accord rather than discord even with many things going on around us. Therefore, if there is a breakdown in any of these areas, the concept is threatened, as is the individual's abstinence.

We have found that the discipline must remain as constant for the beginner as for the sponsor. If the newcomer shies away from this life's responsibility, the sponsor may give the newcomer's time slot to someone more committed to recovery. This is not a personal affront, but a matter of necessity. So many who think they should recover are not, in fact, ready. The rationale here is, if the newcomer insists on picking up the food before the phone, there is a breakdown in the level of communication between the sponsor and the newcomer. "Frothy emotional appeal seldom suffices" ("The Doctor's Opinion," Big Book, page roman numeral 28). If a sponsor slips, get a new one. The pitfalls of self-deception cannot be overstressed if you are to recover; therefore a sponsor, in all self-honesty, must release all sponsees to continue their own recovery. A sponsor cannot give what they do not experience.

Finally, you must believe that we need each other; all problems that arise can be

September 2019

worked on via the phone or person-to-person contact. Only positive, upbeat recovery belongs at our meetings.

“A body badly burned by alcohol does not often recover overnight nor do twisted thinking and depression vanish in a twinkling. We are convinced that a spiritual mode of living is a most powerful health restorative” (“The Family Afterward,” Big Book, page 133). Good luck! Everyone in the fellowship is praying that you find the release from the obsession so many of us have. God bless. And no matter what, keep coming back! We’ll always be here for you!

Would (name/volunteer) please read an excerpt from Step Two of *The Twelve Steps and Twelve Traditions of Overeaters Anonymous*, pages 9-11, starting at paragraph 2?

Excerpt from Step Two

When we look with complete honesty at our lives, we see that where eating is concerned we have acted in an extremely irrational and self-destructive manner. Under the compulsion to overeat, many of us have done things no sane person would think of doing. We have driven miles in the dead of night to satisfy a craving for food. We have eaten food that was frozen, burnt, stale, or even dangerously spoiled. We have eaten food off other people's plates, off the floor, off the ground. We have dug food out of the garbage and eaten it.

We have frequently lied about what we have eaten—lied to ourselves and to others because we didn't want to face the truth about what we do when it comes to food. We have stolen food from our friends, family, and employers, as well as from the grocery store. We have also stolen money to buy food. We have eaten beyond the point of being full, beyond

September 2019

the point of being sick of eating. We have continued to overeat, knowing all the while we were disfiguring and maiming our bodies. We have isolated ourselves to eat, damaging our relationships and denying ourselves a full social life. Because of our compulsive eating, we have turned ourselves into objects of ridicule and we have destroyed our health.

Then, horrified by what we were doing to ourselves with food, we became obsessed with diets. We spent lots of money on weight-loss schemes; we bought all sorts of appetite suppressants; we joined diet clubs and fitness centers; we had ourselves hypnotized and analyzed; we had major surgery on our digestive systems; we had our ears stapled or our jaws wired shut. All of this we did willingly, hoping we could still eat all we wanted and be free of the compulsion.

Some of us went from doctor to doctor looking for a cure. The doctors gave us diets, but we had no better success with those than with the other diets we'd been on. The doctors prescribed shots and pills. Those worked for a while, but we inevitably lost control and overate again, putting back on the weight we had worked so hard to lose and frequently gaining more.

Many of us tried fasting, with and without a doctor's supervision. Usually we lost weight, but as soon as we started eating again, the compulsive eating behavior returned, along with the weight. Some of us learned to purge ourselves with vomiting, laxatives, or excessive exercise. We damaged our digestive systems and our teeth while we starved our bodies of the nutrients we needed to live. Some of us were so terrified of gaining weight, we went to great lengths to restrict what we ate. We refused to eat certain foods, we developed complex rituals around food, and we tried to avoid eating whenever possible. Other people told us we were too thin, but we thought they were overreacting. Our weight went down,

September 2019

sometimes to dangerous levels, but we still felt fat.

Most of us got plenty of advice from others about how to get to our “ideal” size, but nothing permanently solved our problem. We found that no matter what we did to ease our turmoil, our compulsive eating eventually returned. Over time we became weary and discouraged from battling with weight, and our self-esteem went down. Still, we could never accept our powerlessness. The prospect of being obsessed with food and weight, sick, and out of control for the rest of our lives led some of us to conclude that life was simply not worth living. Many of us thought about suicide. Some of us tried it.

