Festivals of *India*

"Festivals of India", is a musical that starts with the story of a young girl from America, wanting to learn more about India's soul and spirit. She travels through different parts of India, attending the various festivals and learning about the symbolisms in all the rituals. Classical dance styles like, Bharatanatyam, Kuchipudi, Mohiniyattam and folk dance styles like Garba, Bhangra, Kerala folk, Tamil Folk and other regional styles were used in choreography

Through this project Ranjana Warier goal was to educate the community on the culture of India, highlight the message of how diversity makes us stronger, emphasizing similarities and positive cultural group achievements, encourage everyone to perceive a situation from others' perspectives and provide a very entertaining presentation with a wide variety of classical and folk art forms of India.
