year olds, and Wednesdays
9-12pm for 2-3 year olds

General Information

Thank you for your interest in our performing arts preschool program. We are thrilled to be able to offer this program to the youngest of performers.

Students will have a well balanced curriculum with equal amounts of teacher lead instruction, and student lead exploration. We use Creative Curriculum in addition to our arts instructional classes, which take place daily in the following disciplines; Art, Drama, and Music or Dance. Our learning environment will be set up for exploration, of varying subjects based on our monthly themes. Each day will also highlight a literary theme that will be connected to all projects and classes on that particular day. Students are not required to be potty-trained to attend our program.

Our program will have a maximum
