

July 27, 2011.

To Whom It May Concern:

I have had the pleasure of meeting with Chuck Russillo, president of United Structural Associates, to discuss his company's innovative structural system. There is no doubt this system has numerous applications, the potential to positively impact a variety of industries, and creates jobs for the residents of Florida.

Enterprise Florida has provided United Structural Associates a number of potential financing options and other assistance as it considers locating in Florida. We certainly look forward to continuing to work to bring this company to Florida and assist with its expansion here thereafter.

Sincerely,

A handwritten signature in blue ink that reads 'Jay Robinson'.

Jay Robinson
Manager, Capital Programs