Most of us, however, never reached suicidal desperation. Instead, we took comfort in a feeling that everything was all right as long as we got enough to eat. The only trouble was that, as our compulsive eating progressed, we ate more and more, yet we were never satisfied. Instead of bringing comfort, the overeating backfired. The more we ate, the more we suffered, yet we continued to overeat. Our true insanity could be seen in the fact that we kept right on trying to find comfort in excess food, long after it began to cause us misery.

Would (name/volunteer) please read “How It Works” from Chapter 5 of the book *Alcoholics Anonymous*?

Excerpt from Chapter 5

Rarely have we seen a person fail who has thoroughly followed our path. Those who do not recover are people who cannot or will not completely give themselves to this simple program, usually men and women who are constitutionally incapable of being honest with themselves. There are such unfortunates. They are not at fault; they seem to have been born

September 2019

that way. They are naturally incapable of grasping and developing a manner of living which demands rigorous honesty. Their chances are less than average. There are those, too, who suffer from grave emotional and mental disorders, but many of them do recover if they have the capacity to be honest.

Our stories disclose in a general way what we used to be like, what happened, and what we are like now, If you have decided you want what we have and are willing to go to any length to get it—then you are ready to take certain steps.

At some of these we balked. We thought we could find an easier, softer way. But we could not. With all the earnestness at our command, we beg of you to be fearless and thorough from the very start. Some of us have tried to hold on to our old ideas and the result was nil until we let go absolutely.

Remember that we deal with alcohol—cunning, baffling, powerful! Without help it is too much for us. But there is One who has all power—that One is God. May you find Him now!

Half measures availed us nothing. We stood at the turning point. We asked His protection and care with complete abandon.

Here are the steps we took, which are suggested as a program of recovery.

Would (name/volunteer) please read the *12 Steps of Overeaters Anonymous*?

The 12 Steps of Overeaters Anonymous

1. We admitted we were powerless over food—that our lives had become unmanageable.

September 2019

2. Came to believe that a Power greater than ourselves could restore us to sanity.
3. Made a decision to turn our will and our lives over to the care of God *as we understood Him*.
4. Made a searching and fearless moral inventory of ourselves.
5. Admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
6. Were entirely ready to have God remove all these defects of character.
7. Humbly asked Him to remove our shortcomings.
8. Made a list of all persons we had harmed and became willing to make amends to them all.
9. Made direct amends to such people wherever possible, except when to do so would injure them or others.
10. Continued to take personal inventory and when we were wrong, promptly admitted it.
11. Sought through prayer and meditation to improve our conscious contact with God *as we understood Him*, praying only for knowledge of His will for us and the power to carry that out.
12. Having had a spiritual awakening as the result of these Steps, we tried to carry this message to compulsive overeaters and to practice these principles in all our affairs.

As the Big Book states on page 60, “Many of us exclaimed, ‘What an order! I can’t go through with it.’ Do not be discouraged. No one among us has been able to maintain anything like perfect adherence to these principles. We are not saints. The point is that we are willing to grow along spiritual lines. The principles we have set down are guides to progress. We claim spiritual progress rather than spiritual perfection.”

Would (name/volunteer) please read the 12 Traditions of Overeaters Anonymous?

The 12 Traditions of Overeaters Anonymous

1. Our common welfare should come first; personal recovery depends upon OA unity.
2. For our group purpose, there is but one ultimate authority a loving God as He may express Himself in our group conscience. Our leaders are but trusted servants; they do not govern.
3. The only requirement for OA membership is a desire to stop eating compulsively.
4. Each group should be autonomous except in matters affecting other groups or OA as a whole.
5. Each group has but one primary purpose-to carry its message to the compulsive overeater who still suffers.
6. An OA group ought never endorse, finance, or lend the OA name to any related facility or outside enterprise, lest problems of money, property and prestige divert us from our primary purpose.
7. Every OA group ought to be fully self-supporting, declining outside contributions.
8. Overeaters Anonymous should remain forever nonprofessional, but our service centers may employ special workers.
9. OA as such, ought never be organized; but we may create service boards or committees directly responsible to those they serve.
10. Overeaters Anonymous has no opinion on outside issues; hence the OA name ought never be drawn into public controversy.

September 2019

11. Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio, films, television, and other public media of communication.
12. Anonymity is the spiritual foundation of all these traditions, ever reminding us to place principles before personalities.

