

TEMPLES AT THE CENTER OF PHI

GOLDEN RATIO PROPORTIONS RELATED TO PAST & FUTURE TEMPLES

The purpose of this illustration is to Approximate a Timeline showing the Phi Ratio Relationships the Tabernacle and the 1st 2 Temples of YHVH had. This is based on a Theory, that Prophecy is also subject to the Phi Ratio Delineation of Time. Thus, could this Triangulation, prove when the 3rd Temple is to be built or Deseccrated by the AntiChrist during the 7 Year Tribulation Period? One takes the Generally Accepted Dates of the prior 2 Temples to Extrapolate the 3rd. This Conjecture is also based on the Abomination of Desolations that have already occurred with the Temple. And that in Fact, it is Historical that the 2 prior Temples were Destroyed on the Same Day, the 9th of Av. The illustration will show how the 3 Temples, when including the Tabernacle of Moses, could very well be pointing to the Time when the 3rd Temple will be and the Return of Jesus.

GOLDEN RATIO

In mathematics, two quantities are in the golden ratio if their ratio is the same as the ratio of their sum to the larger of the two quantities. The figure on the right illustrates the geometric relationship. Expressed algebraically, for quantities a and b with a > b > 0.

$$\frac{a+b}{a} = \frac{a}{b} = \phi$$
