Thank you to everyone who came out in support at the recent White Seabass hatchery town hall meetings. We had great support from grow out pen operators past and present. There were anglers, teachers, students, marine scientists, divers and environmental groups that all showed up in support. At the meetings there was consistent support for the following items:

1. We believe the WSB hatchery program has been a success as a research study of how to spawn, raise and release hatchery fish in the ocean.
2. We want the white seabass program to continue
3. We don't believe the stock assessment or tag study are in any way accurate to reflect what is out on the water today. The math may be correct, but the data is flawed as well as the conclusions being reached. WSB are being caught from Washington to Baja and out to Tanner and Cortez banks. The study is not accounting for any of the environmental conditions or release improvements made in the last 5 years.
4. We don't believe in the mortality rate numbers being posted. No proof of mortality has been shown. Just a conclusion reached from bad data.
5. We do believe there is a correlation between our hatchery program and the increase sea lion and pelican populations.
6. We want the program to reevaluate how studies are conducted, the modeling used, and how conclusions are formulated.
7. We think the Advisory Panel needs to have more authority in providing direction for the program and that the program leadership needs to be improved.
8. We think the current fish pathologist is biased and needs to be replaced and more fair standards need to be implemented.
9. We need the funding for this program reinstated and even increased so it can expand into other species and don't think we should have a fee increase to pay for it. There is money sitting in the fund and not being used for this program.

10. We want a study done to find a viable external tagging option to replace the failed internal tag and wand option.

11. We want to expand this program to include Halibut as the next species and need to expand the broodstock of WSB and halibut in Mission Bay

12. We love the Sea Bass in the Classroom program and want it to be expanded.
Overall we want the program to succeed for our future. We should be using adaptive management as the driver to make all necessary improvements to this vital research program.

"Please don't take your day on the water for granted. There are so many fighting to make it possible."

**12-Month Fishing Bills Update
Assembly Bill 986:**

[AB 986](#), [James Gallagher](#), aims to increase fishing license sales and revenue by making an annual fishing license valid for 12-months from the date of purchase. This bill also discounts annual fishing licenses for American veterans by 25%, and by 50% for veterans that have a 50% or greater service-connected disability.

Status: Passed unanimously out of the Senate Committee on Natural Resources and Water on June 12th and will be heard in the Senate Committee on Veterans Affairs on June 26th.

Senate Bill 518:

[SB 518](#), [Tom Berryhill](#), (formerly SB 187) aims to increase California's fishing participation rate and economic activity by creating an annual license that is valid a full 12-months from the date of purchase with a auto-renewal option. Today, SB 518 enjoys the support of an impressive coalition of state and local organizations representing small business, labor, local government, travel, hospitality, marina and lake operators, as well as the boating industry.

Status: Passed out of the Assembly Committee on Water, Parks and Wildlife to the Appropriations Committee on consent on June 12th and will be heard in the Assembly Committee on Appropriations on June 27th.

You have a voice in the political process. Contact Assembly Member Gonzalez Fletcher and ask her to support SB 518 today!

Meetings are held the second Wednesday of the month at Mimi's Restaurant in Monrovia. Mimi's has accommodated us with separate checks, an open menu, and they start taking orders as we arrive. (As early as 6PM sometimes.) We want to keep this in balance. Please continue to purchase dinner during our meetings.

July 2018 President's Message

SWAP MEET SWAP MEET SWAP MEET SWAP MEET

Now that I have your attention, remember July is our semiannual Swap Meet meeting. Bring a little extra cash to purchase those bargains other club members will bring to the meeting or bring the gear you are not using or would like to sell to possibly upgrade. Either way bring it, sell it, buy it, trade it. No Guns please!!

I want to thank Mr. Garcia for stepping in as our June Speaker at the last minuet. As an old friend of the club and prior member he took time to make a great presentation and showcase Okuma products and the variety of applications. It was good to see him, and I hope he considers rejoining the club. I visited with our Speaker Chairman Dick Guiliani for a few moments this month. He is coming along, and I hope to be harassing him about fishing soon. Don Udlock is also a bit under the weather and fighting to recover from a back issue. Please keep these members in your thoughts and prayers. If a member is sick, in the hospital or needs help, please contact me via my phone number so we can acknowledge our members in need.

We were honored to have Carolyn Duncan come to a meeting. It is always good to see my favorite fisher person Hope to see her on the water soon and now that school is out I hope Artticus Ige, Manuel Zamora and Jose M Dominguez can find time to fish with us. Congratulations to Manny and Jose for graduating high school and soon their college adventure will begin. Good luck in your future studies. Atticus is two years up on them and is beginning his junior year at USC (Go Trojans make the Rose Bowl and help me score tickets).

Laura Jones and Sal Lopez members and supervisor/administrators of Whittier Narrows Recreational Park aka Legg Lake 751 Santa Anita Avenue South El Monte, California 91732 announced the yearly Overnight camping/fishing event for Friday July 13, 2018 4pm to Saturday July 14, 2018 5am. Registration is Friday July 13, 2018 from 3pm to 9pm and is FREE. Gates close at 10pm on Friday July 13and if you leave you cannot reenter the parking lot. Registration, bait and prizes are free. Catfish will be targeted and if you are not busy, I encourage you to take advantage of this event.

The year is officially half over, and we are well into the last few fishing events of the year. As such, I'd like each member to tell me what they like, dislike or would do differently with our charters. Feedback will help make planning next year's charters member friendly.

