2010/11 Music LA Heritage Month Sessions
investing in tomorrow's musicians
 Spend 8 weeks learning music with DCA's Music LA Program!

The Sangeet School of World Music partners with Music LA to offer free, intermediate to advanced classes with an emphasis on music from India at the Lincoln Heights Junior Arts Center. Workshops in the sitar and North Indian vocal instruction are open to local teens. The "Shplang Ensemble" will teach world music concepts using various western instruments including the bass, guitar, violin, winds, drum-set, and percussion instruments. Focused curricula will be led by accomplished musician and composer, Paul Livingstone, as well as cellist Peter Jacobson and Indian vocalist Dayita Datta. All intermediate and advanced students are invited to bring their own instruments. Come take part in the Asian and Pacific Islander American Heritage Month celebrations. Music LA courses are open to all!
