QUESTIONNAIRE PURPOSE

The success of the Website Business Questionnaire will be measured by the 'Usefulness of the Output' for the Individual taking the Test, and the 'Security/Encryption' in taking the Test & providing secure access to Personal data.

QUESTIONNAIRES DESIGN

- 1. Personality**
- 2. Character**
- 3. Skills & Desires**
- 4. Valuable Ideas/Destiny Options**
- 5. Destiny Road Map**

The Questionnaires will be Based on Selection of one of five possible responses and scoring- strongly agree-5 /agree-4/no view-3/ disagree-1/strongly disagree-0 responses. This will enable Ranking/Prioritization of the Data/Options in the Data Tables based on Level of Agreement to questions geared to achieve the Ranking/Prioritization. Where more appropriate the User will type in an open-ended comment/answer (Point of View POV) where a MCQ is less applicable.

The overall number of Questions should be kept to a practical minimum (less than 500), and each question/selection should be time restricted to 15 seconds (circa 2 hours total for the most detailed Personal Profile)

Personality Assessment will be Bespoke but based on the renowned Enneagram Model in terms of assessment and feed-back (while honouring copyright of both).

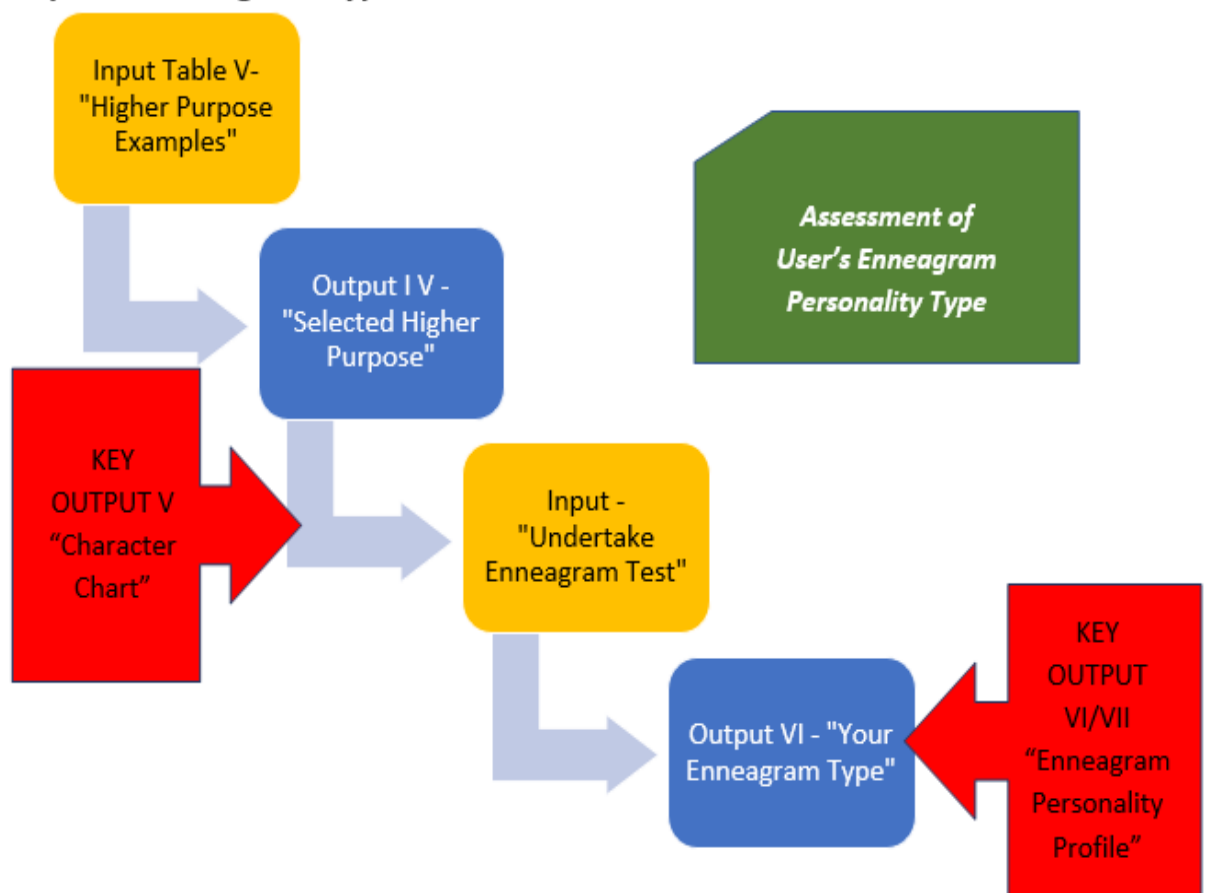

1. IDENTIFY THE USER'S PERSONALITY TYPE

To Undertake a Questionnaire based Personality Analysis

Using a Bespoke *Enneagram Type* MCQ Questionnaire (108 Questions), Analysis and Model Outputs or similar. Type is disclosed by Highest Scorings.

