

# PACIFIC PALISADES *Community Association*

## PRESIDENT REPORT

(Presented at November 15<sup>th</sup>, 2023 Annual Membership Meeting)

Aloha and thank you for coming tonight. At this point in the agenda, the President of the association usually gives a status of the center, talks about the accomplishments of the year, and presents plans for the future.

This year, operations at the center are pretty much status quo. There have been no major changes to the center itself besides the periodic repairs such as to the outer fence and some bathroom fixtures. We have about a 90% party reservation rate, a variety of fun classes such as Hula and Kempo, and continued expanded hours of access to our pool.

For the coming year, we are considering removing the swing set as it is nearly 50 years old, and upon a welder's inspection, it is looking like it will soon be unrepairable. We are thinking of replacing it with a covered pavilion with picnic benches, a small playground, or both. These ideas will, of course, will depend on our current funds.

This year, we have 3 open seats on the board and 2 candidates, myself and Abby Nishida, so if you are interested in volunteering, please consider being nominated for the 3<sup>rd</sup> seat.

As usual, we appreciate your feedback and would like your ideas on how we can better make use of our center.

Thank You,

Stanley H. Uecke

President, Pacific Palisades Community Association