The Tools of Recovery

The 12 Steps of Overeaters Anonymous are a program of recovery. The tools are some methods through which we work and live the Twelve Steps. A tool is a means to an end; it can never be an end in itself. In order for a tool to work, it must be used. So too with our tools of recovery. Unless we use them, there can be no recovery. As our experienced members know, we have nine tools in our program. I will now call on sponsors who follow this meeting's HOW format to explain each tool, with a limit of two minutes for each tool pitch and two minutes to describe the abstinence kit during the Plan of Eating. By group conscience, this meeting does permit the mention of specific food items.

Would someone please volunteer to be our timer? (or confirm that the timer is on the line)

Will (name/volunteer OA-HOW sponsor) please read and pitch on . . .

TOOL 1: Plan of Eating

A food plan is a commitment to recovery. The HOW disciplines were designed for food-addicted people. We believe in a disciplined and structured approach. HOW abstainers do

September 2019

not modify their food plan to suit themselves and commit themselves to black-and-white abstinence. Deviations invite the return of many other problems.

A food plan is not a personal thing in HOW. This means that we depend on each other for the strength and growth that we need to remain abstinent. We join together in an effort to free the compulsive overeater from the bondage of food through the use of a food plan, positive thinking, and the Twelve Steps and Twelve Traditions of Overeaters Anonymous. We eat weighed and measured meals with nothing in between except sugar-free beverages and sugar-free gum. Food is written down, called in to our sponsor, and committed so that we can get on with our recovery and out of the food. We also believe that negative thinking is a large part of our disease, so we abstain from negative thinking.

Those of us who work the HOW program concept use the following guidelines for food plans:

We do not write our own food plan. We use a food plan given to us by a doctor, nutritionist, or dietician. We discuss it with our sponsor. We do not choose one that allows any of our binge foods. If some food on our plan becomes a problem, we avoid it.

We do not skip meals, switch meals, or combine meals. We do not deviate from or manipulate our food plan in any way. If we need to change our committed food during the day, we call a sponsor.

We weigh and measure all our portions so that there is no guesswork. We do not measure by eye. We use a measuring cup, spoon, and scale.

(Describe how you use your abstinence kit, with a two-minute limit, then continue reading.)

We weigh ourselves once a month until we reach goal weight and once a week on maintenance.

September 2019

Unless advised otherwise by our doctor, we take a multivitamin and drink 64 oz. of water a day.

We do not drink alcohol.

We do not use foods containing sugar, except if sugar is listed fifth or beyond on the ingredients label.

Above all, we do not vacillate from or water down the disciplined nature of the HOW program. It is not the extra string bean that counts; it is the decision to take it.

(Two-minute pitch begins here)

TOOL 2: Sponsorship

Sponsors are OA members who are committed to abstinence and to living the Twelve Steps and Twelve Traditions to the best of their ability.

We ask a sponsor to guide us through our program of recovery on all three levels: physical, emotional, and spiritual. In working with other members of OA and sharing their experience, strength, and hope, sponsors continually renew and reaffirm their own sobriety. Sponsors share their program up to the level of their own experience. Ours is a program of attraction; find a sponsor who has what you want and ask how it was achieved. A member may work with more than one sponsor and may change sponsors at will.

A HOW sponsor is a compulsive overeater who has completed at least 70 days of back-to-back abstinence and who has taken the first three steps of the program. Sponsors have also completed at least 70 days of assignments.

Reflections for the sponsor and suggestions for discussion

No list of reflections and meditations are end-alls and be-alls for the newcomer. A

September 2019

sponsor must be attentive not only to what the new person is saying, but also to what the newcomer is not saying. Many newcomers are reluctant to purchase books and are hesitant to throw themselves headlong into the program. Therefore, we have a list of precommitment assignments.

The HOW concept is an alternative for people who have tried everything else, Therefore, the program is an immutable triumvirate of tools, steps, and traditions. Using the tools of weighing and measuring our food, sponsors, meetings, phone calls, reading and writing, service, and anonymity, we follow the 12 Steps and 12 Traditions of OA in order to free ourselves from the bondage of food addiction.

Sponsors do not have the right to play God; we help each other.

After the sponsorship tool pitch:

Now it's time for our sponsor line. Will all sponsors please unmute and *only* share:

Your name

Current back-to-back abstinence date

Weight lost or gained

If you have an opening for a sponsee, slowly give your phone number, time zone, and a good time to call. Please do not give your number unless you have a sponsee opening. In the interest of time, please share **ONLY** these items.

I'll ask (*sponsor who pitched on the tool*) to go first, and I'll go last.