In addition the User will be asked to decide on a Personal Higher Purpose.

Higher Purpose- Enneagram Type

Prior to establishing the User's Personality Type, the individual's 'Higher Purpose' in life has to be defined. Few ordinary people put their 'Higher Purpose' on Billboards or TV Ads, so the definition is an important one to allow Claude-AI to start to analyse the real person.

Higher Purpose

Higher Purposes are categorized or based on the three different intents and effects: Healing, Delivering a Message, or Bringing about Revolution. There are the Right and the Wrong ways to express the intent, which can be given as examples:

Wrong: My higher purpose is to use my friendship with and affection for others to improve my home life and obtain pleasure and recognition.

Right (Healing): My higher purpose is to use my affection to spread joy and happiness to others

Wrong: My higher purpose is to be a teacher of under-privileged children to identify those which have the potential to become successful entrepreneurs.

Right (Message): My purpose is to use my skills to teach under-privileged children the keys to success and how to become young and successful entrepreneurs by igniting their ambition to change their lives.

Wrong: My higher purpose is to live and mentor an authentic, adventurous, spiritual life, while being a catalyst for positive change.

Right (Revolution): My life purpose is to be the change I seek in this world

The Users should be encouraged, in the prompt, to consider their Primary Higher Motives or Purpose, outside themselves that goes Beyond their Egos (Purpose, not a specific Goal or Objective) - Love, Charity, Children, Environment, Sustainability, Health-Medicine, Education, Religion, Community, Social Justice, Knowledge, Artificial Intelligence, Exploration, Political Reform, Working Practice, Poverty, Corruption, Exploitation, Ethics, Accountability, Inspiration, Sex, Addictions, Wealth, Moral Sentiment, Consciousness, Reciprocity, Inclusiveness, Happiness, Art, Spirituality, etc.

