TO ALL WIMBERLEY WATER SUPPLY CORPORATION CUSTOMERS

In an effort to conserve water Wimberley WSC is implementing Stage 2 of our drought restrictions, effective July 1, 2018.

Stage II Restrictions

Target: Achieve an additional 10% (20% total) reduction in total water use and daily water demand based on historical average for previous 60 days daily pumpage)

Wimberley WSC Best Management Practices

The Corporation will eliminate flushing operations except to meet public health requirements. The corporation will notify customers of water use restrictions in effect.

Customer Water Use Restrictions for Demand Reduction

- (1) Alternate day, time of day or duration restrictions for irrigation with hose-end sprinklers or automatic irrigation systems of gardens and landscaped areas. (Example: Customers with street addresses ending in an even number may water outside areas on Sundays between the hours of 6:00AM and 9:00AM and 8:00PM and 11:00PM. Customers with odd number street address may water outside areas on Saturdays between the hours of 6:00AM and 9:00AM and 8:00PM and 11:00PM.) However, irrigation of landscaped areas is permitted on designated days by means of a hand-held hose, a faucet filled bucket or watering can of five (5) gallons or less or drip irrigation system. (Example: Customers with street addresses ending in an even number may water outside areas on Sunday and Thursdays between the hours of 6:00AM and 9:00AM and 8:00PM and 11:00PM. Customers with odd number street address may water outside areas on Saturdays and Wednesdays between the hours of 6:00AM and 9:00AM and 8:00PM and 11:00PM.)
- (2) Customers are not allowed to use water for pre-defined non-essential purposes as listed on page 1.
- (3) Use of water for pressure washing is prohibited.
- (4) Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is prohibited.
- (5) Use of water to add to any indoor or outdoor swimming pools, wading pools, or jacuzzi type pools is permitted on your designated days and times. 50% of swimming pool water surface must be covered when pool is not in use to minimize evaporation.
- (6) Wimberley Water Supply Corporation restricts the use of water from hydrants to firefighting, related activities or other activities necessary to maintain public health, safety and welfare.

Non-essential water use: water uses that are not essential nor required for the protection of public, health, safety, and welfare, including:

- (a) irrigation of landscaped areas, including parks, athletic fields, and golf courses, except otherwise provided under this 2013 plan;
- (b) use of water to wash any motor vehicle, motorbike, boat, trailer, aircraft or other vehicle;
- (c) Use of water to wash down any sidewalks, walkways, driveways, parking lots, tennis courts or other hard surfaced areas.
- (d) Use of water to wash down buildings or structures for purposes other than immediate fire protection
- (e) flushing gutters or permitting water to run or accumulate in any gutter or street;
- (f) use of water to fill, refill or add to any indoor or outdoor swimming pools or jacuzzi-type pools
- (g) use of water in a fountain or pond for aesthetic or scenic purposes except where necessary to support aquatic life;
- (h) failure to repair a controllable leak(s) within a reasonable period after having been given notice directing the repair of such leak(s); and
- (i) use of water from hydrants for construction purposes or any other purposes other than firefighting.
