UP LABOR-MANAGEMENT COUNCIL 4-UNITY SPONSORSHIP

The UPLMC 4-Unity Sponsorship helps to fund education projects for union members, union employers, and high school students. Our main projects are High School Collective Bargaining, which is a one day mock negotiations workshop for students in MARESA, DSISD, and DIISD school districts. These are held twice a year, once in the spring and once in the fall. Our other big event is the Annual Conference, held every March. With this conference we aim to bring valuable information to union members and their employers.

The UPLMC is in the process of expanding educational opportunities with classes on collective bargaining, grievance procedure, and contract administration. We cannot do this without the generous support of 4-Unity Sponsors

A list of 4-Unity Sponsorship opportunities can be found on the on the next page.

If you would like to become a 4-Unity Sponsor, please fill out the the information below and return it with a sponsorship check to the address below, or if you prefer to be invoiced, please put an "X" next to invoice
