

Stream of Consciousness

Come with me, my love.
Ride the stream with me.
Come with me, my love.
And, float on the stream of consciousness.

Oh, come with me, my love.
The water's clear and warm.
Oh, come with me, my love.
Go with the flow.

On the stream of consciousness,
We will swim, dive, float, and ride.
On the stream of consciousness,
On the stream of consciousness,
No telling where we will go.
No telling what we will find.
On the stream of consciousness.

Come with me, now.
Surrender to the currents.
Follow the tides.
Feel the ebb and flow.
On the stream of consciousness.

Oh, my baby,
I'm not crazy.

On the stream of consciousness,
On the stream of consciousness,
Come ride with me.
Float with me.
Dive with me.
Swim with me
On the stream of consciousness.
On the stream of consciousness.
