9.0 Adjournment

In 1916, AWWA members in Maryland, Delaware, Southern New Jersey, and Eastern Pennsylvania established "The Four State Section". In 1949, the Chesapeake Section was formed to include the District of Columbia, after Pennsylvania and New Jersey became their own sections. Today we continue the traditions that serve our members, to help you serve our region's communities. Thank you, CSAWWA members, for all you do to keep our waters safe and healthy!
