Since 1940 Kentucky Nut Corporation has grown to offer a variety of gourmet nut products. Kentucky Kernel remains famous for "wild seedling" pecans - the only variety of pecans we think are worthy to carry the Kentucky Kernel logo. All our roasting is done here in our plant, one batch at a time, in order to meet our high quality standards. We are so confident that Kentucky Kernel products will meet your gift-giving, snacking and baking needs that we offer a 100% guarantee.