After the sponsor line is complete, read the following:

September 2019

Clay Feet

We should remember that all OAs have clay feet. We should not set any member on a pedestal and mark her or him out as a perfect OA. It is not fair to the person to be singled out in this fashion, and if the person is wise, she or he will not wish it. If the person we single out as an ideal OA has a fall, we are in danger of falling, too. Without exception, we are all only one bite away from a binge, no matter how long we have been in OA. Nobody is entirely safe; OA itself should be our ideal, not any particular member of it.

TOOL 3: Anonymity

Anonymity is a tool as well as a tradition because it guarantees that we will place principles before personalities. It offers each of us freedom of expression and protection against gossip. Anonymity assures us that only we as individual OA members have the right to make our membership known within our community.

Anonymity at the level of press, radio, films, and television means that we never allow our last names or faces to be used once we identify ourselves as OA members. Within the fellowship, anonymity means that whatever we share with another OA member will be held in respect and confidence. What we hear at meetings should remain there. It should be understood, however, that anonymity must not be used to limit our effectiveness within the fellowship. It is not a break of anonymity to give our names and email addresses to the secretary of our group or to other service offices of OA for the purpose of conducting OA business, which is primarily 12th-Step work. It is likewise not a break of anonymity to enlist twelfth-step help for group members in trouble, provided we are careful to obtain the person's permission to share personal information.

September 2019

Anonymity is the part of the program that allows each of us to stand in front of our fellows and share for the first time honestly who we are, where we have been, and where we hope to go without fear that our story will be told outside these rooms.

For many of us, the OA rooms are the first place where we have no fear being judged or criticized. We are accepted as we are at that moment. This is the first time for most of us that we experience sharing where we are not told what we did wrong.

We come into OA at rock bottom, mangled emotionally, physically, and spiritually. We are supported back to health with honesty, open-mindedness, and willingness. We are encouraged to speak of our pain and we are lovingly told, “Your secrets are safe.” Come share our recovery—recovery on a threefold level: physical, emotional, and spiritual.

Lastly, a word to newcomers: Please join us. However, if you decide that our program is not for you, please remember that our anonymity allows us to grow and recover from a very serious disease.

Whom you see here, what you hear here, when you leave here, let it stay here!

TOOL 4: Telephone

Compulsive overeating is a disease of isolation. The telephone is a means of communicating with another compulsive overeater between meetings. It provides an immediate outlet for those hard-to-handle highs and lows we all experience. The telephone is also a daily link to our sponsors and, as part of the surrender process, is a tool by which we learn to ask for help, reach out, and extend that same help to others.

In HOW we are asked to make at least four telephone calls a day—one to our sponsor and three to other OA members. These calls give us an opportunity to “talk

September 2019

program” on a daily basis. The telephone is our lifeline.

TOOL 5: Meetings

Meetings are gatherings of two or more compulsive eaters who come together to share their experience before and after recovery and to share the strength and hope OA has given them. Meetings are an opportunity for us to identify and confirm our common problem by relating to one another and by sharing the gifts we receive through this program. We find that being on time for meetings enhances our recovery and provides service to the meeting. Though there are many kinds of meetings, fellowship is the basis of them all. As HOW members we attend at least one HOW meeting a week.

TOOLS 6 and 7: Literature and Writing

Literature: We study the book *Alcoholics Anonymous*, referred to as the Big Book, and the *Twelve Steps and Twelve Traditions*, another AA book to reinforce our program. By substituting the words “food” and “compulsive eating” for the words “alcohol” and “alcoholism,” we can identify closely. We also read OA literature: *Overeaters Anonymous*, referred to as the Brown Book, the *OA Twelve Steps and Twelve Traditions*, *For Today* and *Voices of Recovery* for daily meditation, and *Lifeline*, our journal of recovery. When read on a daily basis, the literature impresses on us certain basic truths that we have found vital to our growth. Our literature and the AA books are an ever-available tool that gives insight into our problem, as well as the strength to deal with it and the very real hope that there is a solution for us.

Writing: In addition to writing our inventories and the list of people we have harmed, most of us have found that writing has been an indispensable tool for working the steps. Further,

September 2019

putting our thoughts and feelings down on paper or describing a troubling incident helps us to better understand our actions and reactions in a way that is often not revealed to us by simply thinking or talking about them. In the past, compulsive eating was our most common reaction to life. When we put our difficulties down on paper, it becomes easier to see situations more clearly and perhaps better discern any necessary action.

