

**Department of Wisconsin
VFW Auxiliary
Membership Report
May/June 2021**

Congratulations to the 61 Auxiliaries that have reached 100% or more in membership for this year!! That is an especially awesome job done despite COVID 19! You are living proof that it can be done. I have sent personal emails to the other 55 auxiliaries that can still get it done by the end of June. 48 of you have less than 10 people to join or rejoin to reach 100% yet this year. You can do this!!!

A reminder from the National Membership Ambassador: Members who have not yet paid their 2021 dues are not in Good Standing at this time, however, they have until June 30, 2021 before they fall off the rolls of the organization. At that time, they will have to reapply for membership to join the VFW Auxiliary again. This alone is a reason for someone to pay their dues immediately!

There are more awards to be won:

I know that you have already filled out your state Year-End Reports and sent them in. But here is your opportunity to be recognized by the National VFW Auxiliary. The award form that you need to send into National is included in this bulletin packet. This is a great way for your members to be recognized for their great work. Check the bottom of the form for when and where to send in the report.

But then do one more thing – SEND ME A COPY and you could be rewarded at our State Convention, too. Either email it to me at faelford@outlook.com or snail mail it to me at my address below.

Together we can “Soar Like an Eagle for our Veterans” and continue “Honoring our Mission to Serve Veterans”.
