

WORLD FIGURE 8® ALL STAR ALTERNATES

These drivers did not make the starting field of their 3-Hour Figure 8 and came from the unique alternate starters line. Each did not let that keep them down and drove great races to earn a coveted a top five or top ten finish at the checkered flag. The starting field consisted of 24 cars from 1977-1984, 28 cars from 1985-2006 and 2015-now. From 2007-2014, 32 cars started.