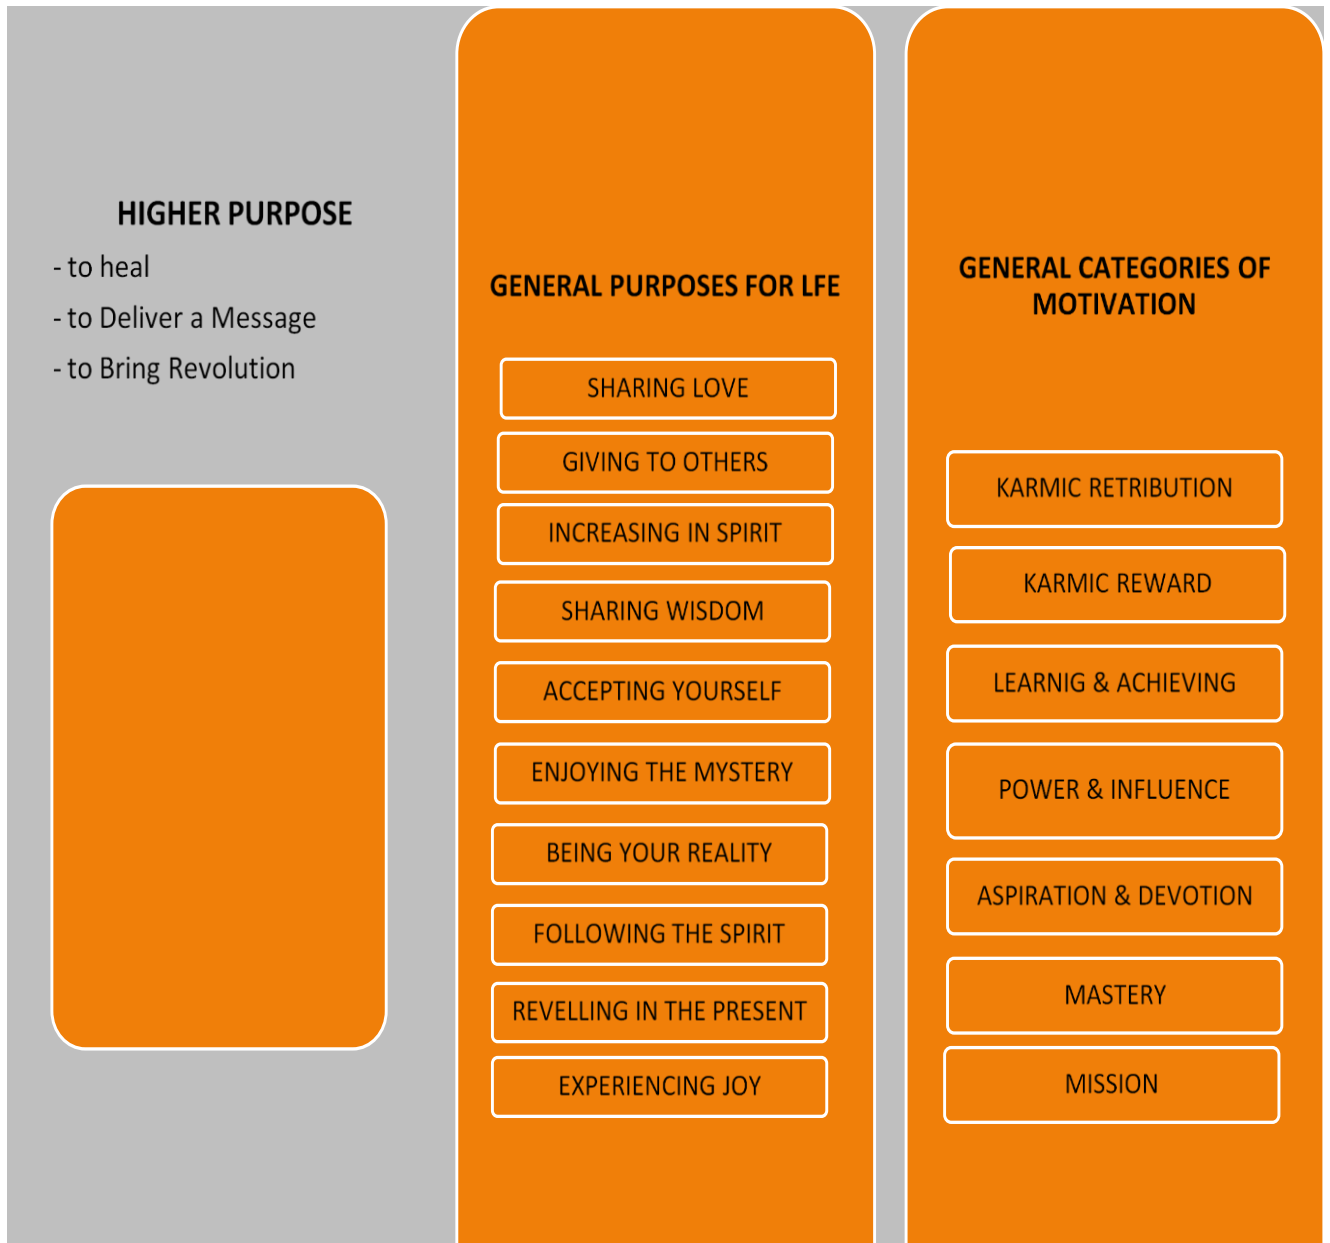

A few Examples of Higher Purpose & Possible Destinies can be provided to guide to prompt the User to write his/her own as a written Input.

How Claude-AI will Derive the Wings:

The Enneagram has 9 main types, but each type also has a "wing" which is the adjacent type that exerts some influence. To identify the wing, it's necessary to determine the main Enneagram type using the highest score from the questionnaire. Once known the main type, the wing can be established:

For Types 1, 2, and 3: The wing will be the higher scoring of the two adjacent types. For example:

- If Type 2 is the main type, compare scores for Type 1 and Type 3. Whichever is higher is the wing.

For Types 5, 6, 7: The wing is whichever adjacent type (4 or 6 for Type 5, 5 or 7 for Type 6, 6 or 8 for Type 7) has the higher score.

For Types 8, 9, 4: There is only one possible wing for these since they are at the ends.

- Type 8 wings are Type 7
- Type 9 wings are Type 8
- Type 4 wings are Type 5

In summary, the wing (which the AI- Algorithms will define automatically) is found by:

- Identifying the main Enneagram type (highest score)
- Comparing the scores of the two adjacent types
- The higher scoring adjacent type is the wing

2. ANALYSIS OF CHARACTER & VALUES SET

Claude-AI/Software Programmer task is to design/create a MCQ/Questionnaire/Comment Form (similar to previous Personality Analysis) based on 'Character Analysis'

FOR INFORMATION- Personality refers to value judgments made about a person's morals or ethical behaviour, whereas character is the unique way in which each individual thinks, acts, and feels throughout life

Character represents learned behaviour, and deeply held ethics and morals. Personality can be subjective in the analysis, but character is objective. Removing some of the subjectivity in the User's understanding about his/her own personality is therefore an important early stage in the search for true Purpose and Destiny. Honesty for example is not a personality trait, it is character based. Users must be encouraged to be honest with themselves in the analysis.