TOOL 8: Action Plan

An action plan is the process of identifying and accomplishing attainable actions, both daily and long term, that are necessary to support our individual abstinence and emotional, spiritual, and physical recovery. While the plan is ours, tailored to our recovery process, most of us find it important to work with a sponsor, fellow OA member, and/or appropriate professional to help us create it. This tool, like our plan of eating, may vary widely among members and may need to be adjusted as we progress in our recovery.

For example, a newcomer's action plan might focus on planning, shopping for, and preparing food. Some members may need a regular fitness routine to improve their strength and health, while others may need to set exercise limits in order to attain more balance. Some of us may need an action plan that includes time for meditation and relaxation or provides strategies for balancing work, personal interactions with family and friends, and our program. Others may need help to organize their homes, deal with their finances, or address medical, dental, or mental health issues.

Along with working the Steps on a daily basis, an action plan may incorporate use of the other OA tools to bring structure, balance, and manageability into our lives. As we use this tool, we find that we develop a feeling of serenity and continue to grow emotionally and spiritually

September 2019

while we make measurable progress one day at a time.

TOOL 9: Service

Carrying the message to the compulsive overeater who still suffers is the basic purpose of our fellowship and therefore the most fundamental form of service. Any service, no matter how small, that will help reach a fellow sufferer adds to the quality of our own recovery.

Leading a meeting, calling newcomers, volunteering to read or serve as timekeeper, or doing whatever needs to be done in a group or for OA as a whole are ways in which we give back what we have so generously been given. Do what you can when you can. “A life of sane and happy usefulness” is what we are promised as the result of working the Twelve Steps.

Service fulfills that promise. Always to extend the hand and heart of OA to all who share my compulsion; for this I am responsible.

Read ONLY if no one has volunteered to speak yet: We still don't have a speaker for today. Is there an OA-HOW sponsor on the line who has been moved to share their story today? **(If no one volunteers for a 20-minute share, ask for two OA-HOW sponsors who are willing to share for 10 minutes each or four OA-HOW sponsors who are willing to speak for five minutes each. If fewer than two volunteer, divide 20 minutes accordingly.)**

Newcomers: The 3:00 ET Sunday afternoon phone meeting is a friendly place, and we want to get to know each other. If you are here with us today for the first time ever, will you please unmute by pressing *6 and introduce yourself by first name only and where you are from. If you would like to receive phone calls, please give us your phone number, time zone, and best times

September 2019

to call—or you can stay after the meeting for an unrecorded time to share your information. Are there any newcomers who would like to introduce themselves? (**When someone speaks up, respond with: “Hi, _____, welcome!”**) The newcomer greeter for the Sunday 3:00 pm meeting is Judy G. in Washington. Her number is (206) 795-3546, and she can be reached from 9:00 am to 9:00 pm ET. Judy will be contacting the newcomers in the next few days.

Seventh Tradition: Our Seventh Tradition tells us we must be fully self-supporting through our own contributions. The money collected is used to support our primary purpose, which is to carry the message to those who still suffer. On a monthly basis we honor our Seventh Tradition by sending 50% of our donations to OA World Service Organization (WSO) and 50% to the Virtual Service Board, our intergroup.

LAST SUNDAY OF THE MONTH ONLY: May we have a treasurer’s report?

Donations for our Seventh Tradition can be made in two ways:

1. By mailing a check to Patti S, our current treasurer. To get her address, please call her at (618) 567-7025 CT.
2. By contributing directly, either online or by check, to the OA World Service Office at www.oa.org or our Virtual Service Board at oahowphonemeetings.com. Please include group number **55127** when contributing to the WSO and note that you are a member of the Sunday phone meeting when donating to the Virtual Service Board.

At this point, read either The Promises or The Bad News (below). The leader may choose

September 2019

either of the readings.

The Promises

“We are going to know a new freedom and a new happiness. We will not regret the past nor wish to shut the door on it. We will comprehend the word serenity and we will know peace. No matter how far down the scale we have gone, we will see how our experience can benefit others. That feeling of uselessness and self-pity will disappear. We will lose interest in selfish things and gain interest in our fellows. Self-seeking will slip away. Our whole attitude and outlook upon life will change. Fear of people and of economic insecurity will leave us. We will intuitively know how to handle situations which used to baffle us. We will suddenly realize that God is doing for us what we could not do for ourselves. Are these extravagant promises? We think not. They are being fulfilled among us—sometimes quickly, sometimes slowly. They will always materialize if we work for them.” (*Alcoholics Anonymous*, pages 83-84)

OR

The Bad News

“We've got some bad news for you. It was bad news for us, and it will probably be bad news for you. Whether you quit six days, months, or years, if you go out and take that a drink or two, you'll end up . . . just like you have been in [the] past. You are an alcoholic.” (*Alcoholics Anonymous*, page 187)

Are there any announcements? Please limit announcements to those that concern this meeting or OA as a whole. (Pause)

September 2019

Weekly, we need 21 people to do service for this meeting. Please help this meeting carry the message of recovery. All service positions can be signed up for by going to oahowphonemeetings.com. There's a link on the 3:00 ET Sunday meeting page to the signupgenius.com website, which we use for our online sign-up sheet. The leader will check SignupGenius at 2:00 pm ET on the day of the meeting. Please sign up before that time.

