From the pen of Principal Tangela McClam

A friend of mine is an osteopathic Family Medicine physician. One of her professional organizations is offering a **free summer program** for elementary school students. Sign up is available til May 1, 2021.

Doctors & What They DO

The 3rd-6th grade students participating in our **free summer program** will complete a two-week curriculum, Monday-Friday, consisting of 10 lessons ranging from 30-50 minutes. All lessons will be offered virtually and taught by current osteopathic medical students. We aim to offer future programs in person, following the COVID-19 pandemic. The program is virtual and will be taught via Zoom. While attendance is free, families must provide their own computer and online access. Curriculum worksheets may be completed online or downloaded and printed.

Please see the link to an online program offered this summer.

Shalom CTB'E,

I am writing to find out if anyone is in need of transportation fees for their SEPTA Keycard to get to work, school, appointments etc. The SEPTA Keycard is the blue card travelers load funds on using the online website, telephone or at one of the electronic kiosks at subway stations/el train stops etc.

The backstory: I used to have transit funds automatically loaded onto my WageWorks commuter card to pay for my commute back and forth to work.

When I was given access to a City vehicle to use while out in the field, I forgot to cancel the auto withdrawals, which leads to my current dilemma. I now have a significant amount of transit funds available to use.

Because the funds are taken "pre-tax" the IRS prohibits refunds so I can't have the money refunded to me.

If you are in need of transportation funds AND have a SEPTA Keycard please TEXT me at 215-526-1924. I am working remotely, so TEXT is the preferred option.

This is free. There's no catch or expectation of payment or trade.