Character, unlike Personality, includes qualities, rather than traits, such as:

- Loyalty and Honesty
- Leadership
- Trust and Respect
- Courage
- Patience and Understanding

| PERSONALITY | CHARACTER |
|---------------------------------------|--------------------------------------|
| ↳ Based on Techniques | ↳ Based on Principles |
| ↳ Focuses on how to "Appear to Be..." | ↳ Focuses on how to "Actually Be..." |
| ↳ Revolves around: | ↳ Revolves around: |
| ↳ Image Creation | ↳ Integrity |
| ↳ Public Relation | ↳ Fidelity |
| ↳ Communication | ↳ Compassion |
| ↳ Management | ↳ Contribution |
| | ↳ Responsibility |
| | ↳ Justice |
| | ↳ Courage |

Claude – AI/Programmer will be required to Develop Questionnaire to assess character traits and priorities based on categories like universal values, personal sacred cows (defined later), life purpose, areas for improvement, quirks etc., based on criteria/topics such as, for example:

| DESCRIPTION | |
|---------------------------------|--|
| Universal Values: | Secondary Life Purpose (cont'd) |
| Compassion | Lasting relationships |
| Justice | Physical health |
| Integrity | Mental wellbeing |
| Respect | Creative expression |
| Responsibility | Areas for Improvement: |
| Forgiveness | Patience |
| Loyalty | Decisiveness |
| Excellence | Confidence |
| Personal Sacred Cows: | Positivity |
| Love | Self-discipline |
| Faith | Communication skills |
| Family | Taking initiative |
| Truth | Time management |
| Freedom | Personal Quirks: |
| Nature | Stubbornness |
| Knowledge | Anxiety |
| Individuality | Procrastination |
| Higher Life Purpose: | Disorganization |
| Serve humanity | Hot temper |
| Protect the environment | Rebelliousness |
| Promote peace and understanding | Sensitiveness |
| Alleviate suffering | Impulsiveness |
| Create beauty and joy | Universal Values: |
| Discover truth | Compassion |
| Foster community | Justice |
| Secondary Life Purpose: | Integrity |
| Financial independence | Respect |
| Continuous learning | |
| Work/life balance | |
| Travel and adventure | |

Questions may be integrated into the AI-analysis to help produce the Final Personal Profiles. Examples may include:

- Values - What principles and causes do you care about most deeply? What issues motivate you into action? Identifying your core values helps align your life with what matters most.
- Impact - How do you hope to positively influence others or the world? What legacy or impact do you want to leave behind?
- Growth -
 - What personal qualities would you like to cultivate in yourself? How will this growth help you find purpose? What new experiences or activities could help expand your horizons?

The overall categorization in the final summaries and Personal Profile will address the ranked 9 areas of focus on:

Character Traits

1. Integrity
2. Empathy
3. Resilience
4. Curiosity
5. Humility
6. Accountability
7. Compassion
8. Adaptability
9. Authenticity

Explanation:

These traits encompass the various aspects of an individual's personality, values, and behaviour. They cover qualities such as ethical conduct, emotional intelligence, mental toughness, intellectual curiosity, self-awareness, responsibility, kindness, flexibility, and genuineness. While these are broad categories, they can serve as a framework for evaluating and understanding an individual's character from multiple perspectives, and should be built into the MCQ/POV questions.

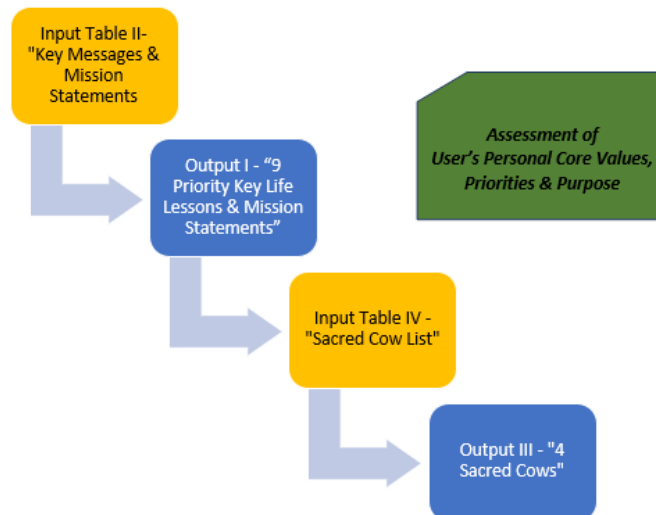

The Various Stages- Further Examples/ Suggestions

Using the Destiny-Gram Bespoke designed MCQ Questionnaires, the following Stages need to be tracked in the process:

- Identifying the User's Higher Purpose (covered in section above)
- Prioritizing Users' Key Life Lessons & Identifying What's Sacred to them.
- Identifying Home Truths, & Recognising the Personality's Saving Grace
- Listing & Deciding the User's key Personality Recommendations
- Developing the User's Personality Dashboard

Prioritizing Users' Life Lessons & Identifying What's Sacred to them.

| Table II- Key Messages & Mission Statements | 25 Key Messages & 25 Mission Statements from Author's Book 'Out of Darkness Cometh Light' | Selection of 9 of each from Multiple Choice Rankings |

Irrespective of personalities, character and priorities, there will always be external effects, past and present (politics, economies, climate, health, etc.) that affect individual thinking, opinions, actions, and behaviour.

