WINELCO INC.

**WASTEWATER & WATER 1 OPERATOR, SOUTHWEST or CENTRAL OHIO**

**Job Description**

Winelco Inc., based out of West Chester Ohio, provides contract operation for privately owned and small public water and wastewater treatment plants throughout the state of Ohio and Kentucky. We are seeking a FULL TIME candidate with a background in both operation and maintenance to operate, maintain, and repair these systems. PART TIME candidates will be considered. Hours are 8:00 am – 4:30 pm M-F. Overtime is often available and sometimes required. The position offers tremendous recession proof job security and opportunities for growth.

The work is generally outdoors although there is often considerable driving time to reach the sites. Up to several sites are visited each day by the operator. Some time is spent filing EPA reports, performing repairs, or purchasing and fabricating equipment. There is also considerable interaction with various treatment plant owners, maintenance personnel, and regulatory agencies.

The job candidate should have a minimum Ohio EPA Class I Wastewater license. Holding a Class I Water license or the ability to obtain one quickly is also a requirement.

**The water / wastewater operator may perform the following tasks:**

- Control and monitor the biological treatment process
- Operate pumps, motors, blowers
- Monitor flow meters
- Perform routine servicing and cleaning of plant, pipes, and equipment
- Clean sand filters & drying beds
- Monitor, operate, and troubleshoot electrical controls
- Take samples for analysis
- Perform laboratory analyses
- Prepare reports and logs detailing plant operation

**Personal requirements:**

- Physically fit
- Capable of working methodically and accurately
- Self-motivated and self-disciplined
- Creative and innovative
- Strong mechanical aptitude
- Good driving record
- Able to communicate with the public and co-workers

**Related work performed by some operators at Winelco, Inc:**

- Construct water and wastewater treatment systems and pump stations
- Fabricate pumping systems and piping
- Fabricate electrical control panels
- Construct and maintain collection lines
- Drafting of systems and system components

Winelco Inc. is a long established company, founded in 1958. Pay is competitive and based on experience and value to the company. Benefits include vehicle and tools for company work, company paid health insurance and 401K plan. Paid Holidays & Vacation. Overtime is usually available and sometimes required.

Winelco is an Equal Employment Opportunity Employer
