Welcome Message

“It is my honor and privilege to welcome you to Seoul, Korea for the 23rd IPBA Annual Meeting & Conference from April 17 to April 20, 2013.”

Seoul is one of the most dynamic cities in the world. It has been the capital of Korea for hundreds of years and yet it continues to evolve as one of the largest metropolitan cities in Asia. Visitors to Seoul are invariably enchanted by the harmonious co-existence of old and new that they find here, and are delighted to discover scenes of great natural beauty in the midst of a pulsing urban landscape.

This vibrant city will provide the backdrop for a conference themed “Dynamic Asia – New Opportunities & Challenges for Law & Business.” In recent decades, the Asia Pacific region has experienced rapid growth giving rise to unparalleled opportunities and challenges. Over the four days of the conference, delegates will enjoy informative and in-depth discussions of current legal and business developments in Asia while expanding their professional networks in the special atmosphere of collegiality for which the IPBA is justly celebrated.

In particular, we expect that the Chief Justice of the Supreme Court, the President of the Constitutional Court, and the Minister of Justice in Korea will be with us to deliver congratulatory speeches at the Opening Ceremony on April 18th.

In addition, delegates will experience the beauty of a Korean spring, with a wide variety of social programs, sightseeing and other activities prepared by the host committee to give you, as our esteemed guests, memorable insights into the land of the morning calm.

I look forward to welcoming you to Seoul in April 2013.

SHIN, Young-Moo
Chair, The IPBA 2013 SEOUL Host Committee

About IPBA

INTER-PACIFIC BAR ASSOCIATION
23rd ANNUAL MEETING & CONFERENCE

The Inter-Pacific Bar Association ("IPBA") is an international association of business and commercial lawyers who live in, or otherwise have a strong interest in, the Asia Pacific region.

It was established in April 1991 at an organizing conference held in Tokyo, where more than 500 lawyers from countries within the Asia Pacific region.

Since then, it has grown to become a preeminent legal association in the Asia Pacific region, with its membership drawn throughout the world, and currently has over 1,500 members from over 65 national jurisdictions worldwide.

I Purposes of the IPBA

The IPBA's purposes (as stated in its constitution) are to:

- Provide IPBA members with opportunities to:

- contribute towards the development of the legal profession within the Asia-Pacific region and the development and improvement of the legal profession's status and organization within the Asia Pacific region;
- contribute towards the development of the law and the legal structures within the Asia Pacific region;
- meet and exchange ideas with other lawyers who live in, or are interested in, the Asia Pacific region;
- study and discuss legal issues that involve the Asia Pacific region; and
- share information about legal developments affecting the Asia Pacific region.

- Serve its members fairly and equitably.

- Promote the rule of law.

I Goals of the IPBA

IPBA, based on those purposes, has set out more detailed goals as follows.

IPBA will have an annual meeting and conference that provides:

- an opportunity to discuss the currently important topics among many lawyers from all over the world who are interested in the Asia Pacific region and engaged in a cross-border practice.
- programs and sessions to promote better understanding of legal and related business issues involving the Asia Pacific region.
- enjoyable social, cultural and sport events that promote friendship and camaraderie among the members.

Message From the President of IPBA

“Our eyes are now on Seoul. Under the Chairmanship of the President Elect Dr. Young-Moo Shin, the Seoul Host Committee has made very engaging and colourful programme for the forthcoming Annual Meeting.”

The Event is taking shape nicely. The Committee Chairs / Vice Chairs have finalized the speakers for their respective sessions. The cultural and social events will be the highlights of the Seoul Annual Meeting and Conference. The Host Committee has not left any stones unturned for making this Conference a grand success. I request IPBA membership throughout the world to attend the Seoul event in large numbers and that would be a fitting tribute to the ceaseless and remarkable efforts being made by Dr. Shin and his team to make this a historic Conference.

A prominent feature of the conference will be IPBA 2013 SILENT AUCTION. The funds raised at the 2013 Silent auction will be used primarily to provide scholarships for North Korean refugee students pursuing legal education in South Korea, as well as to provide scholarships, as we are able, for other North Korean refugee students attending colleges and universities in South Korea. The Silent Auction Committee hopes to help these young people in their educational endeavours. As always the Scholarship Committee is also ensuring presence of young deserving law scholars to attend the Conference by extending financial assistance.

IPBA welcomes you to Seoul for the annual Family reunion.

There is more to Seoul than Gangnam Style.

[Day Tour 2] UNESCO's World Heritage Sites

I Changdeokgung

Discover the charms of ancient royal palace and garden in this tour. One of the UNESCO World Cultural Heritage, Changdeok Palace, the most successfully preserved palace, was built during the reign of Taejong, the third King of the Joseon Dynasty in 1405. It is best known for its beautiful garden for the royal family, Huwon ("Secret Garden") with its superb landscape with pavilions, ponds and wooded areas. Feel the royal family strolling around the house and garden.

I Jongmyo

Jongmyo is a royal shrine dedicated to the performance of ancestral rites for the deceased kings and queens of the Joseon Dynasty. Being the place where the royal ancestral tablets are enshrined, Jongmyo's atmosphere is solemn and sacred rather than splendid like the royal palaces. The simple and elegant buildings of this shrine have faithfully kept their original forms since the 16th century. Jongmyo's main hall, Jeongjeon is where the royal ancestral rites are performed. The main hall is an outstanding example of traditional Korean architecture. Jongmyo was designated as a UNESCO World Cultural Heritage site together with Jongmyo Jerye and Jongmyo Jeryeak. Jongmyo Jerye is the royal ancestral ritual and has been performed for 600 years.

I Hwaseong Fortress

The fortress wall stretches for a total of 5.52km and has a great variety of military facilities that's hard to find anywhere else. Four gates face each of the cardinal directions-Janganmun (north), Paldalmun (south), Changnyongmun (east), and Hwaseomun (west)-and the seven-arch style Sumun gates straddle the point where the nearby stream reaches the palace. Above the Sumun gates is a pavilion called Hwahongmun. The fortress was designated as Historical Monument No. 3 in January 1963, and in December 1997, it was designated a UNESCO World Cultural Heritage Site.

It is also the heart of old Seoul. You'll find people who proudly say their grandfather's father was also born in this town. Coming from the metropolitan area, you might think the time in this area stopped in the '70s. Many nice small cafes, galleries, restaurants and shops are hidden in small streets like small presents.