Individuals' views on these can tell us a lot about who they are but knowledge of global events and issues affecting our communities vary from one individual to another. Therefore, some generic statements have to be given to all Users who then prioritise as most relevant or important to them to be used in the wider analysis and may impinge on the AI analysis of potential Destiny choices.

They are sourced from the Author's book *"Out of Darkness Cometh Light"* and the User should be asked to select the Top Nine Key Life Messages and Mission Statements to which they most relate:

Following selection of indicators of Universal Values, the next Stage is to select 'Sacred Cows' which is explained in the next File

Sacred Cows

| Input Table | Questionnaire or Other | Basis of Selection |
|----------------------------------|--|--|
| Table IV- Sacred Cow List | Examples of Selection by Personality Type Given & give 150 Abstract Nouns given. | User Selection of 10 Nouns by browsing and <i>clicking</i> followed by selection of 4 by Questionnaire Multiple Choice Ranking |

Identifying 'Sacred Cows' is not an exact science - they describe in words what are important to the Users, but maybe lacking still in their lives- a quality, desire, need or hope to be better. They are invariably positive actions or intent about being better. They represent ideals one strives for.

There is no guidance or right or wrong answer in this process. They will be personal to the User. They may be currently real, tangible, imaginary, philosophical, or illusionary, but in the process that follows the User has to choose four. And each has to have a Key Descriptive Name, a Tag, a Generic Word of what the Quality, Desire, Need, Hope, or Improvement is. It may describe an important event now or in your past, a desire, or a decision to change, or relate to something deeper in the psych – 'Hope' (maybe to continue supporting a terminally ill dependant relative), 'Courage' (maybe to change job or partner), 'Sensuality' (maybe to re-kindle a relationship or start a new one), 'Philanthropy' (maybe a desire to establish a charity or just help others)', etc.

Abstract Nouns are used in the selection process because they name things we can't perceive with our five senses- advice, belief, compassion, fear, gratitude, happiness, hope, knowledge. They are useful in making ourselves become more open in expressing a general opinion or emotion about ourselves, without writing a 'Mission Statement' or 'Life Confession'- a manifestation of our higher feeling or sensibility. The User should be prompted to identify and select *Four* from a Table or given the option to name his/her own. The selection process should be quick and spontaneous, and not encourage too much deeper thought.

It might be useful to cite example in the preamble to the selection table, eg:

| <p>VIRTUAL PERSONAL ANALYSIS</p> <p><i>(based on how a Personality Type might assess him/herself, generically rather than specifically to individual circumstances)</i></p> | <p>SACRED COW SELECTION</p> | <p>TYPICAL ENNEAGRAM PERSONALITY TYPE</p> |
|--|--|--|
| <p>I can be tolerant of most people because I am a reasonable person. I'm realistic and think objectively not subjectively. That's my key principle. But it shouldn't be my obligation to teach or tell the world what they have to do. I know I can be dogmatic, self-righteous, and intolerant. Maybe I should learn to chill and not be so obsessive but I'm only going to end up beating myself up and being aggressive to others. I need to show my human side more to be at my best and just be grateful for everything.</p> | <p>Tolerance, Relaxation, Speaking Non-Harshly, Gratitude</p> | <p>Type One</p> |
| <p>While I am generally altruistic and caring, sometimes my love and generosity while well intentioned, are ill-focussed. It's not my job to save the world and expect people less fortunate than I worship me for doing so. And I can't keep drinking and blaming the world for my problems. I need to put my family first and stop dreaming and being an occasional drama queen.</p> | <p>Devotion, Abstinence, Kindness, Rationality</p> | <p>Type Two</p> |
| <p>I am a lot more genuine than some people might think. Other people are attracted to me because I am attractive and ambitious and can motivate people. Some don't understand. Maybe I should be more humble, more cooperative, less competitive. My image can be one of arrogance and exploitative behaviour. There in really no malice in me.</p> | <p>Cooperation, Trust - Worthiness, Humility, Attractiveness</p> | <p>Type Three</p> |
| <p>I'm the creative, intuitive one in class, always the individual living in imagination, but I can become withdrawn, self-absorbed, and self-indulgent, which seems to alienate me from others to the point of self-destruction. I need to not get so absorbed by my feelings and do myself some good without turning to addictions. Self-pity is not becoming, and I must be conscious that I am a useful member of the community and commit to doing community stuff. I will make a better friend of myself.</p> | <p>Social Commitment, Discipline, Community, Artistry</p> | <p>Type Four</p> |
| <p>I'm a discoverer and the analyst. Few people are as perceptive as I. And it's not just chance. I have acquired knowledge and expertise by analysing</p> | | <p>Type Five</p> |

