

COVID-19 UPDATE

Cabot Psychological Services has made the difficult decision (in order to protect vulnerable individuals in our population and flatten the curve to protect our healthcare system) to move temporarily to a telehealth model beginning Wednesday, March 25th. We will resume normal operations as soon as guidelines from the CDC indicate that it is in the public interest to do so.

If you are an existing client, please communicate with your clinician to continue your appointments via telehealth.

If you are a new client, we can likely still accommodate your needs. Please call 952-831-2000, x.102, to talk through options.
Thank you for your understanding, and be in good health.
