

## Day Three: Part 2 The Six Areas of the Creation Finished

Partially through **Day Three**, *elohiym* completes the creation of the unique areas in the creation. Now the focus switches to creating the “**hosts**” of each area. The Hebrew word translated “**hosts**” is a military term that means “*to be on duty.*” In the context of this story, it means “**to function the way it was created to function.**”

*Functions are related to areas in which things occupy.*

The areas that *eohiym* changed are all below the surface of the Deep Waters.