| | | |
|--|---|------------|
| analysis of others always coming up with new perspective- almost to the point of extremism. But this only leads to my isolation and rejection by people who feel intimidated or don't think at my level. I shouldn't let excesses get to me. If only I could calmly observe and be more trusting and less cynical or judgmental. I'd be happier being less conflictive. | Calmness, Trust, Balance, Inquisitiveness | |
| I do believe in myself and I'm likeable and easy to get along with, but I tend to be a follower not a leader, giving into people & bosses rather than standing my ground. I'm usually trusting and respectful, but some authority figures don't live up to my expectation and let me down. Rather than then over-reacting I would benefit by taking responsibility for myself and stop being my own worst enemy. It only makes me anxious and defensive and turn to alcohol. I'm better than that and need to be my own man. | Self-Reliance, Usefulness, Assertiveness, Respect | Type Six |
| I'm so grateful for everything I have. I'm a more joyous and happier person than most. At my best I'm a producer and can be acquisitive but I can overdo it, burn out, be too excessive and end up taking it out on others. Being erratic and impulsive and experience seeking only leads me down the wrong paths. I really need to be patient, listen, and give more, and focus on selective quality in my life not meaningless quantity of more of nothing. | Joy, Acquisitive, Patience, Quality-over- quantity | Type Seven |
| When I find my empathetic side, I can be magnanimous despite my strength of leadership. It's not always about me but it's always me who dominates. I have had to fight for all I have and to get to the top one has to be ruthless sometimes. I don't take prisoners, but a little more compassion, warmth & empathy would help me, give higher purpose and meaning to my life- and I could end up inspiring more people. | Magnanimity, Compassion, Strength, Purpose | Type Eight |
| I may feel fulfilled and be at peace and want to pass on my mindset to others and nurture them with my grace. But I can become too accommodating and self-effacing, almost passive to the point of fatalism. I can become disoriented and lose myself. I need to exert myself where necessary, live life for myself and be conscious of all I do. | Consciousness Self-Respect, Assertiveness, Peace | Type Nine |

Identifying Home Truths

Personality Wing – Home Truths

| Input Table | Questionnaire or Other | Basis of Selection |
|---------------------------------------|--|--|
| Table IX- Selected Home Truths | Provision of Tables IX with 63 given as examples & 7 Characteristics for each Personality Type, as MCQ Questionnaire | Selection based on one Home Truth ranked by User & AI categorized as- Ego, Holy Idea, Basic Fear, Basic Desire, Temptation, Vice, Virtue |

Whether the User is a *Reformer*- striving to be objective; a *Helper* being altruistic; an *Achiever* being hopeful; an *Individualist* being creative; an *Investigator* being wise; a *Loyalist* being faithful; an *Enthusiast* being joyous; a *Challenger* being decisive; or a *Peacemaker* being as patient as he/she can be – none are all perfect and the objective is to identify some Self-Confessed ‘Home Truths’ revolving around unresolved issues, habitual temptations or desires, or habitual fears. The User should be encouraged to be honest. They can be referenced by AI to the - “Characteristics of Enneagram Personality Types” given below to help analyse

the User's underlying problems - 'Ego Fixation', is it a problem in their Development; Are they eluding themselves with lofty 'Holy Ideas'; Are the User's Types' 'Basic Fears' dominating them and holding them back; Do their 'Basic Desires' define them to become obsessions or are they ill-founded fatal flaws; Are their instinctive 'Temptations' their Achilles heel; Do their primary Vices overwhelm them; Do they not make the most of their Personality's finest Virtue? AI will categorize the Users' Home Truths as Inputted, according to these 7 categories:

Listing & Deciding the User's key Personality Recommendations

| Input Table | Questionnaire or Other | Basis of Selection |
|--|--|---|
| Table XI- Levels of Development & Personality Recommendations | Table XI listing/describing 9 Levels of Development Characteristics for each Type and 19 Personality Recommendations. User will do MCQ based on Enneagram Type | AI selects one Personality Recommendation that it consider matches their needs at each Level of Integration 1 to 9, thereby reducing 19 to 9 number |

The Enneagram 'Levels of Development' represents an internal structure within each personality type and is a concept which the User will not be required to understand but be analysed by AI in the assessment of the Questionnaires and Input. That structure is the continuum of behaviours, attitudes, defences, and motivations formed by the nine Levels of Development which make up the personality type itself. The Levels account for differences between people of the same type as well as how people change both for better or worse. Thus, such analysis will allow the Users to appreciate the Output suggestions and solutions to problems or areas of improvement their personality, given in the 'Destiny Road Map'

The Continuum of the Levels of Development are (according to standard available Enneagram Analysis):

Healthy

- Level 1: The Level of Liberation
- Level 2: The Level of Psychological Capacity
- Level 3: The Level of Social Value

Developing a Personality Dashboard

A **Personality Dashboard** is intended to be a positive tool and aid Character Development which is all about emulating an individual's given personality's healthiest traits.

