Committee*

## History

The Academy was founded in 2002 by a committed group of correctional health leaders to provide a professional community for the advancement of correctional healthcare.

## Core Values

### Professionalism

We work with expertise, commitment, and diligence.

### Integrity

We respect each other, our colleagues, custody staff, and the dignity of our patients.

### Excellence

We set and maintain the highest ethical and professional principles of conduct for ourselves and our programs, consistent with NCCHC standards.

### Leadership

We provide guidance and inspiration through education, information, policy development, and advocacy for our patients.

### Unity

We bring together all disciplines of correctional health care professionals to achieve positive outcomes within correctional settings and our professional community.

### Legacy

We hold in high regard those who came before us to advance our field, and we work to create and maintain programs of excellence for future generations.

### A Brief Overview

We are pleased to announce that the Academy of Correctional Health Professionals now offers a **Mentor Program** as a benefit of membership.

If you are new to the field or starting a position, or if you would like to discuss issues unique to providing healthcare in correctional settings with another correctional healthcare professional, then the ACHP **Mentor Program** is here for you.

If you have lessons to share, expertise and years of experience in correctional healthcare, please join our team at the **Mentor Program**!

***The Mentor Program will match mentors with mentees by profession, skill level and interests.***

To be matched to a mentor, contact us at:
