

This is a **DRAFT** version of the Council Packet provided to the City Council in advance of a Council Meeting. This may not include every document received by the Council, but is provided by the city in this draft version as a courtesy to the public. Some material provided to the Council in the packets is not public information and has therefore been withheld.

If you have questions about this draft version of the Council packet, you can contact the City Secretary by phone at 254-442-2111 Ext. 113, or by email at <a href="mailto:citysecretary@ciscotexas.gov">citysecretary@ciscotexas.gov</a>.

Tammy Osborne

City Secretary

City of Cisco

# THE CITY OF CISCO CITY COUNCIL, REGULAR CALLED MEETING March 10, 2025

# CISCO, TEXAS § EASTLAND, COUNTY §

The City Council of the City of Cisco met in a regular called session at the Cisco Council Chambers in Cisco as scheduled, and notice was posted 72 hours in advance and prior to the meeting.

#### MEMBERS PRESENT:

MAYOR	STEPHEN FORESTER
COUNCILMEMBER PLACE I	JASON WHETSTONE
COUNCILMEMBER PLACE II	ROBERT JOHNSTON
COUNCILMEMBER PLACE III	VACANT
COUNCILMEMBER PLACE IV	NATHAN BRUNER
COUNCILMEMBER PLACE V	CHRIS JOHNSON
PERSONNEL PRESENT:	
CITY MANAGER	SARAH ADAMS
FINANCE DIRECTOR	PEGGY LEDBETTER
PERSONNEL ABSENT:	
COUNCILMEMBER PLACE VI	TRAVIS TOOF
CITY SECRETARY	TAMMY OSBORNE

Guests: Stephanie Alexander, Ervin Light, Barbara Light, Kenneth Preston, Lee Risdon

# I. MEETING CALLED TO ORDER:

Mayor Forester called the meeting to order at 6:00 p.m.

#### II. PLEDGES

- A. Pledge of Allegiance
- B. Pledge to the Texas Flag

# III. INVOCATION:

Councilmember Whetstone gave the invocation.

# IV. CITIZEN-VISITOR COMMENTS:

Mr. Light asked for a speed bump to be installed in front of his residence near the football field to slow traffic on W. 4<sup>th</sup> Street.

Ms. Alexander addressed the Council saying that she was interested in serving on the Council and wanted more information about why utility rate increases were necessary when tax rates were just below voter approval rates.

# V. APPROVE MINUTES OF THE MEETING CONDUCTED ON:

## • February 24, 2025

Councilmember C. Johnson had questions about Councilmember W. Johnson being listed on the minutes since he had resigned and Mayor Forester said he would refer the question to the City Secretary.

Motion was made by Councilmember Johnston to approve the minutes as presented, second was made by Councilmember Whetstone. Motion prevailed by the following vote:

Ayes: Councilmembers: Whetstone, Johnston, Bruner, C. Johnson, Forester

Nays: None/Motion Carries

Voted: 5 to 0 Absent: Toof

#### VI. REPORTS:

• City Manager Report—Ms. Adams presented the City Manager's report.

# VII. THE CITY COUNCIL MAY DISCUSS AND/OR TAKE ACTION ON ANY OF THE FOLLOWING AGENDA ITEMS:

#### A. Consider and Discuss Ordinance No. 0-2025-01

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CISCO, TEXAS PROVIDING THAT THE CITY'S CODE OF ORDINANCES BE AMENDED BY REVISING CHAPTER 20 "UTILITIES", ARTICLE II "WATER AND SEWER SERVICE", INCREASING DEPOSIT FEES AND CONNECTION FEES, AND AMENDING SEWER RATES; AND ESTABLISHING AN EFFECTIVE DATE. (First Reading)

Ms. Adams explained that the purpose of the ordinance was to add polycart delivery and removal fees to be included in the connect fee and deposit fees respectively. Historically, the city has absorbed this cost as a courtesy. She added that she was also requesting an amendment to the wastewater rates to remove the "over 65" terminology from the wastewater rate to align more with the existing "disabled rate" for trash. Councilmember Johnston had issues with removing the discount from elderly people that might be on fixed incomes, and Ms. Adams suggested that if the Council is concerned about that then perhaps the age limit could be raised to 'over 75'. Councilmember C. Johnson was interested in how many accounts would be affected by changing the rates and whether or not the savings would be worth it to the city.

Motion was made by Councilmember Bruner to table the item pending more information, second was made by Councilmember C. Johnson. Motion prevailed by the following vote:

Ayes: Councilmembers: Whetstone, Johnston, Bruner, C. Johnson, Forester

Nays: None/Motion Carries

Voted: 5 to 0 Absent: Toof

# B. Consider and Discuss Amending 2025 Holiday Schedule.

Mayor Forester began discussion saying that certain employees are paid overtime for holidays and removing some holidays would cut down on costs. Ms. Adams added that department heads have been notified of the potential change and had no objections.

Motion was made by Councilmember C. Johnson to accept the amended holiday schedule as presented, second was made by Councilmember Whetstone. Motion prevailed by the following vote:

Ayes: Councilmembers: Whetstone, Johnston, Bruner, C. Johnson, Forester

Nays: None/Motion Carries

Voted: 5 to 0 Absent: Toof

# C. Announcements for City Council.

Mayor Forester informed the Council and guests that the last day to file for an application to be on the ballot for the Special Election to fill the vacancy in Place III would be March 24, 2025 at 5:00 p.m.

#### VIII. ADJOURNMENT

Motion was made by Councilmember Bruner to adjourn, second made by Councilmember Johnston. Motion passed unanimously and the meeting adjourned at 6:29 p.m.

March 24, 2025

To the Mayor, City Council, and Management of the City of Cisco, Texas

I have audited the financial statements of the governmental activities, business-type activities, each major fund, the discretely presented component units, and the aggregate remaining fund information of the City of Cisco, Texas (the "City") for the year ended September 30, 2024. Professional standards require that I provide you with information about my responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of my audit. I have communicated such information in my letter to you dated November 13, 2024. Professional standards also require that I communicate to you the following information related to my audit.

# Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended September 30, 2024. I noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the government-wide financial statements was:

Management's estimate of the useful lives of long-term assets for which to base depreciation expense. The City's estimates are based prior experience with actual useful lives performance for City infrastructure, equipment, and other assets. I evaluated the key factors and assumptions used to develop the useful lives estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

I encountered no significant difficulties in dealing with management in performing and completing my audit.

## Corrected and Uncorrected Misstatements

Professional standards require me to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all material and immaterial misstatements as shown at Attachment 1.

# Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to my satisfaction, that could be significant to the financial statements or the auditor's report. I am pleased to report that no such disagreements arose during the course of my audit.

# Management Representations

I have requested certain representations from management that are included in the management representation letter dated March 24, 2025.

# Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, my professional standards require the consulting accountant to check with me to determine that the consultant has all the relevant facts. To my knowledge, there were no such consultations with other accountants.

# Other Audit Findings or Issues

I generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City's auditor. However, these discussions occurred in the normal course of my professional relationship and my responses were not a condition to my retention.

