

# Michigan Rainbow Grand Representative

## End of Year Project 2021

Another year has come and gone and it seems that the world is still primarily meeting virtually. As a result of this, I have decided that we will do a virtual end of the year report for our Grand Representatives again! This year I will be asking each of you to make a slide to represent your jurisdiction that will be presented in a slide show at Grand Assembly. Attached to this email is a link to a Google Slides document with a slide dedicated to each of your jurisdictions. Each link is labelled with your name and you will only be expected to edit your own. To continue with this year's theme, we have given each of the slides a slate background. Please leave this background as it will help the slideshow look unified and will tie it back to our theme. The year-end report is a requirement of being a Grand Representative. This includes Grand officers who are also serving as Grand Representatives.

Since these projects will be done virtually, we will be able to get judges from around the world! There will be 3 winners, first place will receive a \$30 Target gift card, second place is a \$20 Target gift card, and third place will receive a \$10 Target gift card.

The project is supposed to be decorated as a representation of your jurisdiction. If you have had contact with your counterpart, you can talk about them. Please, since these will be distributed virtually, only use first names. If you have information about the GWA and theme of the jurisdiction, you can include that. If you have no information about Rainbow in your jurisdiction, then give us some information about the state/country/region that you are Representative to. This is supposed to be an opportunity for all of Michigan Rainbow to learn about the jurisdictions you have been communicating with. Be creative! Use colors, clip art, animations, whatever you can find.

I need to take a moment to thank my sister, Jacquelyn for all of her help with the technological aspects of this project. If you are having difficulty with the Google slides, your best bet is to contact her first. If you have questions related to the project requirements, assistance with finding information about your jurisdiction or other related questions, I have included my email.

Most importantly, this project is supposed to be fun! I'm excited to see what you girls can come up with this year. Remember, these will be shared with our virtual Masonic family, so show them how talented the Girls of Michigan Rainbow are!

Slides will need to be completed by June 13 in order to be approved and distributed for judging.

Erin Bodine

Director of Grand Representatives

Past Grand Worthy Advisor 2011-2012
