Search Applications

Use this search tool to look up applications and monitor their status.

To view the application status, please enter the member's full name or subscriber ID.

Please be aware that the information provided is for current members only. Members with a future effective date will not appear until after the affective date. Additional functionality, including future membership will be available December 9th, 2013.

PLEASE NOTE, EasyChoice Applications and Enrollment status information is not available at this time. It will become available once the integration with WellCare is complete.

Please download the enrollment guides on Part B Entitlement and Plan Service Area for further assistance to help reduce processing delays and enrollment issues.

Here you can enter the criteria you want to search by in order to find an application and check its status. Click Search Applications. In the box below all applications that meet the search criteria will appear. If the status states Active then the policy is in effect. Click on the client's name for additional information if needed.
