"THE MANOR," a sparkling fictionalized re-enactment of true events surrounding the Doheny family and the history of the Doheny Greystone Mansion, chronicles the triumphs and travails of the prominent MacAlister family during the 1920's as they ride the tide of good fortune. Spurred by legends of ghostly wanderings, costumed performers inhabit the Mansion's opulent rooms and roam its cavernous, echoing hallways to weave a tale that begins euphorically with the promise of a splendid future, but an involvement in a political scandal sparks a downward spiral that ends in a senseless tragedy. "...a saga of the rich & mighty in the grand tradition