The Footprint going forward will focus on the Users' core definitive Personality and Character drivers in terms of their:

- Top 2 Universal Life Lessons/Mission Statement
- Top 2 Sacred Cows
- Top 2 Home Truths
- Top 2 Personality Recommendations...

all bound by their (defined/fixed) Enneagram Personality Type, and in the context of their (selected) Higher Purpose.

Review of Process up to this point in the Analysis

The next stage is to compare Level of Development with the typical Characteristics of User's Enneagram Personality Type. This will be carried out 'virtually' by the AI algorithms and not necessarily be an Output to share with the User.

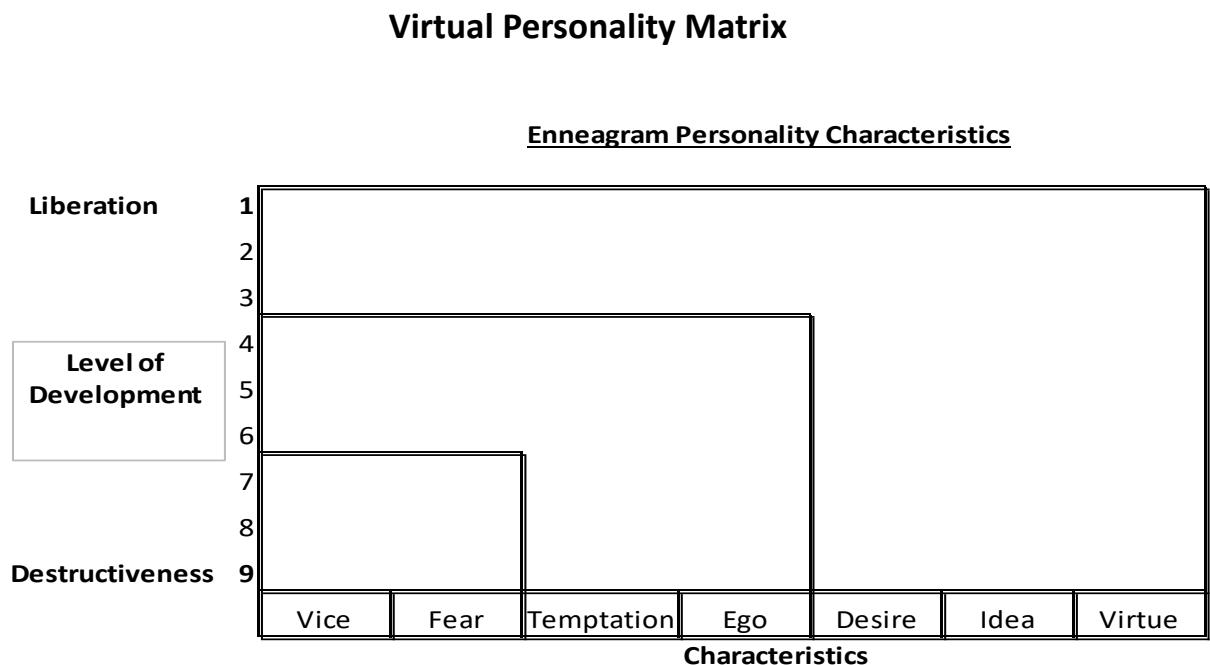

AI will conduct the comparison of the User's Level of Development with the typical Characteristics of his/her Enneagram Personality Type. For example, it is most clear that a person's '*Virtue*' should align with the 'Healthy Levels' (1-3) of Integration of the Personality's Development. Equally a person's '*Vice*' would expect to be most prevalent when the Personality Level is at the 'Unhealthy Levels' (7-9) of Disintegration.

- At Level 1- 'Fear' is surmounted, 'Ego' transcended and 'Basic Desire', 'Holy Idea' and 'Virtue' flourish.
- At Level 2- The Personality may succumb to 'Fear' but underlying 'Basic Desire' compensates
- At Level 3- The Personality starts to succumb to Fear', 'Desire' and the 'Ego' starts to become more prominent in actions
- At Levels 4/5/6- The Personality succumbs to 'Temptation' and 'Ego Fixation'
- At Levels 7/8/9- The Personality becomes delusional and destructive-overcome by 'Fear', and 'Vice'.

AI will plot (virtually) the User's:

- Top 9 Universal Life Lessons/Mission Statement
- Top 4 Sacred Cows
- Top 7 Home Truths
- Top 9 Personality Recommendations

And then Select Levels 1-4 of Development (Liberation-Psychological Capacity-Social Value-Social Role) and Characteristics Basic Desire- Holy Idea- Virtue (Top Right Quartile).

