

Convention is here ! It feels like the past 12 months have flown by. There have been lots of meeting, emails, phone calls with Little America organizing and preparing. We also held a few planning / coordination calls with the officers, commission chairs and committee chairs. Thanks to all who attended those. We were able to check on status of everyone's tasks, answer questions, ask questions, make suggestions, and work together as a team. I truly appreciate all the help everyone has given to me. Everyone has worked hard, jumped in wherever they were needed and whenever they were asked. We know with all our hard work and teamwork, this will be a great convention. We are also aware that with rising costs of having the convention as well as the traveling costs for our Sisters who do not live in the Salt Lake Valley, we need to do a deep dive into what future conventions may look like. President Pressley has created a questionnaire that will be in the convention bags to gather input from our members for things like distance willing to travel, having at Hotel or maybe school or non-hotel location, including meals or getting their own, cost of convention willing to pay, etc. Please encourage our Sisters to share their inputs on the questionnaire as well as the "normal" convention comment form. All their input is extremely valuable for making our conventions better each year. Let's all enjoy the fruits of all our labor ! Have a great time at convention!
