

# CITIZENS FOR NORTH PHOENIX STRAYS CITIZENS FOR NORTH PHOENIX STRAYS

**“The ‘animal rescue’ world is not a perfect world  
But we leave it better than the way we found it”™**

**Thank YOU! For caring enough to make an effort and help save an animal’s life  
Read thoroughly, use all the resources, do call backs, resend emails, don’t give up!**

If you have a pet cat or pet dog that you want to get spayed or neutered – This flyer will help you.  
If you found a tame or feral cat/kittens or a dog/puppy – This flyer will help you.  
If you are looking for help in finding a new home for a pet or stray, dog or cat – This flyer will help you.  
If you feed strays YOU MUST ALSO SPAY AND NEUTER or all you are doing is breeding cats to die -  
This flyer will help you TNR=Trap Neuter Release

Spring and Summer are our worst times of the year to try and rehome an animal. It is not impossible but we need to be patient and persistent. Stray animals are breeding, pets are getting dumped, helpless dogs and cats are being euthanized because there are just not enough homes. **PLEASE! SPAY AND NEUTER**

## **For stray cats and feral/wild cats - these cats DO NOT have to die!!**

If you are feeding stray or feral cats, help is available to get them spayed and neutered!  
Trap-Neuter-Release is the most humane and effective method of stabilizing free-roaming cat populations.  
\*Call Pam 602-717-2287 fyi Pam does not pick up or adopt out cats or kittens  
Very busy, please be brief. All she wants to know is you are the feeder and you want the kitties back.  
Even if it is to get the tames ones adopted out later...you want them back.  
Call Spay/Neuter Hotline 602-787-4240 or 602-254-7728 Phoebee 602-258-1250  
Call Altered Tails 602-943-7729 or 480-807-1200  
Foundation for Homeless Cats 602-410-2972 [carlajewell@cox.net](mailto:carlajewell@cox.net), Grant [granterling@yahoo.com](mailto:granterling@yahoo.com)  
Trap-Neuter-Release = TNR effectively stabilizes and reduces feral cat populations  
**\*Remember if there are kittens in need, there is also a breeding male and female that needs help too\***

## **SPAY AND NEUTER THOSE STRAYS NOW BEFORE THEY START BREEDING!**

Warm Arizona weather causes cats to go in heat 4 times a year verses 1 time a year in the colder states where they also die off in the winter. 3 cats will become 33 if you do not spay and neuter now!  
***Don’t be angry with stray cats... They are here because cruel irresponsible people threw them away***  
Be smart! Let them work for you. When they are fixed they will hunt scorpions, mice, roof rats and roaches!

**CATS - If you cannot walk up to the kitty and pick it up, if it runs from you, if you have to trap it then\*\*PLEASE FOCUS ON TNR\*\* Trap Neuter Release**

When you take in a cat you cannot touch and try to tame it down you weaken their structure and survivability skills making them more susceptible to disease. If the cat does not tame down over time you cannot release it because now it is vulnerable to the outside world and will suffer. Can you make a 20yr commitment to care for that unadoptable cat for life?

**YOU CAN NOT RELOCATE – IT DOESN’T WORK AND THE ANIMAL STARVES**

You must release in the same place you trapped.

Later, if it tames down and you can walk up and pick it up, then focus on adopting it out.

# CITIZENS FOR NORTH PHOENIX STRAYS

## **If you have LOST an animal**

Most important! **IMMEDIATELY POST SIGNS EVERYWHERE!!** Simple signs “**LOST**” **PETS PICTURE, PHONE NUMBERS.** Also hand them out door to door, tell neighbors to check bushes and sheds and go hunting for pet at night. Leave food out front and back. Put out clothing with your smell on it.

Go to East and West pounds and Humane Society every day! Post on Craigslist.

Lost <http://gis.maricopa.gov/mapapp/animalcarecontrol/stray/index.html> or <http://www.lostdogsarizona.org/>

Lost or Found <https://www.facebook.com/LostDogsArizona> or <https://www.facebook.com/lostcatsaz>

Lots of great info <https://www.facebook.com/groups/315591408463828/>

**Dogs need to be microchipped, licensed and always wear a collar with ID tags with phones and address kept current**

Pet cats need to be inside only or get a catio or containment fence. We are human and accidents will happen. **If you insist on an inside/outside pet cat please SAVE A LIFE and adopt from the Humane Society or the pound**

Rabies shots are mandatory by law for all dogs. Best prices are at Altered Tails 11<sup>th</sup> ave and Hatcher and Petco's Vetco. Just call your nearest Petco for details. Get your dog microchipped while you're at it!