# Other Matters

During my audit, I also identified the following internal control matters that are less serious than a material weakness or significant deficiency, yet still merit reporting to management and the City Council:

# • Finding 2024-001 – Inadequate Financial Management and Oversight

At September 30, 2024, the City's General Fund had a negative unassigned fund balance of (\$505,385) and the City also had past due invoices due to low cash balances. The City should raise rates, cut expenses, and take other actions needed to improve the City's financial health and restore this fund balance to a positive balance.

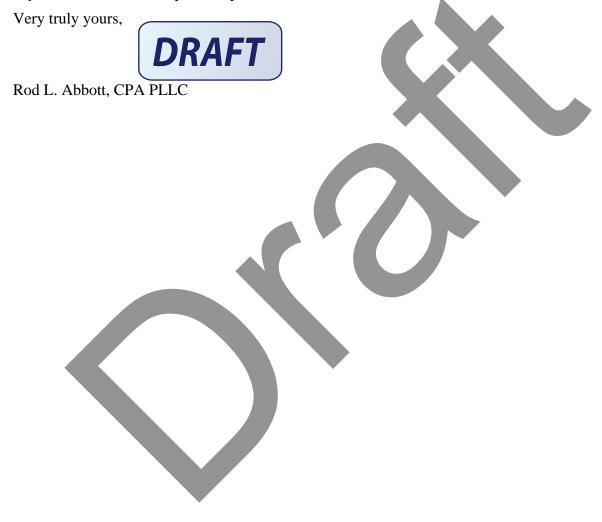

There were three past due sanitation invoices totaling \$191,897. The water meter installation vendor was owed \$232,211. The City had also received four sales tax payments for the CDC 4A and 4B corporations totaling \$360,286 that had not been remitted to these corporations at year-end.

The City's main checking account for the General Fund and the Water and Sewer Fund (the "Multifund"), had a very low year-end balance of \$32,504. The City should restrict fiscal year 2025 expenditures as much as possible to help improve the Multifund cash balance.

I applied certain limited procedures to management's discussion and analysis, the General Fund's budget versus actual schedule, and the TMRS pension schedule, which are required supplementary information (RSI) that supplements the basic financial statements. My procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

# Restriction on Use

This information is intended solely for the information and use of the City Council and management of the City of Cisco, Texas and is not intended to be, and should not be, used by anyone other than these specified parties.

#### INDEPENDENT AUDITOR'S REPORT

To the Mayor, City Council, and Management of the City of Cisco, Texas

# **Opinions**

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the discretely presented component units, and the aggregate remaining fund information of the City of Cisco, Texas (the "City"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the discretely presented component units, and the aggregate remaining fund information of the City of Cisco, Texas as of September 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Basis for Opinions**

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am required to be independent of the City, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

# **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

# Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*. I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

# **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, General Fund budgetary comparison schedule, and the pension schedule be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated March 24, 2025, on my consideration of the City's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the City of Cisco's annual financial report presents management's discussion and analysis of the City's financial performance during the fiscal year ended September 30, 2024. Please read this in conjunction with the City's financial statements, which follow this section.

# FINANCIAL HIGHLIGHTS

- On the government-wide Statement of Net Position, the assets and deferred outflows of the City exceeded its liabilities and deferred inflows of resources by \$14,118,078 (net position). Total net position increased \$255,786 during fiscal year 2024.
- As of September 30, 2024, the City's total governmental funds reported ending fund balances of (\$484,383). The General Fund's fund balance of (\$505,385) decreased by (\$93,170) during the fiscal year.
- The Water and Sewer Fund's net position totaled \$12,513,453 at September 30, 2024 and the unrestricted portion of net position totaled \$484,824. Total net position for this fund increased by \$398,924 in 2024, but unrestricted net position decreased by (\$750,139), or (60%), during fiscal year 2024.

## OVERVIEW OF THE FINANCIAL STATEMENTS

Management's discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements - The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The Statement of Net Position presents information on all of the City's assets, deferred inflows / outflows of resources, liabilities and net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include police, fire, streets, sanitation, animal control, parks and recreation, airport, and general administrative services. The business-type activities of the City include water and sewer operations.

The government-wide financial statements include not only the City (known as the primary government), but also the legally separate Cisco 4A and 4B Economic Development Corporations, for which the City is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government.

Fund Financial Statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains two governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund and the Airport Fund. The General Fund is the only major governmental fund.

Proprietary Funds: The City maintains one type of proprietary fund, which is the Water and Sewer Fund. A proprietary-type fund reports the same functions presented as business-type activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer Fund, which is considered to be a major fund of the City. The Water and Sewer Fund is presented in the business-type activities in the government-wide financial statements.

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's General Fund budget versus actual results and progress in funding its obligation to provide pension benefits to its employees.

## **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Cisco, Texas, total net position as of September 30, 2024 is \$14,118,078. The largest portion of the City's net position, \$12,198,297 (86%), reflects its investment in capital assets (e.g., land, buildings and improvements, water and sewer improvements, vehicles and equipment, infrastructure, and construction in progress), less any debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

	Government	al Activities	Business-ty	pe Activities	Total			
	FY24	FY23	FY24	FY23	FY24	FY23

Total net position	\$ 1,604,625	\$ 1,549,116	\$ 12,513,453	\$ 12,102,253	\$ 14,118,078	\$ 13,651,369		
Unrestricted			484,824	1,234,963	202,291	784,554		

An additional portion of the City's net position of \$1,717,489 (12%) represents resources that are subject to external restrictions on their usage. All restricted assets of the City relating to both governmental activities and business-type activities are being held for purposes established by federal, state and local laws, future construction, and debt service reserve requirements on the City's outstanding debt. The remaining balance of unrestricted net position in the amount of \$202,291 (2%) may be used to meet the City's ongoing obligations to citizens and creditors.

## Governmental Activities:

The City's total revenue for governmental activities was \$4,461,800, of which 34% was from property taxes and 29% was from sales taxes, franchise taxes, and other taxes. The total expenses for all programs were \$4,604,938. Approximately 31% was for police and court, 19% was for fire protection, and 16% was for administration. Governmental activities showed a decrease in net position of (\$143,138) in 2024.

# Business-type Activities:

The City's total revenue for business-type activities was \$2,463,560, including \$1,790,825 for charges for services. Total Water and Sewer Fund expenses were \$2,064,636. Business-type activities had a net increase in net position of \$398,294 compared to a decrease of (\$36,871) in the prior year.

## FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds - The focus of the City's governmental funds is to provide information on near-term inflows and outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the unassigned fund balance was (\$505,385), which is a (\$93,170) decrease during fiscal year 2024.

# General Fund Budgetary Highlights:

Total actual revenues for the year were underbudget by (\$374,625), while the actual expenditures were below the budgeted projections by \$388,330. These variances, combined with other variances from the "Other Financing Sources" section, resulted in a net positive variance of \$6,784 when compared with amended budgeted amounts.

# CAPITAL ASSETS AND DEBT ADMINISTRATION

The City constructed or acquired \$1,641,171 of new capital assets in 2024. Approximately \$1.5 million of on-going water and wastewater treatment plant improvements were the most significant capital asset additions for 2024.

For 2024, the City did not issue any new debt. The City did repay principal on existing debt of \$763,672 in 2024.

More detailed information about the City's capital assets and long-term debt is presented in the notes to the financial statements.

# ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City's elected and appointed officials considered many factors and available resources from property tax revenues, water/sewer revenues, and other income sources when setting the 2025 fiscal year budgets and the property tax rate. The City adopted the property tax rate at \$0.633217 per \$100 of assessed valuation for fiscal year 2025.

# REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City's finances for all of those with an interest in the government's finances. Questions concerning any of the information in this report or requests for additional financial information should be addressed to the City of Cisco, Texas, Attn: Finance Manager, 500 Conrad Hilton Blvd, Cisco, Texas 76437.

# Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position at September 30, 2024

Fund balances of governmental funds	\$ (484,383)
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and,	
therefore, are not reported in the funds.	2,581,945
The net pension asset reported for governmental activities is not a current	
financial resource and, therefore, is not reported in the funds.	280,466
Deferred outflows of resources related to pension balances do not provide current financial resources and, therefore, are not reported in the governmenta	
funds.	234,861
Deferred inflows of resources related to pension balances do not require the use of current financial resources and, therefore, are not reported in the governmental funds.	(329,144)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.	(754,903)
Accrued interest payable for governmental-type long-term debt is recognized in the governmental activities in the statement of net position.	(11,073)
Property taxes not received at year-end are shown as deferred income on the fund financial statements, but the amount should not be shown as deferred on the statement of net position.	86,856
Net position of governmental activities	\$ 1,604,625

# City of Cisco, Texas Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds To the Statement of Activities For the Year Ended September 30, 2024

### Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (101,890)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays in the current	(225 (22)
period.	(235,622)
Current year changes in accrued interest does not require the use of current financial resources and, therefore, is not reported as an expenditure in the governmental funds.	1,915
New long-term debt issuances are an other financing source for the governmental funds, but this	
source is removed for the government-wide financial statements.	-
Principal payments on long-term debt are an expenditure for the governmental funds, but this	
expenditure is removed for the government-wide financial statements.	123,165
Various other reclassifications and eliminations are necessary to convert from the modified accrual	
basis of accounting to accrual basis of accounting. These include recognizing the change in deferred revenue and various other items. The net effect of these reclassifications is to decrease net position.	(76,490)
Other modifications are necessary to convert from the modified accrual basis of accounting to	
accrual basis of accounting for pension expense. The net effect of these adjustments is to increase net position.	145,784
Change in net position of governmental activities:	(\$ 143,138)

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. REPORTING ENTITY

The City of Cisco (the "City") operates under a charter and it prescribes the "Council - Manager" form of government. The City is governed by a mayor and a six-member council. The principal services accounted for as primary governmental functions include public safety, streets, sanitation, parks and recreation, tourism, and general administrative services. In addition, the City maintains the water and sewer system for which operations are accounted for in a proprietary-type fund.

Discretely Presented Component Units: The Cisco Development Corporation (the "CDC4B") and the Cisco 4A Development Corporation ("the CDC4A") are non-profit corporations specifically governed by Sections 4A and 4B of the Development Corporation Act of 1979, Tex. Rev. Civ. Stat. Ann. Art 5190.6. The CDC4B and CDC4A were organized exclusively for the purposes of benefitting and accomplishing public purposes of the City by promoting, assisting and enhancing economic development activities for the City as provided by the Development Corporation Act of 1979. The board members of both corporations are appointed by the City of Cisco City Council and the operating budgets of both corporations are subject to approval by the City Council. The CDC4B and CDC4A do not meet the criteria for blending and are, therefore, reported discretely in the statement of net position and the statement of activities. Discretely presented component units are reported in separate columns of the financial statements to emphasize they are legally separate from the City. There are no separately issued financial statements for the CDC4A or CDC4B.

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements consist of the statement of net position and the statement of activities. The government-wide financial statements report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are reported separately from business-type activities. Governmental activities are normally supported by taxes and intergovernmental revenues whereas business-type activities are normally supported by fees and charges for services. Similarly, the primary government is reported separately from legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements.

#### C. BASIS OF ACCOUNTING

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Government fund financial statements are reported using the current financial resources measurement focus and modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenue to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting; however, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded when payment is due.

Revenue sources such as sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental fund:

General Fund - This fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The City reports the following major proprietary fund:

Water and Sewer Fund - This fund is used to account for water and sewer services provided to the citizens of Cisco, Texas. The fund operates the water distribution system, the sewage treatment plant, sewage pumping stations, and collection systems for which commercial and residential users are charged fees.

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Any residual balances outstanding at year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities and business-type activities are eliminated so that only net amounts are included as "internal balances" on the statement of net position.

Amounts reported as program revenues include charges to customers or applicants for goods, services, or privileges provided; operating grants and contributions; and capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. All taxes are included as general revenues.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing goods and services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Sewer Fund are charges to customers for sales and services. Operating expenses for enterprise funds include the personnel expenses, contractual services, supplies and other expenses, administration, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

## D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY

#### 1. Deposits and Investments

The City considers deposits with an initial maturity of ninety days or less to be cash equivalents. The City classifies all certificates of deposit as investments. The City is authorized to invest in obligations collateralized by the FDIC; the U.S. Government; the State of Texas; or obligations of Texas counties, cities, or other political subdivisions the State of Texas with a quality rating of not less than "A". The City's investment policy authorizes investments in certificates of deposit with depository banks of the City, other state or national banks that are insured by FDIC, investment pools with a rating of AAA or AAAm, or treasury securities issued by the federal government.

#### 2. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the year is referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the City's governmental activities and business-type activities are reported in the government- wide financial statements as "internal balances."

All trade and property taxes receivables are shown net of an allowance for uncollectables. Trade accounts receivable in excess of 60 days comprise the trade accounts receivable allowance for uncollectables. The property tax receivable allowance is equal to 40 percent of outstanding property taxes at each fiscal year-end.

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

#### 3. Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method and consist of expendable supplies, vehicle repair parts, and fuel. The cost of such inventories is recorded as expenditures/expenses when consumed rather when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

#### 4. Restricted Assets

Certain proceeds of enterprise fund revenue bonds, as well as resources set aside for their repayment, are classified as restricted assets on the statement of net position because they are maintained in separate bank accounts and their use is limited by applicable bond covenants. The enterprise fund reports such proceeds of revenue bond issuances that are restricted for use in construction, debt service, and capital maintenance.

#### 5. Capital Assets

Capital assets which include property, plant, equipment, and infrastructure assets (roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns of the government-wide financial statements.

Capital assets are defined as assets with a normal service life greater than one year and an initial individual cost of more than \$5,000.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest during construction is capitalized to the extent that interest costs exceed interest income on externally restricted bond proceeds. The amount of interest capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

	Depreciable
Asset Category	Life in Years
Buildings and improvements	40
Water & Sewer System infrastructure	20-100
Equipment	5-10
Streets and other infrastructure	20-40

#### **6.** Compensated Absences

The City's policy does permit employees to accumulate unused vacation pay benefits. All vacation pay is accrued when incurred in the government-wide and proprietary-type fund financial statements.

#### 7. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### 8. Fund equity

In the government-wide financial statements, equity is shown as net position and classified into three components:

Net investment in capital assets - Capital assets, net of accumulated depreciation and reduced by the outstanding balance of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

Restricted - Consists of assets with constraints placed on the use either by 1) external groups such as creditors, granters, contributors, or laws or regulations of other governments; 2) law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first and then unrestricted resources, as they are needed.