The reason for this virtual analysis is that the User's future Destiny should focus on the positive characteristics in User's personality and his/her life:

- Pursuing his/her natural Needs and Desires as a Personality and an Individual
- Pursuing his/her Holy Ideas and Ideals as a Personality and an Individual
- Maximising his/her Strengths and Virtues as a Personality and an Individual

The other reason is to set up the User to reach the highest Levels of Development of their Personality (The Direction of Integration and Growth)

increasing psychological health and balance- and most importantly avoiding inflation of the ego.

It is important to rise to Level 4 and above. At Level 4 (Level of Imbalance) a person usually succumbs to a significant Characteristic Temptation that violates his or her best interests and development, the ego is inflated, defences increase, and imbalances begin.

Even at Level 2 (Level of Psychological Capacity) a person can succumb to his or her Basic Fear. But if he or she does the Basic Desire rises to compensate.

The ideal for all is to become the very best person they can in the pursuit of destiny. At Level 1 (Level of Liberation) the Personality's Basic Fear is surmounted, and with liberation can move into a state of ego transcendence where he or she begins to actualise the self, attains his or her Basic Desire and therefore begins to fulfil his or her higher-level Needs.

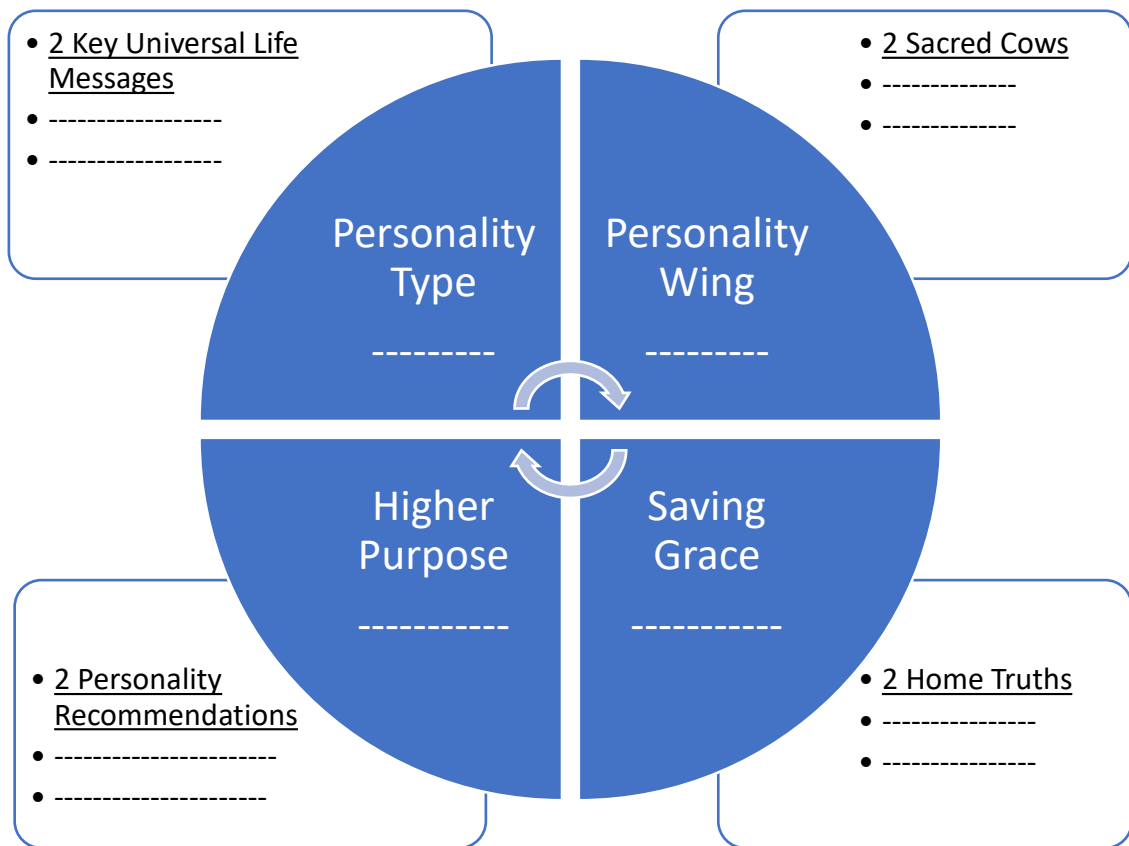

This is the best State for the Individual to move to the next Stage "From Enneagram to Inner-Calling" to Real Purpose, a Chosen Destiny, and a Happier Life.

Given the above analysis and direction for improvement, Claude-AI will prioritize and select the User's core definitive Personality and Character drivers, and provide the definitive Output in terms of:

- Top 2 Universal Life Lessons/Mission Statement
- Top 2 Sacred Cows
- Top 2 Home Truths
- Top 2 Personality Recommendations

And then Plot the User's Personality Dashboard accordingly as an Output in the Destiny Report:
