Re: Water Rate Increase Notice

The City of Terrell approved a 5.5% water rate increase for its wholesale and retail customers that went into effect October 1, 2024. As a wholesale customer of Terrell, Lawrence Water Supply Corporation is responsible for a percentage of all expenses associated with Terrell's cost of providing safe and reliable drinking water.

Lawrence Water Supply Corporation is a non-profit entity that is not tax supported, and all revenue is directly related to water sales. In order to offset the most recent increase from Terrell, Lawrence Water Supply Corporation's Board of Directors has approved a 5% increase to the current water rates. The revised rates will be as follows:

Monthly Usage	Cost per 1,000 Gallons
0-3,000 gallons	\$11.45
3,001 – 7,000 gallons	\$15.53
7,001 – 20,000 gallons	\$17.36
20,001 gallons and greater	\$25.08

The revised rates will be effective March 1, 2025 and will be reflected on your bill due March 10, 2025.
