

BedTred Pro Series

- If you want an innovative, non-permanent bed liner that provides a rugged, textured work surface with the appearance of a spray-in liner, BedTred Pro Series is for you!

- If you want a bed liner that won't damage your truck, isn't permanent and won't lower your resale value, BedTred Pro Series is for you. It provides a rugged work surface that is tough enough to withstand dents and dings while protecting your most fragile cargo from sliding around your truck bed.

The BedTred system is a 5-piece zipped liner that installs with hook and loop fasteners, without damaging the truck bed. While traditional spray-in liners can quickly fade and chalk, the BedTred material is fade and UV resistant. The 1/4" thick foam is similar to that used in life jackets and will not absorb water, resisting mold and mildew. Water will simply run off the surface, through the zippered perimeter, out the factory drain holes in the truck bed and will dry in as little as 20 minutes.

- TPO Composite Surface
- No Sanding, No Prepping and No Damage Installation
- Hassle Free Quick & Easy Hook and Loop Install
- Custom Contoured Fitment for a Snug Tight Finish
- Heavy Duty 1/4" Textured Anti-Skid Surface
- Thick Foam Layer Provides Superior Dent Protection
- Cushioned Knee-Friendly Surface
- Non-Woven Fiber Backing Will Not Scratch Truck Bed