If you do not have internet access, you can call our Meeting Point of Contact, Mattie M. in Nevada, at (612) 309-6740 PT to receive contact names and their phone numbers to sign up for service positions.

This meeting has a monthly business meeting on the last Sunday of each month on the phone line directly after this meeting ends, from 5:00-5:30 ET. All are welcome and encouraged to attend.

Literature and books are available at www.oa.org or at face-to-face OA meetings.

Medallions: We recognize periods of HOW abstinence with hearty congratulations. If you are celebrating a milestone of recovery, please unmute your phone now. Is anyone celebrating 6 years or more? ... Five years? ... Four years? ... Three years? ... Two years? ... One year? ... Nine months? ... Six months? ... 90 days? ... 60 days? ... 30 days? ... Is anyone celebrating 24 hours of abstinence? ... Last but not least, is anyone willing to make a commitment to abstinence? This is considered the virtual "Chip of Desire." This does not mean that you're abstinent, but something you've heard in this meeting has encouraged you to commit to abstinence. Would anyone would like a virtual chip of desire? If you would like to obtain an actual medallion, we suggest you attend a face-to-face meeting or order one through OA World Service.

September 2019

Step-ups: At this point in our meeting, we ask the group to join us as we celebrate another example of the miracles that abound in OA. In the stepping-up portion of the meeting, we recognize a member who has at least 70 days of back-to-back abstinence, has completed the first three steps of the program, and is now ready to become a sponsor. Are there any step-ups today? (*Pause*)

IF THERE IS NO STEP-UP: If you are planning to step up at this meeting, we ask that you sign up on the SignUpGenius site or contact our Calendar Coordinator ahead of time so that the meeting leader will be notified.

IF THERE IS A STEP-UP: (Name of person), do you have your candles in front of you, and have you asked people to read? (Read the “Intro: Stepping-up Ceremony,” located on page 34 of this document. Candle readers may have signed up on SignUpGenius, or you can ask OA-HOW Sponsors to volunteer to read. After all five candles have been read, read the “Ending: Stepping-up Ceremony” on page 36.)

Anniversaries: Anniversaries are celebrated for each year of continuous abstinence. Is anyone celebrating an anniversary at this meeting? (*Pause for celebrant to introduce him/herself*)

IF THERE IS AN ANNIVERSARY: (Name of person), do you have your candle(s) in front of you? You have a choice of the OA or the AA anniversary reading. Which would you like, and have you asked someone to read that for you? (**Leader or designated person**

September 2019

reads either the AA or OA anniversary reading, located on pages 30-33 of this document.)

LEADER'S FIVE-MINUTE SHARE

This is optional; check the time and share for up to 5 minutes. If you do share, please finish by 4:30 pm ET. If you are not comfortable sharing your 5-minute story, introduce the speaker.

I would like to introduce _____, our guest speaker, who will speak for 20 minutes. _____, would you like a timer?

(Speaker shares for 20 minutes)

(When share is complete) Thank you so much for speaking, _____. Would you like to share your phone number with the group? **(Pause)**

This meeting ends at 4:55 pm ET with the “Just for Today” reading.

The floor is now open for two-minute positive pitches. A pitch is an experience that has helped us to grow through the action of putting down the food and picking up the 12 Steps, 12 Traditions, and nine tools of recovery in our daily 24-hour experience, thus giving us sobriety rich with new levels of awareness. All pitches should be of a positive nature in which you share your growth and recovery.

September 2019

Feedback, cross-talk, and advice-giving are discouraged here. Cross-talk during an OA meeting is giving advice to others who have already shared, speaking directly to another person rather than to the group, and questioning or interrupting the person speaking or sharing at the time. Would someone care to pitch? Please unmute by pressing *6 on your phone keypad and introduce yourself.

(At 4:55 pm ET)

I want to thank you for allowing me to be your leader for this meeting. I also thank all of those who participated, especially our speaker, _____, who offered so much of her/himself.

