GUIDING BODIES: U.S.A. Cycling, National Off-Road Bicycle Association (NORBA)

SPORT DESCRIPTION:

This event is comprised of a variety of trail challenges. There can be single-track, doubletrack, grassy runs, rooted paths, rocky climbs, gravel road connectors, fast descents, and water crossings. Sections of the trail will run along the beautiful Lake of the Ozarks. The trail will be between 5 and 15 miles depending on the trail conditions as the race approaches. The trails are established throughout the Lake of the Ozarks State Park. There will be a mass open start with a short road run to spread the racers before hitting the trails. The race is designed to challenge riders of all ages and abilities. The racers shall complete the entire race on the same bicycle upon which the even was begun.