Unrestricted -All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. Fund balances may be restricted or unrestricted (the total of committed, assigned, and unassigned fund balance). The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). Fund balance for governmental funds can consist of the following:

Non-spendable fund balance - includes those amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.

Restricted fund balance - includes amounts that are restricted for specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.

Committed fund balance - includes amounts that can only be used for the specific purposes determined by a formal action of the City's highest level of decision-making authority. The City Council is the highest level of decision-making authority for the City that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Assigned fund balance - Comprises amounts intended to be used for a specific purpose, as expressed by City Council, by a designated official or committee. By adopting this policy, the City Council has hereby authorized the City Manager as the official to assign fund balance to a specific purpose. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed, as it is intended to be used for the purpose of that fund.

Unassigned fund balance - This is the excess of total fund balance over non-spendable, restricted, committed, and assigned fund balance. Unassigned amounts are technically available for any purpose.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

#### 9. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### 10. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. The City has one item that qualifies for reporting in this category. There are the deferred pension outflows on the statement of net position.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Accordingly, the deferred pension inflows consist of the differences in projected and actual earnings and expected and actual experience.

The Water and Sewer Fund also has a deferred inflow of resources for Texas Water Development Board loan forgiveness funds held in restricted escrow cash accounts at Amegy Bank. The funds are released from escrow as expenditures for qualifying water system improvements are made. Those funds are then realized as grant income.

#### 11. Pension Plan

For the purposes of measuring the net pension liability/asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported to the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Information regarding the City's Total Pension Liability is obtained from TMRS through a report prepared for the City by TMRS consulting actuary, Gabriel Roeder Smith & Company, in compliance with Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27. Allocations of pension items to the City's governmental and business-type activities are determined on the basis of employee payroll funding.

#### NOTE 2 - STEWARDSHIP, COMPLIANCE AND RESPONSIBILITY

#### A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund, Water & Sewer Fund, Airport Fund, Cisco 4A Development Corporation component unit, and the Cisco 4B Development Corporation component unit. The appropriated budget is prepared by fund and department, which is the legal level of budgetary control.

Prior to the beginning of the fiscal year, the City prepares a budget for the next succeeding fiscal year. The operating budget includes proposed expenditures and the means of financing them. A meeting of the City Council is then called for the purpose of adopting the proposed budget. At least ten days public notice of the meeting must have been given. Prior to the start of the fiscal year, the budget is legally enacted through passage of a resolution by the City Council. Once a budget is approved, it can be amended only by approval of a majority of the members of the City Council. As required by law, such amendments are made before the fact, and are reflected in the official minutes of the City Council.

During the year, the budget was amended as necessary. The legal level of budgetary control (i.e., the lowest level at which expenditures may not legally exceed appropriation) is the fund level.

#### **B.** Excess of Expenditures over Appropriations

Departmental expenditures in the General Fund exceeded appropriations as follows: Sanitation – (\$57,705) and General Government – (\$11,137). However, total General Fund expenditures were below budgeted amounts by \$388,330.

#### **NOTE 3 - DEPOSITS AND INVESTMENTS**

#### <u>Custodial Credit Risk – Deposits</u>

State law requires governmental entities to contract with financial institutions in which fund will be deposited to secure those deposits with insurance or pledged securities with a fair value equaling or exceeding the amount on deposit at the end of each business day. The pledged securities must be in the name of the governmental entity and held by the entity or its agent. Since the City complies with this law, it has no custodial credit risk for deposits.

#### **Investment Balances**

As of September 30, 2024, the City had the following investments:

#### Investment Type:

Certificates of Deposit - Prosperity Bank at fair value \$ 166,880 Investment Pool - TexPool at amortized cost 70,509 Total: \$ 237,389

**Interest rate risk** – To limit the risk that changes in interest rates will adversely affect the fair value of investments, the City requires at least half of the investment portfolio to have maturities of less than one year on a weighted average maturity basis.

Credit risk – To limit the risk that an issuer or other counterparty to an investment will not fulfill its obligations the City limits investments in certificates of deposit or publicly funded investment pools to the top ratings issued by nationally recognized statistical rating organizations (NRSROs). As of September 30, 2024, the City's investments in certificates of deposit and investment pools were rated A1 by Standard and Poor's.

Concentration of credit risk – To limit the risk of loss attributed to the magnitude of a government's investment in a single issuer, the City limits investments to less than 5% of its total investments. The City further limits investments in a single issuer when they would cause investment risk to be significantly greater in the governmental and business-type activities, individual major funds, aggregate non-major funds and fiduciary fund types than they are in the primary government. Usually, this limitation is 20%.

**Foreign Currency Risk for Investments** – To City limits the risk that changes in exchange rates will adversely affect the fair value of an investment by limiting all investments denominated in a foreign currency to zero.

#### **Investment Accounting Policy**

All investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest earning investment contracts.

#### Unrestricted Cash and Certificates of Deposits with Local Financial Institutions

Primary government carrying balances for these deposits total \$1,058,841, and the bank balances total \$1,130,950 at September 30, 2024. Of the \$1,130,950 bank balance, \$421,925 was insured by the F.D.I.C. and the local financial institutions pledged securities to fully cover the remaining bank balance of \$709,025.

#### NOTE 3 - DEPOSITS AND INVESTMENTS - CONTINUED

#### Restricted Cash with Other Financial Institutions

Restricted cash totaling \$5,095,713 consists primarily of debt escrow accounts and other accounts restricted for debt service. Escrow accounts are deposited with Amegy Bank, and as part of the related debt agreements, Amegy Bank is required to pledge securities for all balances above F.D.I.C. insured amounts.

#### **Public Funds Investment Pools**

The City's investments in Pools use amortized cost to value portfolio assets and follows the criteria for GASB Statement No. 79 for use of amortized cost. These Pools do not place any limitations or restrictions such as notice periods or maximum transaction amounts on withdrawals. The Pools have a credit rating of AAAm from Standard & Poor's Financial Services. Local government investment pools in this rating category meet the highest standards for credit quality, conservative investment policies, and safety principle. The Pools each invest in a quality portfolio of debt securities that are legally permissible for local governments in the state.

#### **NOTE 4- CAPITAL ASSETS**

Governmental fund type capital asset activity for the year ended September 30, 2024 is as follows:

	Beginning		Retirements	Ending
_	Balance	Additions	and Reclasses	Balance
Nondepreciable assets:				
Land	\$ 482,698	\$ -	\$ -	\$ 482,698

#### NOTE 5 - INTERFUND BALANCES AND TRANSFERS

The interfund due to/due from balances at September 30, 2024 are as follows:

#### Due to/from other funds:

	Receivable Fund	Payable Fund	Amount
	Water and sewer	General	\$ 617,213
Net internal balances:			\$ (617,213)

There were no transfers to and from other funds during the fiscal year ended September 30, 2024.

