Highway Superintendents Report

Feb. 21, 2019

We have been busy keeping up with the all the snow and ice storms, and when it's not storming its 60 degrees and turning the dirt roads to mud. In the process of the storms the front end on the loader broke. It is now up to Turnunens in the process of being fixed. I talked to Pete today and he said he has all the parts and will be putting it back together next week. While the dirt roads turned to mud we tried to grade them off, but unfortunately the grader broke. That is also up to Turnunens and he will be getting it in when he gets a warm day. So in the meantime he has loaned us his loader to help us out. I tried to grade down Hickey road with the loader and did the best we could, Tyler also worked on Quivey Hill Road and Hills Pond Road with it. I was able to get some part time help until we can find another man. Ben Corey is helping us with the plowing and Nate Dekalb is helping with the rest. I have received 4 applications back and will start interviews on Monday. We got the new plow for the 2012 Dodge. It will also be going to the Healds garage for repairs, the front axle bearing is going and vibrating in 4 wheel drive and it is still not running good. The outside lights are repaired on the garage as everyone can see and Nolan says that if we would like a quote to change all the garage lights to LED to let him know.
