Greetings members:

Again, I hope all is well. I want to welcome all the new members who have joined the club these past few months during these tough times. The end is in sight.

Our last outing at the Pale Burro claim was a bit windy. Temps were not too bad. When the wind can move a 10,000 lb toy hauler 18", that's windy. Several people did stay through the winds, and most found gold. It was so windy only one burro was spotted during the entire week. Maybe they know more than we.

We will be testing an area near the 40 acre parcel for the possibility of filing a claim. If interested in helping with the test digs contact one of the officers. Dry-washers and metal detectors will be utilized.

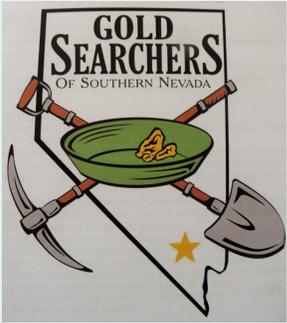

It appears that the weather is going to start to warm up. No excuses not to get out and prospect on our claims. It's been warm and sunny. Better get out before it gets too warm and sunny. With the little bit of rain we have received, the ground should be ready for us.

I hope to see all of you out on the claims. Be careful and stay healthy.
