## Bluth's Frozen Bananas!

### Ingredients

4 bananas  
1 recipe of magic shell coating  
8 Popsicle sticks

Chopped Peanuts  
Granola  
Toffee bits

### Step by Step Instructions

Peel and cut bananas in half.

Insert Popsicle sticks in the cut end of each banana half.

Lay on a parchment lined baking sheet.

Place in freezer for at least 2 hours or until frozen solid.

Dip frozen bananas into magic shell coating and immediately roll into desired toppings.

Wait for coating to set slightly before placing back on parchment paper.

Return coated bananas to the freezer for 1 hour before serving.

NOTE: You can also dip the bananas in the coating again after you have rolled them in your favorite toppings, giving them a double dose of chocolate and sealing all that crunchy goodness inside!

Enjoy!