#### NOTE 6 – ACCOUNTS AND NOTES RECEIVABLES

Receivables at September 30, 2024 consisted of the following:

		Primary G	overnm	ent	Comp	ponent Unit	Component Unit		
			Water a	and Sewer		`			
	Gene	ral Fund	F	Fund	C	DC 4A	C	DC 4B	
Property tax	\$	144,759	\$	-	\$	-	\$	-	
Sales tax		167,778		<i>/</i>		83,889		83,889	
Notes		-		-		191,951		306,008	
Due from primary government		-		-		180,143		180,143	
Other		-		-		5,253		10,987	
Sanitation and water bills		130,823		305,847					
Gross receivables		443,360		305,847		461,236		581,027	
Less: Allowance for									
uncollectables		(135,869)		(181,920)					
Net receivables	\$	307,491	\$	123,927	\$	461,236	\$	581,027	

The CDC4A has one note receivable for \$191,151 at September 30, 2024. The note bears an interest rate of 5.5% with a monthly payment of \$2,344.

The CDC4B has four notes receivable totaling \$306,008 at September 30, 2024. The notes have interest rates ranging from 0% to 4%, with monthly payments ranging from \$500 and \$1,414.

#### **NOTE 7 - LONG-TERM OBLIGATIONS**

In February 2008, the City Council passed an ordinance authorizing the issuance of the City of Cisco, Texas Combination Tax and Revenue Certificate of Obligation, Series 2008 in the amount of \$2,200,000 for the purpose of improving its water treatment facilities. The bonds are interest-free and principal is due annually beginning February 15, 2011 and continuing on each succeeding February 15<sup>th</sup> until fully retired in 2038.

In May 2014 the City Council passed an ordinance authorizing the issuance of the City of Cisco, Texas Combination Tax and Surplus Revenue Certificate of Obligation, Series 2014 in the amount of \$475,000 for the purpose of improving its water distribution system. The bonds bear interest rates varying from 0.00%-2.24% due in semiannual installments on each February 15<sup>th</sup> and August 15<sup>th</sup> beginning in 2014. This certificate of obligation was paid off in fiscal year 2024.

#### **NOTE 7 - LONG-TERM OBLIGATIONS - CONTINUED**

The City entered into a Type A financing lease agreement dated November 10, 2015, for the acquisition of a new motor grader in the amount of \$226,300. The City agreed to make monthly installment payments beginning December 16, 2015 of \$1,314 including imputed interest at a 2.5% rate. A balloon payment of \$173,814 was due November 3, 2020. The City refinanced the motorgrader for 60 months on December 20, 2020 at a rate of 2.99%, with monthly amounts of \$2,619.14 for 60 months and a final payment of \$136,619.

The City entered into a Type A financing lease agreement dated November 16, 2015, for the acquisition of a new vibratory soil compactor in the amount of \$132,800. The City agreed to make monthly installment payments beginning December 10, 2015 of \$1,378 including imputed interest at a rate of 2.5%. Since the risks and benefits of ownership were assumed by the City, the lease has been accounted for as a capital lease which is in substance a purchase. In December 2020, the City refinanced the lease for an additional 47 months at a rate of 2.99% and monthly payments of \$1,361.46

In May 2018 the City Council passed an ordinance authorizing the issuance of the City of Cisco, Texas Combination Tax and Surplus Revenue Certificate of Obligation, Series 2018A in the amount of \$4,565,000 for the purpose of improving its water distribution system. The bonds bear an interest rate of 0.00%. Principal payments are due in annual installments on each February 15<sup>th</sup> beginning in 2021 and continuing each succeeding year until fully retired in 2049.

In May 2018 the City Council passed an ordinance authorizing the issuance of the City of Cisco, Texas Combination Tax and Surplus Revenue Certificate of Obligation, Series 2018B in the amount of \$1,550,000 for the purpose of improving its water distribution system. The bonds bear interest rates varying form 0.76% - 2.13% due in semiannual installments on each February 15<sup>th</sup> and August 15<sup>th</sup> beginning in 2019 and continuing each succeeding year until fully retired in 2049.

In October 2018, the City Council passed an ordinance authorizing the issuance of Public Property Finance Contract #8419 in the amount of \$57,796 for the purpose of compact track loader. The contract was issued in October 2018 and bears an interest rate 4.93% due in annual installments on each October 31<sup>st</sup> beginning in 2019. This debt was paid off in fiscal year 2024.

In September 2019, the City Council passed an ordinance authorizing the issuance of Public Property Finance Contract #8783 in the amount of \$36,633 for the purchase of an excavator. The contract was issued in September 2019 and bears an interest rate of 5.34% due in annual installments on each October 17<sup>th</sup> beginning in 2021. This debt was paid off in fiscal year 2024.

In October 2020, the City Council passed an ordinance authorizing the issuance of General Obligation Refunding Bonds, Series 2020, in the amount of \$3,041,000 for the purpose of refunding Water Works and Sewer System Revenue Bonds, Series 2001 in the amount of \$782,000 and Combination Tax & Revenue Certificates of Obligation, Series 2008-A in the amount of \$2,200,000. The bonds bear an interest rate of 2.15% due in semiannual installments on each June 15<sup>th</sup> and December 15<sup>th</sup> beginning in 2021 and continuing each succeeding year until fully retired in December of 2035.

In November of 2020, the City Council authorized the issuance of Public Property Finance Contract #9290 in the amount of \$1,108,648 for the purpose of refinancing Public Property Finance Contract #7273. The contract bears an interest rate of 3.00% with payments due in semi-annual installments of \$61,776 on each January 15<sup>th</sup> and July 15<sup>th</sup> beginning in 2021 and continuing each succeeding year until fully retired on January 15<sup>th</sup>, 2031.

In October 2021, the City Council passed an ordinance authorizing the issuance of Public Property Finance Contract #9752 in the amount of \$528,435 for the purpose of acquiring a fire truck. The contract was issued in December 2021 and bears an interest rate of 2.62% due in annual installments of \$66,672 on each December 8<sup>th</sup> beginning in 2022 and continuing each succeeding year until fully retired in December of 2031.

#### NOTE 7 - LONG-TERM OBLIGATIONS - CONTINUED

In March of 2023, the City Council passed an ordinance authorizing the issuance of Public Property Finance Contract #10258 in the amount of \$47,389 to acquire a police vehicle and a belly dump trailer. The note payable bears an interest rate of 6.69% due in annual installments of \$11,464 on each April 27<sup>th</sup> beginning in 2024 and continuing each succeeding year until fully retired in April of 2028.

In June of 2023, the City Council passed an ordinance authorizing the issuance of Public Property Finance Contract #10430 in the amount of \$476,920 to acquire water meters. The note payable bears an interest rate of 5.49% due in annual installments of \$63,242 on each September 18<sup>th</sup> beginning in 2024 and continuing each succeeding year until fully retired in April of 2033.

Long-term debt activity for the year ended September 30, 2024 is as follows:

	Interest Rates	Original Amount	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental-type activities:							
Type A Financing Lease - Roller	2.50%	\$ 64,989	\$ 23,957	\$ -	\$ (15,821)	\$ 8,136	\$ 8,136

#### **NOTE 8 - RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, injuries to employees, and natural disasters. The City carries commercial insurance for all such risks of loss through Texas Municipal League. There were no significant reductions in commercial insurance coverage in the past fiscal year and settled claims resulting from these risks have not exceeded coverage in the past fiscal year.

#### **NOTE 9 - PENSION PLAN**

#### A. Plan Description

The City participates in a nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency defined pension plan administered in accordance with the TMRS Act Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the system with a six-member board of trustees. Although the Governor, with advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues publicly available comprehensive annual financial report (CAFR) that can be obtained at www.tmrs.com. All eligible employees of the City are required to participate in TMRS.

