

ERETZ ISRAEL - 1948

The purpose of this illustration is to show a 'snap-shot' of the current facts and figures of the modern nation of the Earthly People of YHVH. Israel has been exiled 3 times in the past, The 10 Tribes with the Assyrians, Judea with Babylon, and then Judea again by the Romans. YHVH declared in the Bible that He would gather Israel for a final time. Some Biblical scholars suppose that 1948 began the countdown to the culmination of Biblical prophecy. Christians believe that the last Diaspora was due to the Nation as a whole rejecting Jesus of Nazareth as their Messiah. It appears that a trend has been set in motion. Prophetically, the Nation was re-born, it recaptured the Temple Mount; it is now ready to rebuild the 3rd Temple. Lastly, modern Israel seems to have a rendezvous with Christ as it was told to the Prophet Daniel, in the Last Days Israel will go through 'Jacob's Troubles' a time of testing and judgment. i.e., the Tribulation Period.

- 1) Mirrors the prophetic progression in reverse order of the similar elements from Israel's history.
- 2) It is possibly providing the next clue to the next prophetic event based on the historical sequence and pattern, the redemption of the Temple.

What is unique about the Jewish Diaspora is that Jews come from a variety of ethnic mixes and familiarity from a majority of Nations. It appears that the USA has played a vital role in the harboring of the bulk of the Jewish population. At least half of the entire Jewish population resides in the USA. What the USA will look like in the End of Days remains to be seen if such a support and ally will be there. According to Biblical prophecy, it will not be available.