**\*EMAIL ME FOR ALLERGY INFO – YOU CAN KEEP YOUR PET, EVEN IF YOU HAVE ALLERGIES!\***

**\*EMAIL ME FOR A LIST OF PET FRIENDLY APARTMENTS/HOMES. YOU CAN KEEP YOUR PETS!!\***

## **A pet or stray CAT/kittens or DOG/puppies \*needs a new home \***

**DON'T RELY ON ONE ORGANIZATION/PERSON**

**USE ALL YOUR RESOURCES**

Make sure the organization/people helping you with adoption adopts cats to inside homes only, that they do NOT allow declawing and that they will take back their adopted dogs and cats if the adoption does not work out. You don't want that animal to end up at the kill shelters.

## CITIZENS FOR NORTH PHOENIX STRAYS

■ If you offer to foster the animal until it is adopted, you will get help faster.

■ If the dog or cat you are trying to help is spayed or neutered you will get help quicker

■ **CNPS can network your plea for help** Email a good pic of the dog or cat ON the email not attached. In a short paragraph tell about the situation, add contact phone, email on bottom of email [rlent4@gmail.com](mailto:rlent4@gmail.com)

■ **CNPS can help adopt out a cat** As long as the cat is fixed (don't waste money on testing or shots) and has someone committed to taking care of him/her until adopted, I can list, screen and set up a meet and greet for adoption. Email me kitties name, age, sex, 4 **good inside** pics, where did kitty come from, why is he/she up for adoption, personality ie needy, snuggly, independent, talker, laid back, playful, briefly tell me everything you want a new owner to know, favorite toy, funny quirks, where does he/she sleep, plays in water, nosy, loves the dog, lap cat, couch potato, shy, curious, etc....to the best of your knowledge is kitty good with cats, dogs, kids? Is the kitty declawed or tested? If kitty is overly aggressive, not socialized or has litter box issues, that kitty is not adoptable. Text or email me for options

In the subject line put "list kitty for adoption" [badkittyts@aol.com](mailto:badkittyts@aol.com)

Ck out some story ideas on our website at [http://www.adoptapet.com/adoption\\_rescue/74255.html](http://www.adoptapet.com/adoption_rescue/74255.html)

scroll all the way down and click on the pictures **GOOD PICTURES WILL GET THAT ANIMAL ADOPTED**

■ **CNPS can help adopt out a dog** As long as the dog has someone committed to taking care of him/her until adopted, and he/she is dog and people friendly, then CNPS can help you.

Contact Noemi 602-689-2157 [CNPSrescue@gmail.com](mailto:CNPSrescue@gmail.com) She will help facilitate getting this dog ready for adoption ie spayed/neutered, shots, micro chipped. CNPS will schedule the dog to participate at our adoption events every Sat and Sun at Petco at I17 and Happy Valley Road SE corner.

It is a plus if you can stay at adoptions with the dog.

■ **For best exposure get that dog into an adoption event** Most organizations that adopt out at Petsmart and Petco will work with you if the animal is fixed and you are willing to foster until its adopted

■ **Every Petco, Petsmart and most pet food stores** have at least one organization adopting out animals. Call and get the phone numbers to these organizations to see how they can help. Remember to let them know that you will "help them, help the animal", that you will foster the animal and bring it to adoptions.

■ **Petfinder and Adopt-A-Pet** Go to these websites and do a search for "cats or dogs" in your zip code. It will pull up animals for adoption and their organizations. Call or email to see how those orgs can help you.

**YOU CANNOT GIVE UP \* THAT ANIMALS' LIFE RELIES ON YOU!**

*Be PATIENT and work the system. Every adoptable animal WILL GET A HOME!*

■ **CATS – If the above options are impossible at least take the next best minimal action by fixing and releasing. This allows the stray, freedom to take care of itself without the overwhelming burden of reproducing. **If you do nothing the animal will still be where it is at, but unfixed and breeding.** That's a cruel, cruel life. Please don't just walk off and ignore it. Nobody else but you is going to do anything about it.**

■ **DOGS** - If you can pick out any distinct breeds in the dog your trying to help, contact C.A.B.R.A. = Coalition of All Breeds Rescue 480-874-2511 or <http://www.petfinder.com/shelters/AZ79.html> scroll all the way down. If you think he has any Shepherd, call Shepherd rescue and say you have a Shepherd (NOT a MIX) that needs help. If you think he also has any Lab, then call Lab rescue and say you have a Lab (NOT a MIX). Let THEM decide if he is a purebred. If you're not sure of the breed, send me a picture.

■ **Please Do Not Use Online Classifieds i.e.: Craigslist, Offer up, to give away animals!**  
Use a reputable rescue organization to find a safe and permanent home for that life

# CITIZENS FOR NORTH PHOENIX STRAYS

**\*\*SAVE A MILLION LIVES, BY JUST SPAYING ONE\*\***

## **\*\*\*WARNING\*\*\***

**#1:** Be sure you know who you are working with ie: Do they follow-up, do they take returns, are dogs/cats adopted to indoors only, NO declawing etc. Our worst rescues have been from incompetent rescues.