#### **NOTE 9 - PENSION PLAN - CONTINUED**

#### B. Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS. At retirement, the benefit is calculated as if the sum of employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a partial lump sum distribution in an amount equal to 12, 24 or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

Plan provisions for the City were as follows:

Employee Deposit Rate

Matching (District to employee)

Years for full vesting

Service requirement eligibility
(expressed as age/years of service)

Updated service credit

Annuity increase (to retirees)

5.00%

2 to 1

5

60/5, 0/25

100% repeating,

Transfers

0% of CPI,

Repeating

At the December 31, 2023 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits:

Inactive employees entitled to buy, but not yet receiving benefits:

Active employees:

38

Total: 104

#### C. Contributions

The contribution rates for employees in TMRS are 5%, 6%, or 7% of employee gross earnings, and the City matching percentages are 100%, 150%, or 200%, as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each City is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City were required to contribute 5% of their annual gross earnings during the fiscal year. The contribution rates for the City were 7.38% and 7.75% in calendar years 2023 and 2024, respectively. The City's contributions to TMRS for the year ended September 30, 2024 were \$144,307, and were equal to the required contributions.

#### D. Net Pension Liability

The City's Net Pension Liability (NPL) was measured as of December 31, 2023, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

#### **NOTE 9 - PENSION PLAN - CONTINUED**

Actuarial assumptions

The Total Pension Liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.5% per year

Overall payroll growth 3.5% to 11.5%, including inflation

Investment Rate of Return 6.75%, net of pension plan investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees, ad beneficiaries were based on the gender-distinct RP2000 Combined Health Mortality Table, with male rates multiplied by 109% and female rates multiplied by 103%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Disabled Retiree Mortality Table is used, with slight adjustments.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2014 to December 31, 2018. They were adopted in 2019 and first used in the December 31, 2019 actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rates (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building - block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

		Geometric
	Target	Real Rate
Asset Class	Allocation	of Return
Global Equity	35.00%	6.70%
Core Fixed Income	6.00%	4.70%
Non-Core Fixed Income	20.00%	8.00%
Other Public/Private Markets	12.00%	8.00%
Real Estate	12.00%	7.60%
Hedge Funds	5.00%	6.40%
Private Equity	10.00%	11.60%

#### **NOTE 9 - PENSION PLAN - CONTINUED**

#### Discount Rate

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

Changes in the Net Pension Liability (Asset)		Increa	ase (Decrease)

Sensitivity of the net pension liability to changes in the discount rate

The following presents the net pension liability of the City, calculated using the discount rate of 6.75%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate.

				Current		
	1%	Decrease	Dis	count Rate	1%	6 Increase
		5.75%		6.75%		7.75%
Net pension liability (asset)	\$	346,795	\$	(286,284)	\$	(800,730)

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the Internet at <a href="https://www.tmrs.com">www.tmrs.com</a>.

#### NOTE 9 - PENSION PLAN – CONTINUED

#### E. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2024, the City recognized pension income of \$7,895.

At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred Inflows / Outflows of Resources	Deferred Inflows Defe	erred Outflows
	of Resources of	f Resources
Difference between expected and actual experience	\$ 316,560 \$	-
Changes of assumptions	19,301	-
Net difference between projected and actual earnings	-	127,970
Contributions subsequent to the measurement date	N/A	111,684
Totals:	\$ 335,861 \$	239,654

The amount of deferred outflows of resources related to pensions in the amount of \$111,684 resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2025.

Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Measurement Year	Ending:	
2024	\$	(128,152)
2025	`	(132,939)
2026		95,366
2027		(42,166)
2028		-
Thereafter		
	\$	(207,891)

#### **NOTE 10 - CONTINGENT LIABILITIES**

The City participates in grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the City has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable may be impaired. In the opinion of the City, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying basic financial statements for such contingencies.

#### **NOTE 11 – PRIOR PERIOD ADJUSTMENTS**

The City's fund balances and net position balance at the beginning of fiscal year 2024 were adjusted as follows:

Business-Type Activities Net Position	
Net position - beginning	\$ 12,102,253
Prior period adjustment for overstated long-term debt	12,276
Net position - beginning as restated	\$ 12,114,529
Governmental Fund Types Fund Balance	
General Fund balance - beginning	\$ (518,411)
Prior period adjustment for overstated payables	106,196
General Fund balance - beginning as restated	\$ (412,215)
Governmental-Type Activities Net Position	
Net position - beginning	\$ 1,641,567
Prior period adjustment for overstated payables	 106,196
Net position - beginning as restated	\$ 1,747,763

#### **NOTE 12 - COMMITMENTS**

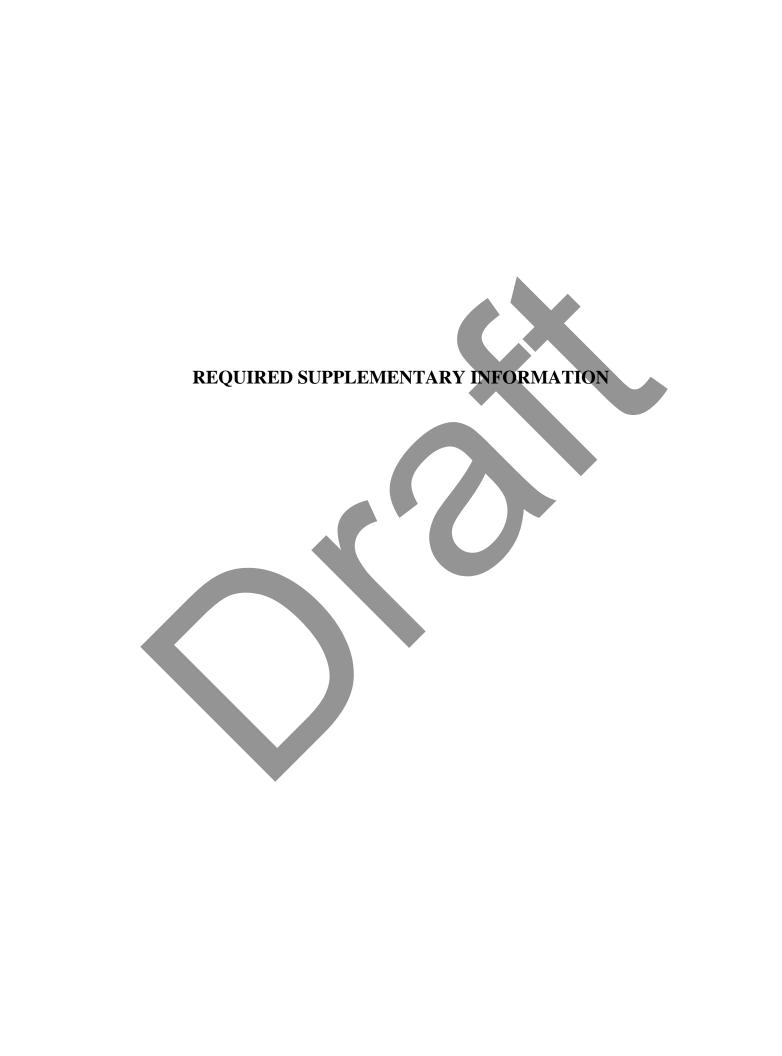

In November of 2023, the City Council approved a resolution to order a new fire truck with a cost of \$892,497. Delivery is not expected until approximately forty months after ordering and no payment or financing is required until the vehicle is operational and deliverable.