May we have the reading of “Just for Today”?

Just for Today

Just for Today

I will try to live through this day only, and not tackle my whole life problem at once. I can do something for one day that would appall me if I felt I had to keep it up for a lifetime.

Just for Today

I will be happy. This assumes to be true what Abraham Lincoln said, that, “Most folks are as happy as they make up their minds to be.”

Just for Today

I will adjust myself to what is and not try to adjust everything to my own desires. I will take my “luck” as it comes and fit myself to it.

September 2019

Just for Today

I will try to strengthen my mind. I will study. I will learn something useful. I will not be a mental loafer. I will read something that requires effort, thought, and concentration.

Just for Today

I will exercise my soul in three ways. I will do somebody a good turn and not get found out; if anyone knows of it, it will not count. I will do at least two things I don't want to do, just for exercise. I will not show anyone that my feelings are hurt; they may be hurt, but today, I will not show it.

Just for Today

I will be agreeable. I will look as well as I can, dress becomingly, talk low, act courteously, criticize not one bit, not find fault with anything, and not try to improve or regulate anybody except myself

Just for Today

I will have a program. I may not follow it exactly, but I will have it. I will save myself from two pests: hurry and indecision.

Just for Today

I will have a quiet half-hour all by myself and relax. During this half-hour, sometime, I will try to get a better perspective of my life.

Just for Today

I will be unafraid. Especially, I will not be afraid to enjoy what is beautiful, and to believe that as I give to the world, so the world will give to me.

Closing Statement

September 2019

To those who are still new to the program, we remind you that all that was said here today should safely remain here, as we respect and cherish our tradition of anonymity. We also assure you that following the program will help you achieve and maintain a healthy body weight. Abstinence will remove the craving. Our way of life will remove the compulsion in time and give you contentment and fullness in all areas.

After a moment of meditation, will everyone please unmute and join me in saying the Serenity Prayer. Let's pray for those still suffering: "God, grant me the serenity to accept the things I cannot change, courage to change the things I can, and the wisdom to know the difference. Thy will, not mine, be done."

It works when you work it, so work it—you're worth it! And give a lot of love!

September 2019

NOTE: In the event of an anniversary, the celebrant can choose to have either the AA reading or the OA reading (below).

AA Anniversary Reading

(From *Twelve Steps and Twelve Traditions*, pp. 111-112)

Now comes the biggest question yet. What about the practice of these principles in *all* our affairs? Can we love the whole pattern of living as eagerly as we do the small segment of it we discover when we try to help other alcoholics achieve sobriety? Can we bring the same spirit of love and tolerance into our sometimes-deranged family lives that we bring to our A.A. group? Can we have the same kind of confidence and faith in these people who have been infected and sometimes crippled by our own illness that we have in our sponsors? Can we actually carry the A.A. spirit into our daily work? Can we meet our newly recognized responsibilities to the world at large? And can we bring new purpose and devotion to the religion of our choice? Can we find a new joy of living in trying to do something about all these things?

Furthermore, how shall we come to terms with seeming failure or success? Can we now accept and adjust to either without despair or pride? Can we accept poverty, sickness, loneliness, and bereavement with courage and serenity? Can we steadfastly content ourselves with the humbler, yet sometimes more durable, satisfactions when the brighter, more glittering achievements are denied us?

The A.A. answer to these questions about living is “Yes, all of these things are possible.” We know this because we see monotony, pain, and even calamity turned to good

September 2019

use by those who keep on trying to practice A.A.'s Twelve Steps. And if these are facts of life for the many alcoholics who have recovered in A.A., they can become the facts of life for many more.

OA Anniversary Reading

**(From *The Twelve Steps and Twelve Traditions of Overeaters Anonymous*,
1st edition, pages 99-106)**

We who once suffered from complete powerlessness to control our eating and our lives have now discovered the saving strength of a Power greater than ourselves. We have experienced the miracle of physical, emotional and spiritual healing, just as we were promised when we began these steps.

For most of us, the central factor in this spiritual awakening has been our decision to trust a Higher Power with every aspect of our lives. In acting on that decision one day at a time, we have learned a whole new set of skills for living, skills which enable us to clear from our lives everything which might interfere with our trust in this Higher Power. Now we know we don't have to fear anything that comes to us. Even when things happen to us which we don't like, we know we have a way of facing each situation squarely and sanely. We have seen that our Higher Power will reveal something of value to us with every experience, as long as we continue practicing this new way of life.