**#2:** Please, use your options versus taking that animal to a kill shelter. The kill shelter, The Humane Society and The Pound have to kill to make room for more that are guaranteed to be dumped that day. It is **NOT** their fault, due to uncaring irresponsible people that dump these poor animals not fixed in the first place! The shelters are tired of euthanizing! Please be the one who does care and use these resources.

■ **AS A LAST RESORT...** The Humane Society, and the reason I say LAST is only because sooo many people wait till the last minute then dump their responsibilities off on them, it's overwhelming. Admissions are by appointment, call the Pet Resource Center at 602-997-7585 ext. 3800. They will walk you through existing resources and if needed will explain the appointment procedure and do the scheduling.

■ **AND LAST OPTION...** Death is not the absolute worst thing these animals have to look forward to, we are all going to die...it's HOW they die that's important. If you have no choice but to have an animal euthanized because he is too old, aggressive, has medical issues or whatever, go to a veterinarian and have it done the right way. Don't let him die at the Humane Society or the Pound! They have to euthanize hundreds of animals a day because of irresponsible dumpers. Give that animal what it deserves, and that is, a non-threatening, quiet environment surrounded by love. Let that animal be put to sleep peacefully, held by you or while being petted and loved, not in total fear the last few minutes of his life.

**It's very important to have the pre-anesthetic shot done first AND NO CATHETERS!**

**Cat Trees - Cat Condos - Cat Scratching Posts MORE**

**Best Quality - Best Prices  
and they always have a sale!**

**!! ADOPT FOR LIFE !!**

*Sadly our society is becoming one that "wants it now" and only for "short term". No commitment even when a life is at stake. An animal is family, FOR LIFE! With 300+ more organizations than 30 years ago and many wonderful neighborhood citizens doing TNR - trap neuter release, we should be seeing lower kill numbers at the kill shelters, very sadly and discouragingly we are not. Most of the 400 animals killed every day are owner turn ins. Young and old, healthy animals.*

# CITIZENS FOR NORTH PHOENIX STRAYS

## ***PLAN AHEAD!!***

***What is going to happen to  
your animals / your pets /  
your family members  
if something happens to \*YOU\*  
Sooo many die at the kill shelters!  
Family turns them into the  
Humane Society and the pound  
after you are gone!  
Most never make it out!***

This food is equivalent to the prescription diet for male cats to help prevent urine crystals and blockage. You don't need to buy the \$\$ expensive vet supplied RX food

as of Sept 2009, **IT IS AGAINST THE LAW TO SELL ANIMALS ON THE STREET CORNER OR PRIVATE PROPERTY!!!** THE ONLY WAY THE POLICE ARE GOING TO GET INVOLVED AND ENFORCE THIS LAW IS **IF WE MAKE THE PHONE CALL TO STOP IT!**  
PHOENIX 602-262-6151 GLENDALE 623-930-3000

Email [badkittyts@aol.com](mailto:badkittyts@aol.com) or text me 602-332-6615 me if there is anything you need answered that is not covered in this flyer. I can blast it out to 100 other animal rescue volunteers to get you answers.

## **FOR MORE HELP WITH CATS AND DOGS...KEEP READING**

### **CNPS, WHO WE ARE...**

Citizens For North Phoenix Strays is a non-profit, 501c3, 100% volunteer, no kill animal rescue organization that has been "Helping People, Help Animals"™ since before 1993.

We are here to share our knowledge, information and resources to help educate and facilitate efforts so more people are able to come to the aid and welfare of the animals.

CNPS will encourage, assist and support anybody, anywhere that needs help saving an animal. Whether it be thru free to low cost spaying and neutering, humane trap-neuter-release, or by giving an animal a second chance thru adoption.

# CITIZENS FOR NORTH PHOENIX STRAYS

Besides LOVE and COMMITMENT

All a pet cat needs is...an inside home, huge cat condo, cat nip, laser lite, feather toy, quality food.  
A dog needs...an inside home, collar with id tags ie: phone/address, halter for walks, leash, quality food.  
Remember when you are adopting a pet, you are adopting a family member, for life!  
They are not throw away toys! When you move you take your children, your belongings, your pets.  
It's a life, a commitment to the end.