Finally. If members want, I will try to see if there is any interest in a day trip aboard the Victory, Betty Oh or another day boat going for a week day to keep the cattle boat crowd to a minimum. The White Seabass, Yellow Tail and Blue Fin are out there and just waiting for you to come get them. LET'S GO FISHING!!!!

Hope to see you at a meeting (Bring a friend or fellow angler) or on the water soon. Send in your pictures and/or stories.

Your President

2018 Membership Drive

The 2018 Membership Drive is on!!!!
Sam will have **pre-printed forms**. Just bring your check or cash and validate your personal information on the pre-printed forms. The data on the pre-printed forms comes from the club database. This is the best time to verify and update your information. (Please make every effort to use the pre-printed forms rather than fill out a blank form. I have had instances when people supplied "new" or "revised" information (or I couldn't read their writing), only to have to change the information back at a later date! Thanks for your consideration and cooperation.)

The dues for 2018 are the same as last year: \$45 for an individual and \$60 for a family membership.

Membership Card Reminder

All members are reminded that your club membership entitles you to a 10% discount on NON-SALE fishing tackle items at Turner's Outdoorsman stores. This discount is not available for guns or ammo. You are also reminded that after January 1 2018, your 2017 membership card is void. In order to receive the discount, a current 2018 membership card will be required. All store managers are aware of this and there are **NO EXCEPTIONS**.

Website Update

All of the updates have been entered into the Website. If you have anything you would like to add, e-mail it to newsletter@turnersrodandreelclub.com.

Hi everyone, I hope you all had a safe 4th of July. Here it is July already and some people are saying the year is half over.

I think we are just getting started with the good fishing. Come to the meeting and let's plan the second half's fishing trips.

Surf fishing is just starting to heat up with a good Corbina and Surf Perch bite starting to happen.

The lakes are still full and

the bass are going crazy these days. So come to this month's meeting and let's plan some trips .

Rumor has it that Ron Hall and Mike Maurizio went surf fishing and caught a couple of fish. look for their story in this issue.

See you at the meeting,

Dave

Blue Horizon June 23rd Trip

By
William Davis

This trip had all the promise you could ask for. The weather was calm, the waters were calm and the crossing to Catalina Island was enjoyable.

People on the trip included Charter master Ernie Branch, Denise Davis, William Davis Don Merrill, Jose M Dominguez, Jose L Dominguez, Jerry Dominguez, Travis Phung (potential member), Angel Higareda, Henry Castro, Joe Jones, (Jackpot Winner), Nancy Li, Binhry Vu (also potential members) Jim Clough Alex Perez, Mike Naka, Ron Reyes, and George Leonard. (sorry if it is misspelled your name I took it from the sign in sheet and couldn't make out all the names.

As stated the crossing was uneventful after a stop at the bait barge for some of the best bait I've seen this season Everyone was preparing for a fun day of calico fishing and yellowtails. Upon arrival we were greeted by a fleet of boats anchored around the island. The Native Son had so many people on deck some were fishing from the upper deck. This is the main reason I love belonging to a club as opposed to cattle boat fishing. Now back to our exciting adventure. It was a super slow overcast day. Angle hooked up the first of two-yellowtail followed by Joe Jones our Jackpot winner. Jose M and Jose L Dominguez brought aboard sculpin and calico bass most were thrown back.

Even with great bait the bite was not on. All day long I watched all the boats and did not see ANY bent rods. We toured the island running and gunning from spot to spot. We explored coves and kelp paddies but to no avail. It was one of the most unusual trips I've ever been on! The people on board were great and fished their (Butts) off, there were bites, nibbles and from time to time a boil but it was just one of those trips!

Our next adventure is in the warm waters out of Dana Wharf aboard the Helena on July 28, 2018. There are still spots available so come out and fish with your fellow club members.

There was a huge turn out (TWO). Ron Hall and myself were the only fishers to show. That's ok the perch didn't want to eat, Ron caught a small one. The Sand Crabs are showing in good numbers so the summer bait will be plentiful. The breeze picked up about 11:00 so we called it a day, maybe next time we'll do Better.

This is M.M. over and out!

Fishing Trip
By
Alex Perez**

I always look forward to fishing at Channel Island Oxnard with friends, brothers and club members. As with each fishing trip brings new experiences, new friends and great memories. On this trip I invited my friend Casey from work, this was our first-time fishing on the Aloha Spirit. We arrived at the landing on time the weather was cool with a fine drizzle falling. The Aloha Spirit took off on time at 5am. As we headed out, to my surprise, I discovered there was no live bait to fish with just frozen squid. The ride was a little bumpy going out and leveled off as we got closer to the island. Our captain Shawn did an awesome job as he consistently put us on some good spots as everyone limited out with quality reds, rockfish, whitefish, several lingcods. I also want to mention that the deckhands also were great and work very hard gaffing, helping to set up our rods, unhooking to cleaning our fish excellent service. Apparently, It really didn't matter that we did not have live bait as the fish were biting the frozen squid. We were fishing in 190-250 ft which required at least 6-12oz weights with a dropper loop setup or a jig. It was another awesome fishing trip. My friend Casey was happy with his sack of fish. As I look back after each fishing trip it doesn't really matter what I catch or how many fish I get that's not important, I can honestly say just being out enjoying the beautiful ocean and all that it has to offer makes me want to return again. July is now here fishing is only going to get better. So get out there's so many places to go fishing. Take a friend, enjoy the day just go. The year is half over and its been great looking forward