For years, we've looked for gratification in unbridled eating; in material possessions; in careers; in our many attempts to have perfect bodies; and in money, sex and social status. Although, most of us have received and enjoyed some of these things, the satisfaction we felt in them was small compared with the joy we have found in sharing this program with other compulsive overeaters.

We who began working the steps in order to recover from compulsive eating now find that through them we have embarked on a lifelong journey of spiritual growth. From

September 2019

the isolation of food obsession, we have emerged into a new world. Walking hand in hand with our friends and our Higher Power, we are now exploring this world, using the great spiritual principles embodied in the twelve steps as the map guide our way. We gratefully follow in the footsteps of many others who have walked this way before us, and we're gratified to be making footprints of our own for others to follow.

Those of us who live this program don't simply carry the message; *we are the message*. Each day that we live well, we are well, and we embody the joy of recovery which attracts others who want what we've found in OA. We're always happy to share our secret: the twelve steps of Overeaters Anonymous, which empower each of us to live well and be well, one day at a time.

Intro: Stepping Up Ceremony

Before you, you have five candles:

Truth

Reality

Surrender

Acceptance

Knowledge

OA offers each of us a wonderful opportunity to develop and hasten an attitude of change known as ego reduction. The use of these disciplines of weighing and measuring, phone calls, reporting to sponsors, and attending meetings all combine to reinforce our growth in OA. Action is the magic word. Until we so humble ourselves through these acts, there is no evidence of our ego reduction or our surrender to anyone or anything outside of ourselves.

Each candle signifies a step toward arresting the progression of our disease. The first two represent truth and reality. Without these two qualities, we would not be recovering compulsive overeaters.

Ask Candle 1 reader to unmute and begin. If needed, prompt Candle Readers 2-5 to unmute and begin after each candle reader finishes.

After Candle 5 is complete, read “Closing: Stepping Up Ceremony” on page 35.

September 2019

Candles: Stepping-up Ceremony

CANDLE 1

The candle of truth is the keynote of those who strive to stop the advancement of compulsive overeating. It is the unrelenting force that permits no double standard. Its attainment brings the satisfaction of inward peace. We must fearlessly face the truth to avoid the ever-present pitfall of self-deception.

CANDLE 2

This is the candle of reality, and it is a new light. It opens the door to a new life. It holds the promise of new understanding. It offers the chance of personal renewal. It makes a statement that goes beyond fantasy, and it holds the dream of a better tomorrow. Without the light of reality, we are destined to remain in that sick, shadowy world of past mistakes and unrealistic dreams of false tomorrows.

CANDLE 3

This is the candle of surrender. In OA, surrender is the first and most important act necessary to launch you into the other steps. Without the surrender of your food, your ego, and your will, all else is hopeless. When you surrender, you suspend such negative emotions as disbelief and grandiosity, and you open yourself up to the process of learning who you are and where you fit in the scheme of things.

CANDLE 4

This is the candle of acceptance. Without acceptance, you could not have come this far.

September 2019

Acceptance is seeing things as they really are. Acceptance is understanding that we have spent our lives denouncing everything, and now we must open our hearts, as well as our minds, and accept. We must accept the will of God—accept that only He can restore us to sanity.

CANDLE 5

This is the candle of knowledge, and it opens the door wide. We now know that God is on our side. We can see and hear his pronouncements in our lives. We recognize what it is that we can do and what only he can do. We acknowledge that the greatest gift He has given us is knowing ourselves.

Closing: Stepping-up Ceremony

(Leader reads after Candle 5)

Even the newest of newcomers finds undreamed rewards as he tries to help his brother alcoholic, the one who is even blinder than he. This is indeed the kind of giving that actually demands nothing. He does not expect his brother sufferer to pay him, or even to love him. And then he discovers that by the divine paradox of this kind of giving he has found his own reward, whether his brother has yet received anything or not. His own character may still be gravely defective, but he somehow knows that God has enabled him to make a mighty beginning, and he senses that he stands at the edge of new mysteries, joys, and experiences of which he had never even dreamed.

Practically every A.A. member declares that no satisfaction has been deeper and no joy greater than in a Twelfth Step job well done. To watch the eyes of men and women open

September 2019

with wonder as they move from darkness into light, to see their lives quickly fill with new purpose and meaning, to see whole families reassembled, to see the alcoholic outcast received back into his community in full citizenship, and above all to watch these people awaken to the presence of a loving God in their lives—these things are the substance of what we receive as we carry A.A.’s message to the next alcoholic.