## ADOPTING A NEW FAMILY MEMBER...

- \*Most of CNPS dogs and cats available are posted at <http://www.adoptapet.com/shelter74255-pets.html>
- Cats - Toni 602-332-6615 [badkittyts@aol.com](mailto:badkittyts@aol.com) Dogs - Noemi 602-689-2157 [CNPSrescue@gmail.com](mailto:CNPSrescue@gmail.com)
- All of our animals have been vet checked and are spayed and neutered.
- \*We show our rescued dogs at our adoption events every Sat/Sun 11-4 Petco I-17 Happy Valley Rd SE
- \*Almost every Petco and Petsmart has dog and cat adoptions on the weekends. Check them out!
- \*Also go to <http://www.petfinder.com/> and do a search for what you're looking for in your zip code

**Due to sick and cruel people poisoning, trapping and dumping in the desert, shooting with guns and arrows, letting dogs loose to roam and kill and due to hungry coyotes and owls and hawks...  
THE AVERAGE LIFESPAN OF AN OWNED INSIDE/OUTSIDE PET CAT IS 18 MONTHS  
THE AVERAGE LIFESPAN OF AN OWNED INSIDE ONLY PET CAT IS 18 YEARS! That's a fact!!**

## WE LIVE IN THEIR WORLD...

Coyotes, owls, hawks come into town because there is a food source.  
As long as people continue to let their tame cats outside the coyotes will continue to come into town to feed.  
It's as simple as that!  
Fixed feral/wild cats, cats you cannot touch, are smart and know how to elude the coyotes, hawks and other wildlife that belong here...Tame cats do not!

**INSIDE PET CATS...MAKE SURE THERE IS AT LEAST 1 PEE AND 1 POO IN LITTERBOX A DAY!  
We are hearing way to many Urinary Track Infections-blockages, get help immediately or they die!!**

## CITIZENS FOR NORTH PHOENIX STRAYS

Inside dogs outside dogs, ALL dogs need to always wear their collars with current contact info up to date... **A DOG LICENSE TAG, A MICROCHIP TAG, AN IDENTIFICATION TAG WITH PHONE AND ADDRESS,** even while bathing! Our dogs - our pets - our family members are our responsibility!

Fix the issue before it becomes a problem that may cost your dog his life.

Dogs that are tagged get back to their owners more often and quicker and most don't have to endure the cold, scary kill shelters. IF the dog is turned into the pounds-shelters most unidentifiable stray dogs will be destroyed. It's not the shelters fault! They have to kill to make room for more that will surely be dumped the next day.

Don't let your dog be just another statistic!

A caring person/neighbor/somebody driving by is more likely to take your dog in if it is tagged.

With your current contact info you get called, your dog is saved and we, who do full time volunteer rescue won't have to work so hard!

Go to FB STRAYDAR..."found no collar, found collar no tags, found went to pound, found no identification, found put to sleep PTS, found sent to pound, on E List ". PLEASE, if you haven't already, tag your dogs!

### **\*CATS\***

■ Rabies and Leukemia shots can cause onsite tumors, **CANCER!** That is why the vet will do those shots in the leg. So they can cut the leg off! Cats can only get rabies and leuk from being outside.

■ When you let your pet cat "out back" with you they roll in the dirt and contract microscopic body mites and parasites, then you bring them back inside and they shake on your bed, sofa or carpet.

■ Walking a cat on a leash gets him used to going and wanting to go outside.

**IT'S SIMPLE! DON'T LET THE CAT OUT!** And you won't have all those costly vet bills.

■ Does declawing my cat really hurt him? **YES!** Mentally and physically. If he gets past the initial pain of healing, as the aching scar tissue builds up over the years and he starts to realize that he has lost his defense mechanism he could start to bite you and pee on your things. Now you have 'ruined' your cat. You don't want him and nobody else will want him. Get a nice big cat tree, throw on some cat nip and trim kitty's front claws with toenail clippers once a month.

Call me! I will do it for you and show you how. They also love laser lights and feather toys!

***DON'T DECLAW.***

***IF YOU WANT A DECLAWED CAT,  
PLEASE ADOPT ONE***

# CITIZENS FOR NORTH PHOENIX STRAYS

Landlord says you cannot have/keep your beloved bully breed family member?

You CAN keep your pet by registering him/her as an emotional support pet or a service pet

<http://www.esaregistration.org/>  
<http://www.servicedogregistration.org/>

**Adopting a new pet / a new family member is a commitment "FOR LIFE"**

If for any reason you do not want or cannot keep an adopted rescue pet and a responsible family member, neighbor, co-worker or friend is not found, then this life MUST be returned to CNPS or the rescue you adopted from. We don't want any animal going to the kill shelters!

**DON'T BUY! BUYING ONLY SUPPORTS BACKYARD BREEDING! ADOPT A RESCUE ANIMAL**

People meds that will help animals...

Benadryl treats allergies-itching etc. dose for dogs and cats 1/2mg per lb every 8 hrs as needed

Buffered Aspirin-coated aspirin aka Ascriptin DOGS ONLY-NO CATS good for arthritis, joint pain reliever - anti-inflammatory. Dose for dogs 5mg per lb every 12 hrs
