Kargo Master Pro III Full Size Van Ladder Rack

The Kargo Master Pro III Series Ladder Rack has one of the most unique rack designs in the market. The Pro III Ladder Rack is designed with adjustable front feet that allow the rack to fit full size cargo van such as Ford Transit low roof van. Best of all, no drilling is required for installation. The Kargo Master Pro III Ladder Rack is built with 1-5/8" diameter round steel tubes that offer excellent loading capacity. The sleek round tube design significantly reduces wind drag and noise and creates an uniform load distribution that results in a sturdier rack. All Kargo Master racks are treated with zinc primer and marine grade powder coat to achieve excellent corrosion and UV resistance. The Kargo Master Pro III Series Ladder Rack is a high quality rack that comes with an affordable price tag.
