#### SCHEDULED EVENTS:

- ▶ **Barn Hunt:** The Intro to Barn Hunt is for dogs who have not done this sport before or dogs who may want to or need to do it again. The dog is brought into the ring on leash and goes down a very short tunnel without a roof, hops up and over a straw bale, then meets the rat in a cage. We make this exciting for the dog. Secondly, the dog will go through that tunnel again and over a bale, learning the tunnel without stress. The rat in the cage is hidden behind a bale of straw and the dog will find it. Again we will make a very big deal out of their success. On the third encounter, the rat will be in a safe aerated PVC tube. The cage will be there empty with a rat smell but no visible rat. Then the dog will start to "look" for and sniff to find the rat in the tube. Group times will be assigned and emailed to you.
- ▶ **Herding Instinct Test (HIT):** A simple test to determine whether or not your dog has the "instinct" required for herding.
- ▶ **Canine Good Citizen test (CGC):** Well-mannered dogs passing this 10-step test earn an official AKC title that can appear on their record if they are registered or listed with the AKC. See the AKC website for test information.
- ▶ **Advanced Canine Good Citizen test (CGCA):** As with the CGC, this is a 10-step test of skills. Passing dogs earn the official AKC Community Canine title. To take the test, a dog must already have a CGC award or title on their AKC record. See the AKC website for test information.
- ▶ **Practice for the AKC Farm Dog Certified test:** This new test assesses the overall conduct of a dog within a typical farm environment. Group times will be assigned and emailed to you. Check out requirements for the test at <http://www.akc.org/events/herding/farm-dog-certified-test/>
