

GOGEBIC COUNTY ROAD COMMISSION and TOWNSHIP DISCUSSION

MONDAY, JANUARY 22, 2018 3:15PM

In Attendance

Marti Wegner Roy D'Antonio John Matonich Dan Peterson Darren Pionk
Patti Hagstrom John Cox-Wakefield Township Larry Grimsby-Erwin Township

Discussion

Darren gave updates on the following projects for 2018:

1. Thousand Island Lake Road Phase II work has been awarded to Payne and Dolan.
2. East Shore Road Bridge and Kimberly Road Bridge bid letting has been scheduled for March 2018.
3. Lake Road Reconstruction GI review is complete and the bid letting for the project is expected in May 2018.
4. Township Work Orders-a list of chip seal work is being compiled. Road tours with each township will be scheduled in the spring.

John Cox stated that the snow removal operations have been wonderful this year and that he has not had any calls regarding this. He added that the Wakefield Township Board has taken a neutral stance on a new facility for the Gogebic County Road Commission.

Larry Grimsby suggested a road millage should be looked into for future road improvements. He also suggested that GPS should be researched for work efficiency.