#### **NOTE 13 - SUBSEQUENT EVENTS**

In preparing these financial statements, management of the City has evaluated events and transactions for potential recognition or disclosure through March 24, 2025, the date the financial statements were available to be issued.

The City has identified the following subsequent events:

- 1) On October 20, 2024, the CDC 4B component unit of the City executed a 15-year, \$275,000 note payable agreement with First Financial Bank to assist in the financing of a City park project. The note has an interest rate of 5.947%. The monthly principal and interest payments of \$2,313.18 commence on November 30, 2024 and continue until the final payment is made on October 30, 2039.
- 2) On February 12, 2025, the City executed the issuance of Public Property Finance Contract #10952 in the amount of \$232,211 to finance the vendor payment for the water meter installations. The note payable bears an interest rate of 6.495% due in annual installments of \$34,030 on each September 18<sup>th</sup> beginning in 2025 and continuing each succeeding year until fully retired in September of 2033.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Mayor, City Council, and Management of the City of Cisco, Texas

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the discretely presented component units, and the aggregate remaining fund information of the City of Cisco, Texas (the "City"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Cisco, Texas's basic financial statements and have issued my report thereon dated March 24, 2025.

#### **Internal Control over Financial Reporting**

In planning and performing my audit of the financial statements, I considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, I do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. I did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2024-002, that I consider to be a significant deficiency.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### City of Cisco, Texas's Response to Findings

The City's response to the findings identified in my audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### City of Cisco, Texas Schedule of Findings and Questioned Costs For the Year Ended September 30, 2024

#### **Section I – Findings Related to the Financial Statements**

Reference Number - 2024-002

**Condition Found:** 

Context:

Criteria:	The City should have a process to monitor and reconcile payable
	balances on a monthly basis. The City should have a water billing
	system that procedures accurate water billings and receivable
	reports.

**Balances** 

reports. The monthly water billing summary is also not accurate.

The City should have a monthly reconciliation process to ensure all unpaid vendor invoices have been posted as payables, and each Fund's month-end payable balance is accurate. The City's water billing system needs to produce accurate monthly billing summaries to support water revenue totals posted to the

The City had several unposted vendor payables at year-end and the water billing system was not producing accurate receivable

Inaccurate Payable, Receivable, and Water Billing System

accounting system.

Effect: Before audit adjustments, accounts payable balances for both the

General Fund and the Water and Sewer Fund were significantly understated. Water billing reports could not be used to support

water revenue totals for 2024.

Cause: Incomplete posting of vendor payables and inaccurate water

billing system monthly reports and water bill receivables.

Questioned Costs: N/A

Recommendation: I recommend the City implement a monthly accounts payable

reconciliation process, and contact Incode customer support for

the water billing system issues.

View of Responsible Officials: The City will contact Incode about these issues and also consider

implementing the recommended monthly reconciliation.

Status of Prior Year Findings: N/A

#### Section II - Schedule of Prior Year Findings and Questioned Costs:

This section is not applicable for fiscal year 2024.

## GRANT OF LICENSE TO POSSESSION, USE AND ENJOYMENT OF REAL PROPERTY

THE STATE OF TEXAS )	KNOW ALL MEN BY THESE PRESENTS:
COUNTY OF EASTLAND)	

This license made and entered into by and between the City of <u>Cisco</u> hereinafter called "Grantor", and Marcia Hale, hereinafter called "Grantee", this the 24th day of March, 2025.

WHEREAS, it has been brought to the attention of Grantor that necessary drainage improvements be located in Lots 1-6 Block 9, Rosewell Addition, 605 W. 17<sup>th</sup> Street, City of Cisco, Eastland County, Texas which encroaches upon Avenue J and W. 17<sup>th</sup> Street within the City of Cisco, Eastland County, Texas (the "Encroachment"); and

WHEREAS, Grantor has been advised by its City Manager that the Encroachment does not interfere with the usual flow of traffic on Avenue J or W. 17<sup>th</sup> Street; and

WHEREAS, Grantor has no plans to widen or alter Avenue J or W. 17<sup>th</sup> Street where the Encroachment exists and does not anticipate any need to widen or alter said street; and

WHEREAS, Grantee is attempting to facilitate drainage improvements to eliminate potential flooding conditions at said property, and requires the assurance of Grantor that Grantee can continue to possess, use and enjoy the property, including the Encroachment located on Avenue J and W. 17<sup>th</sup> Street without the interference from Grantor; and

WHEREAS, Grantor has heretofore, by action of the City Council of Cisco, Texas, authorized the execution of this agreement by the undersigned for, and on behalf of, Grantor.

NOW THEREFORE, in consideration of the premises and TEN DOLLARS (\$10.00) and other good and valuable consideration paid to Grantor by Grantee, the receipt and sufficiency of which is hereby acknowledged, Grantor grants to Grantee, his heirs, successors, and assigns, the free, uninterrupted and perpetual use of the Encroachment which now encroaches upon Avenue J and W. 17<sup>th</sup> Street, as more particularly described in the plat attached hereto as Exhibit A, in Lots 1-6, Block 9, Rosewell Addition at 605 W. 17<sup>th</sup> Street, City of Cisco, Eastland County, Texas.

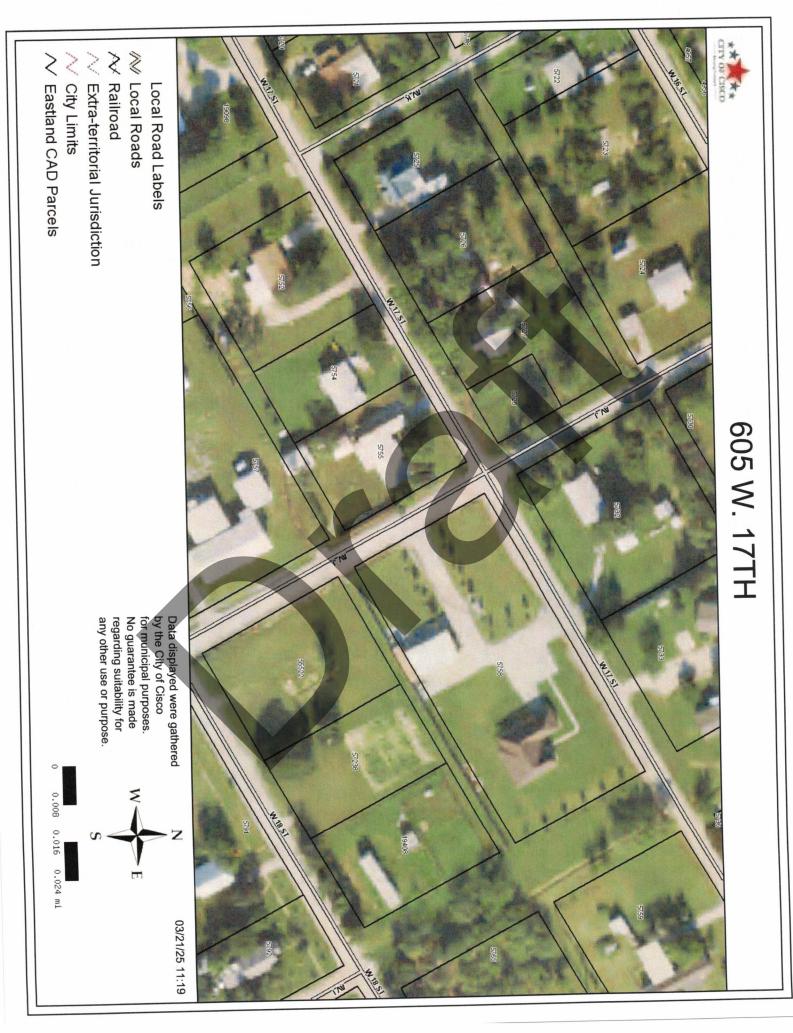

By the acceptance of this Grant of License, Grantee, agrees for himself, his heirs, successors and assigns, that should the Encroachment cease to exist this Grant of License will terminate as to such encroachment.

