

## Melody Blue

Bluebird in the willow  
Sweetly weeping au caupella  
Forlorn melodies  
Of the love he lost

Bluebird of happiness  
Fly home to your nest  
My song is unadorned  
Without you

It's just blue, blue  
Melody blue.  
Whispering  
Softly to you,  
Melody blue.

Mockingbirds may fill the daytime.  
Nightingales may fill the night,  
But only you  
Can fill my soul with song  
That's not blue, blue melody blue.

It's just blue, blue  
Melody blue.  
Whispering  
Softly to you,  
Melody blue.

Optional bridge:      When you're in my life  
Everything is light and bright  
And, my heart takes off  
On wings of flight  
Into the sky
