LET'S COMPARE COSTS AND COVERAGE

MedicareBlue Rx (PDP) plans offer two levels of coverage and cost sharing. Each plan pays a different amount toward prescription drugs. The right plan for you depends on how many drugs you take and the cost of those drugs.

Choose from two levels of coverage:

STANDARD

GOOD OPTION

if you take mostly generic drugs that are covered on Tier 1 or Tier 2.

- **Lower** monthly premium
- **Deductibles:** No deductible on Tiers 1 and 2 generic drugs so coverage starts right away with a copay. You will have a deductible on Tiers 3 – 5 drugs. After you pay your deductible, you will pay a set copay or coinsurance on covered drugs.

PREMIER

GOOD OPTION

if you take multiple generic and/or brand-name drugs or need extra coverage in the coverage gap stage.

- **Higher** monthly premium
- **Deductibles:** No deductible on all five tiers so your coverage starts right away with copays or coinsurance. \$0 copay on Tier 1 and Tier 2 prescriptions when you use a preferred pharmacy. Plus, get extra coverage during the coverage gap stage on Tier 1 and Tier 2 prescriptions.

TIP TO AVOID A PENALTY

Enroll in a Part D plan when you're first eligible so you don't have to pay a late enrollment penalty from Medicare. Learn more at bluecrossmn.com/penalty.

MEDICARE PART D EXTRA HELP

If you have limited income and financial resources, you might qualify for the Low-Income Subsidy (LIS) program from Social Security. Ask us for more information or visit ssa.gov.

FREQUENTLY ASKED QUESTIONS

WHAT IS MEDICAREBLUE RX (PDP)?

MedicareBlue Rx is a prescription drug plan (PDP) that works with your Medicare benefits. Not all covered services are listed in this booklet. To see a complete list of covered services, call MedicareBlue Rx and ask for the Evidence of Coverage. The phone numbers are listed on the inside front cover. You can also visit YourMedicareSolutions.com to view the electronic version.

CAN I JOIN?

To join, you must be entitled to Medicare Part A and/or enrolled in Part B and live in our service area, which includes Iowa, Minnesota, Montana, Nebraska, North Dakota, South Dakota and Wyoming.

ARE MY DRUGS COVERED?

Check the formulary, also called a drug list, at YourMedicareSolutions.com, or call MedicareBlue Rx and we will send you a copy.

HOW MUCH WILL I NEED TO PAY FOR PRESCRIPTION DRUGS?

The amount you pay depends on what tier the drug is on and what benefit stage you have reached. Your costs for each drug tier and benefit stage are shown in the benefit chart in this booklet.

WHICH PHARMACIES CAN I USE?

In general, use the pharmacies in the plan's network to fill your prescriptions. Some pharmacies offer preferred cost sharing, and you may pay less when you use them. You can find the list of pharmacies for this plan at YourMedicareSolutions.com, or call and we will send you a pharmacy directory.

If you must use an out-of-network pharmacy, you will generally have to pay the full cost at the time you fill your prescription. You can ask us to reimburse you for our share of the cost (see Chapter 5, Section 2.1 of the Evidence of Coverage).

WHERE CAN I LEARN MORE ABOUT ORIGINAL MEDICARE?

The Medicare & You handbook explains what Original Medicare covers and the costs you may pay. You can view the handbook online at medicare.gov or call **1-800-MEDICARE (1-800-633-4227)** (TTY: **1-877-486-2048**). You can call 24 hours a day, seven days a week.

WHAT ARE THE BENEFIT STAGES?

As you spend up to certain dollar amounts on your covered prescription drugs, you will move into different benefit stages.

Stage 1: Meet your deductible

The amount you must pay for prescriptions before your plan begins to pay.

Stage 2: Initial coverage

The stage before your total drug costs for the year have reached \$4,130. During this stage you will pay a copayment or coinsurance for your prescriptions.

Stage 3: Coverage gap

This stage begins after your total drug costs for the year have reached \$4,130. It is sometimes referred to as the donut hole. During this stage, you receive a discount on brand-name drugs and pay no more than 25% of the costs for generic drugs.

Stage 4: Catastrophic coverage

This stage begins after your out-of-pocket costs for the year have reached the \$6,550 limit for the calendar year. You will stay in this payment stage until the end of the calendar year. During this stage the plan will pay most of the cost for your drugs.