EXECUTED this the	day of	, 2025.

#### **RESOLUTION NO. 2025-03-24**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CISCO, TEXAS, AUTHORIZING THE MAYOR TO ENTER INTO AN INTERLOCAL AGREEMENT WITH THE EASTLAND COUNTY JOINT ELECTION ADMINISTRATOR FOR THE PURPOSE OF SERVING AS THE ELECTION ADMINISTRATOR FOR THE CITY OF CISCO; ESTABLISHING FEES FOR ELECTION SERVICES; ESTABLISHING TERMS FOR THE AGREEMENT; AND OTHER PROVISIONS IN REGARD TO GENERAL AND SPECIAL ELECTIONS HELD BY THE CITY.

WHEREAS, Chapter 31, Subchapter B, of the Texas Election Code establishes that a county can create a county elections administrator; and

WHEREAS, Eastland County established a Joint Election Administrator in 2012; and

WHEREAS, Chapter 31, Subchapter D, of the Texas Election Code authorizes the governing body of a political subdivision to contract with a County Election Officer for election services in an election ordered by that political subdivision; and

WHEREAS, an informal agreement was entered into in 2012 with the Joint Election Administrator and same has been providing election services to the city since that time; and

WHEREAS, upon a majority vote of the Eastland County Joint Election Commission, a revised Interlocal Agreement with the Joint Election Administrator has been requested;

#### NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF CISCO, TEXAS:

- 1. That the Mayor is hereby authorized to enter into an Interlocal Agreement with the Eastland County Joint Election Administrator for election services.
- 2. That the Interlocal Agreement attached to this Resolution is hereby approved.

PASSED AND APPROVED THIS TH	E day of	2025.
Mayor		
City Secretary		

## Interlocal Agreement Eastland County Joint Election Commission (ECJEC)

#### Revised Restatement or Agreement

On March 4, 2025, the members of the ECJEC met for the purpose of revising, clarifying and restating the original agreement of the parties which was entered on September 10, 2012.

The parties to this agreement are Eastland County, City of Eastland, City of Cisco, City of Ranger, Eastland ISD, Cisco ISD, Ranger ISD, Cisco College, Eastland Memorial Hospital, Eastland County Water Supply District, acting by and through their respective governing bodies.

Whereas, the Commission has appointed and confirmed Bekky Rogers as the Joint Elections Administrator as provided for in Texas Elections (TEC) 31.032.

Whereas, said Joint Election Administrator is an employee of Eastland County and paid by the county. Any other employees including election judges, clerks and all other hired election personnel shall be part/full time employees of the county.

Whereas, the office of the Joint Election Administrator is provided in the Eastland County Courthouse 100 W Main, Ste 104, Eastland, Texas 76448.

Whereas the Eastland County Joint Election Commission was originally created effective September 10, 2012 to perform the duties authorized by law as set forth in Chapter 31, Texas Election Code,

And whereas, the parties hereto wish to reaffirm and revise their agreement to cause the Joint Elections Commission to provide cost efficient and effective election services to the voters of Eastland County,

Now, therefore, in consideration of the premises, the County and the entity (party) do hereby contract and agree as follows:

- 1. The entity (party) agrees to pay the county \$7,000 each for the administration of Joint County Election services for the current fiscal year. This cost shall be subject to an annual re-evaluation by the Commission on or before June 30<sup>th</sup> of each year. Said payment shall be October 1<sup>st</sup> each year following.
- 2. Each year, each entity (party) to this agreement by and through its governing body shall enter a resolution affirming its participation in the County Joint Election Commission and designating its appointee to the Commission and deliver same to the County Judge on or before October 1st of each year following.
- 3. The amount paid by the entity (party) to the County will be deposited in the Election Budget for use throughout the year. At the end of the year any excess funds will be placed in a separate

account to be used for yearly licensing fees or election equipment, furniture, equipment or office machinery that needed to be repaired or purchased or deemed necessary by the Joint Elections Administrator.

- 4. The agreement shall be in effect and will expire September 30<sup>th</sup> of each year. The County or any entity (party) subject to this agreement by written notice provided to the Joint Elections Administrator may terminate their participation in the agreement and said termination will be effective October 1<sup>st</sup> of the year following written notice. The notice to terminate shall be given thirty (30) calendar days prior to October 1<sup>st</sup> the year following written notice.
- 5. All election functions for every signing entity (party) will be completed by the Joint Elections Administrator, per Texas Election Code, Sec. 31.164.
- 6. All election functions for every entity (party) held on uniform election dates, or resulting runoff elections as a result of uniform election will be conducted by the Joint Elections Administrator as set forth in Texas Elections Code, Sec 31.164.

This agreement **does not** cover non-uniform election date elections, such as recall elections or election to fill vacancies. Any such special election will require an additional charge, which shall be the actual cost of said special election or recall.

#### **RESOLUTION NO. 2025-03-24-01**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CISCO, TEXAS, DESIGNATING AUTHORIZED SIGNATORIES FOR CONTRACTUAL DOCUMENTS PERTAINING TO THE COMMUNITY DEVELOPMENT BLOCK GRANT MITIGATION (CDBG-MIT) RESILIENT COMMUNITIES PROGRAM THROUGH THE GENERAL LAND OFFICE

WHEREAS, CISCO, Texas has received a CDBG-MIT Resilient Communities Program grant award from the General Land Office for an updated Comprehensive Plan for the City of CISCO, and;

**WHEREAS,** it is necessary to appoint persons to execute contractual documents and documents for requesting funds from the General Land Office, and;

WHEREAS, an original signed copy of the *Depository/Authorized Signatories Designation Form* is to be submitted with a copy of this Resolution, and;

WHEREAS, CISCO, Texas acknowledges that in the event that an authorized signatory of the City changes (elections, illness, resignations, etc.), the City must provide the General Land Office with the following:

- a resolution stating who the new authorized signatory is (not required if this original resolution names only the title and not the name of the signatory); and
- a revised Depository/ Authorized Signatories Designation Form.

### THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF CISCO, TEXAS, THAT:

The Mayor and the City Manager will be authorized to execute contractual documents for the CDBG-MIT Resilient Communities Program through the General Land Office.

The Mayor and the City Manager will be authorized to execute the Request for Payment Form documents required for requesting funds approved in the CDBG-MIT Resilient Communities Program through the General Land Office.

PASSED AND APPROVED this	day of, 2025.
