

Beauty Pearl® —

Hormonal Balancing & Food for Beautiful Skin

Great for teenagers' troubled skin all the way through seniors regenerating youthfulness and hormonal mood swings and mid-life challenges. The Perfect Complement to Sunrider's Skin Care products.

Beauty Pearl is named for its purpose and its appearance. The one-of-a-kind formulation is designed to nourish the skin from within, so you can stay young, look young and feel young. The concentrated herbal extracts are contained in a pearl-size pill for easy ingestion. **Beauty Pearl** promotes youthfulness and a positive attitude. It contains very assimilable calcium. Beauty Pearl is known to help balance hormonal mood swings, mid-life challenges, as well as acne and skin related problems. As with all Sunrider formulations, each ingredient in the **Beauty Pearl Supplement** is chosen for its special beneficial qualities; however, the way they are combined is what makes it and each Sunrider product exclusive.

The exotic food herbs, extracts and special ingredients are:

Honey is a natural sweetener, which has been used as an ingredient in skin-care and personal care products for centuries in both eastern and western cultures.

Ginseng Root is a regenerative food, especially to the hormonal system and reproductive organs. Some of the properties that have been attributed to ginseng include the ability to stimulate, regenerate, and soothe the body.

Panax Ginseng is very nourishing to the mind and nervous system. Chinese eat it for energy, strength and endurance. Panax Ginseng, also known as Asian, Chinese, or **Korean Ginseng**, has been used as a qi (vital essence) tonic in Chinese medicine for about 5,000 years to help stimulate as well as relax the body's systems. "**Panax**" is derived from the Greek word "**pan**" meaning "**all**" and "**akos**" meaning "**cure**". Panax Ginseng is the most powerful of the ginsengs. The roots were once dug from the wild but today such roots are rare and expensive, selling for thousands of dollars apiece. After 100 years of refinement of cultivation practices and seed selection, good quality cultivated roots are being produced. It helps improve your mental and physical wellbeing and strengthens your resistance to stress. This ginseng is often the choice for older folks (over

45). It is effective at improving memory and learning due to its neuro modulating action. Panax also helps prevent clotting, thereby helping reduce heart attack, stroke and many circulatory problems, like varicose veins. It helps regulate metabolic function and protects the metabolism against various toxins. In other words, it helps the body “adapt” to stress; hence, the label “adaptogen”.

Korean White Ginseng, according to pharmacological research, strengthens general resistance, strengthens the actions of the heart, lowers blood sugar, improves digestion, lowers blood cholesterol, increases the good kind of cholesterol (HDL), inhibits allergies, as well as improves concentration, memory and work efficiency. Sunrider only uses the pure, unadulterated root powder. This is rare in the market, as most companies cut their herb formulas with rice powder.

Royal Jelly Extract is the food of the queen bee that prolongs her life 30x that of the other bees. Royal jelly is considered perhaps the most complete food; proven to have healing and regenerative qualities. Benefits to the skin are a result of 18 amino acids (protein), pantothenic acid, B vitamins, and other minerals. Used in cosmetics, royal jelly extract is touted as a potent stimulator of the skin.

Alisma Orientale is used in traditional Asian medicine for various diseases and inflammation.

Chrysanthemum Flower is very calming, anti-infection, and anti-inflammatory. It is also attributed with the ability to help soothe skin while having cell-nourishing properties.

Pearl Powder dramatically reverses the aging process! Pearl Powder is a finely milled powder made from freshwater pearls, which contains a number of amino acids and several minerals. It promotes peaceful mind and well-being. Pearl Powder develops radiant, youthful complexion, stimulates new skin growth and collagen regeneration.

For attractive, healthy, new skin and emotional support, chew or swallow 1-2 ***Beauty Pearls*** every day.

Ingredients Featured: Honey, Panax Ginseng Root, Chrysanthemum Flower, Royal Jelly, Alisma, Orientale and Pearl Powder.
