

I have my 1963 Dodge M37B1 for sale. It has a clear Illinois title, is completely restored, has a recent paint job, and many upgrades.

It has Snake River 4X4 power steering upgrade, tilt steering wheel upgrade, and Pertronix electronic point and condenser replacement. A complete Vintage Wiring of Maine wiring harness, with turn signals included.

It has a pioneer rack on the tailgate with all three pioneer tools

The list of things replaced with new is long and you won't find a nicer Dodge M37! If anyone is interested, please contact me for more details and many pictures! Allan (Rick) Treadway
