Subject: FW: Wyoming's New Licensing Supervisor

Diana,

I am happy to announce the Wyoming Department of Insurance has hired **Kayla Reynolds as our new Licensing Supervisor**. Kayla comes to us from the Iowa Division of Insurance. We are happy she has joined our team. I have been promoted to a different section in the Department but will be training and guiding Kayla for the months to come as she learns the Wyoming way. I am hopeful we can get her added as new SILA member and updated in the directory. Please let me know if you have any questions.
